STRATEGIC REPORT

The directors present their Strategic report on Momentum Metropolitan Holdings (UK) Limited (the "Company") for the year ended 30 June 2021.

Review of the Business

The Company acts as an intermediate holding company for investments in international subsidiary companies of the Momentum Metropolitan Holdings Ltd group.

The Company was incorporated on 7 November 2013 and is a wholly owned subsidiary undertaking of Momentum Metropolitan Strategic Investments (Pty) Limited, a South African incorporated entity whose parent is Momentum Metropolitan Holdings Limited, which in turn is listed on the Johannesburg Stock Exchange in South Africa.

During the year the Company converted a loan to Hub Investment Holdings Ltd to equity with a value of £1,193,450. Furthermore, following favourable funding rounds of Hub Investment Holdings Ltd the Company accounted for the fair value of the options at a value of £8,376,091, which was previously valued at £nil. Various drawdowns were settled by the Company on its commitments to the Anthemis Venture Fund 1 LP and the Anthemis Exponential Ventures LLP.

The operating loss for the year was £1,601,275 (2020: operating profit £2,818,098). The total comprehensive profit for the year was £9,271,276 (2020: £1,128,034). The total assets as at the end of the year were £52,865,280 (2020: £37,935,997). The net equity as at the end of the year was £17,276,616 (2020: £8,005,340).

Principal Risks and Uncertainties

The principal risks faced by the Company are (1) poor financial performance by its subsidiaries which could increase working capital requirements, (2) foreign exchange movements relating to cash, creditors and debtors which are not based in functional currency, (3) fall in the market value of investments and (4) reputational and other issues in one or more of the companies in which it has invested, that could result in a permanent diminution in the value of its investments.

The Company monitors its principal risks through its Enterprise Risk Management Framework together with board and / or management representation in its subsidiaries. Unrealised fair value gains / losses on its investments are assessed against the investment objectives of each of the investments.

A letter of support from its parent, Momentum Metropolitan Strategic Investments (Pty) Limited, does provide comfort to the Company should it be needed to fulfil its obligations.

Key Performance Indicators (KPIs)

The key measure of success for the Company relates to the underlying performance of its subsidiary companies / investments. Hence, given the nature of the Company as an intermediate holding company of the MMH Group, the directors are of the opinion that a more detailed analysis using KPIs is not necessary for an understanding of the development, performance or position of the Company.

On behalf of the Board

F van Heerden

Director

9 March 2022

DIRECTORS' REPORT

The directors present their annual report together with the audited financial statements of the Company for the year ended 30 June 2021.

Share Capital

The total number of issued ordinary shares is 22,359,144 (2020: 22,359,144)

Financial Risk Management

The financial risk management objectives and policies of the Company are disclosed in Note 2 to the financial statements.

Dividends

No dividend is proposed for the year ending 30 June 2021, and none was paid during the current year (2020: £nil).

Policy and Practice on Payment of Creditors

The Company does not follow any code or standard on the payment of its creditors. The Company's policy is either to abide by the suppliers' terms or to agree terms of payment when agreeing the terms of a transaction with a supplier.

Directors

The directors who held office during the year and up to the date of signing the financial statements are given below:

- F van Heerden
- N Dunkley (resigned 26 March 2021)
- P Mann (resigned 26 March 2021)
- J Marais (resigned 26 March 2021)
- J Barnard
- G Kruger (appointed 26 March 2021)
- D Lashbrook (appointed 26 March 2021)
- D von Staden (appointed 26 March 2021)

Directors' Interests and Indemnity Arrangements

At no time during the year did any director hold a material interest in any contract of significance with the Company other than indemnity insurance cover for all directors of the Company.

The Company has purchased and maintained throughout the year and up to the date of this report, director and officers' liability insurance in respect of itself and the directors via the Momentum Metropolitan Group Insurance scheme.

DIRECTORS' REPORT (continued)

Directors' Emoluments

All the directors who were in office during the year were employed and paid by companies within the Momentum Metropolitan Holdings Limited group and their directorships were held as part of that employment. No director received any emoluments or other benefits from the Company or from any other company in the Momentum Metropolitan Holdings Limited group, in respect of services to the Company.

Future Developments

The Company will continue its normal activities as an intermediate investment holding company for the foreseeable future, focused on the subsidiaries and investments of the Company.

Going Concern

The Company is in a net asset position at the end of the current financial year as at 30 June 2021. Notwithstanding this, the Company has received a letter of support from its parent Momentum Metropolitan Strategic Investments (Pty) Limited, who intend to support the Company for at least one year after these financial statements are signed, should this be required.

Given this, the directors believe that preparing the financial statements on a going concern basis is appropriate. Following the finalization of the annual financial results and an assessment of the principal risks of the Company, including the uncertainties surrounding the Covid-19 pandemic, the directors confirm that they have not identified any material uncertainties that may cast significant doubt about the ability of the Company to continue as a going concern.

The financial statements have therefore been prepared on a going concern basis.

Events after the reporting period

In August 2021, the company acquired a further 19,861 shares in Momentum Africa Investment Management Ltd.

Statement of Directors' Responsibilities

The directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. The directors have prepared the financial statements in accordance with International Financial Reporting Standards (IFRSs) in conformity with the requirements of the Companies Act 2006. Under Company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable IFRSs have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

, DIRECTORS' REPORT (continued)

Statement of disclosure of information to Auditors

The auditors, Ernst & Young LLP, have indicated their willingness to continue in office and a resolution concerning their re-appointment was proposed and approved at the last Annual General Meeting.

In the case of each of the persons who are directors of the Company at the date when this report was approved:

- so far as each of the directors are aware, there is no relevant audit information (as defined in section 418(3) of the Companies Act 2006) of which the Company's auditors are unaware; and
- each of the directors has taken all steps that they ought to have taken as directors to make themselves aware of any relevant audit information (as defined in section 418(3) of the Companies Act 2006) and to establish that the Company's auditors are aware of that information.

On behalf of the Board

F van Heerden

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF MOMENTUM METROPOLITAN HOLDINGS (UK) LIMITED

Opinion

We have audited the financial statements of Momentum Metropolitan Holdings (UK) Limited ("the Company") for the year ended 30 June 2021 which comprise the Statement of financial position, the Statement of comprehensive income, the Statement of changes in equity, the Statement of cash flows and the related notes 1 to 17, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and International Accounting Standards in conformity with the requirements of the Companies Act 2006.

In our opinion, the financial statements:

- give a true and fair view of the Company's affairs as at 30 June 2021 and of its profit for the year then ended;
- have been properly prepared in accordance with International Accounting Standards in conformity with the requirements of the Companies Act 2006; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the group's ability to continue as a going concern.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in this report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- · certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit

Responsibilities of directors

As explained more fully in the directors' responsibilities statement set out on page 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect irregularities, including fraud. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below. However, the primary responsibility for the prevention and detection of fraud rests with both those charged with governance of the entity and management.

- We obtained an understanding of the legal and regulatory frameworks that are applicable to the company and determined that the most significant are in conformity with the requirement of the reporting framework, International Financial Reporting Standards, the Companies Act 2006, and the relevant direct and indirect tax compliance regulation in the United Kingdom.
- We understood how the Company is complying with those frameworks by making enquiries of management and by obtaining representation from those charged with governance. We corroborated our understanding by reviewing board meeting minutes of the Directors and relevant policy and procedure manuals.
- We assessed the susceptibility of the Company's financial statements to material misstatement, including how fraud might occur by considering risk of management override. We performed journal entry testing by specific risk criteria, with focus on journals indicating large or unusual transactions based on our understanding of the business.
- Based on this understanding we designed our audit procedures to identify non-compliance with such laws and regulations. Our procedures involved enquiries of management and those charged with governance for their awareness of non-compliance with laws and regulations. We corroborated our enquiries through our review of board meeting minutes and review a sample of legal and professional expenses.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Ernst + Young LLP

David Reeves (Senior statutory auditor) for and on behalf of Ernst & Young LLP, Statutory Auditor London 09 March 2022

General information

Momentum Metropolitan Holdings (UK) Limited (the "Company") is a private company limited by shares, incorporated in the United Kingdom and registered in England. The address of its registered office is The Rex Building, 62 Queen Street, London, EC4R 1EB.

1. Accounting policies

Accounting convention

The principal accounting policies applied by the Company in the preparation of these financial statements are set out below. These policies have been consistently applied, unless otherwise stated

Basis of presentation

The Company's financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS), interpretations issued by the IFRS Interpretations Committee (IFRIC) applicable to companies reporting under IFRS and the requirements of the Companies Act 2006. The financial statements comply with IFRS in conformity with the requirements of the Companies Act 2006.

The Company prepares its financial statements on a going concern basis using the historical cost basis as modified by the recognition of certain financial assets and liabilities measured at fair value.

The preparation of audited financial statements in conformity with IFRS, requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the accounting policies.

New standards and amendments to published standards effective in the year

Published standards, amendments and interpretations effective for the financial period ended 30 June 2021

Effective annual periods beginning on or after	Description
1 January 2020	IFRS 3 (Amendments) - Definition of a business
1 January 2020	IFRS 9, IAS 39 and IFRS 7 (Amendments) - Interest rate benchmark reform
1 January 2020	IAS 1 and IAS 8 (Amendments) - Definition of material
1 January 2020	IASB revision of the Conceptual Framework for Financial Reporting
1 April 2021	IFRS 16 (Amendment) - Covid-19-Related Rent Concessions beyond 30 June 2021

1. Accounting policies (continued)

New standards and amendments to published standards effective in subsequent years

Effective annual periods beginning on or after	Title
1 January 2021	IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 (Amendments) - Interest Rate
	Benchmark Reform - Phase 2
1 January 2022	IFRS 3 (Amendments) - Reference to the Conceptual Framework
1 January 2022	IAS 16 (Amendments) - Property, plant and equipment: Proceeds before intended use
1 January 2022	IAS 37 (Amendments) - Onerous Contracts – Costs of fulfilling a contract
1 January 2023	IFRS 17 - Insurance contracts
1 January 2023	IAS 1 (Amendments) - Classification of liabilities as current or non-current
1 January 2023	IAS 8 (Amendments) - Definition of Accounting Estimates
1 January 2023	IAS 1 and IFRS Practice Statement 2 (Amendments) - Disclosure of Accounting Policies
1 January 2023	IAS 12 (Amendments) – Deferred Tax related to Assets and Liabilities arising from a Single Transaction
Annual improvements	2018-2020 cycle
1 January 2022	IFRS 1 - First-time Adoption of International Financial Reporting Standards:
. ·	Subsidiary as a first-time adopter
1 January 2022	IFRS 9 - Financial Instruments: Fees in the '10 per cent' test for derecognition of financial liabilities
1 January 2022	IAS 41 - Agriculture: Taxation in fair value measurements

Management is currently assessing the impact of these improvements, but they are not expected to have a material impact on the company's financial statements.

1. Accounting policies (continued)

Consolidated financial statements

The Company is a wholly owned subsidiary of Momentum Metropolitan Strategic Investments (Pty) Limited and is included in the consolidated financial statements of its ultimate parent, Momentum Metropolitan Holdings Limited, which are publicly available. Consequently, the Company has taken advantage of the exemption from preparing consolidated financial statements under the terms of Section 400 of the Companies Act 2006 and IAS 27 "Consolidated and separate financial statements" paragraph 10. Investments in subsidiaries are carried at cost less impairments.

Subsidiaries

The acquisition method of accounting is used to account for the acquisition of subsidiaries/business combinations. The cost of a business combination is the fair value of the purchase consideration given at the date of acquisition. Shares in subsidiary undertakings are stated at cost less impairments. The Company reviews the carrying value of its subsidiaries at each balance sheet date where there has been an indication that impairment has occurred. If the carrying value of a subsidiary undertaking or fixed asset is impaired, the carrying value is reduced through a charge to the statement of comprehensive income.

Financial assets

The Company classifies at initial recognition its financial assets at fair value and subsequently measures them at amortised cost or fair value through profit and loss.

(a) Financial assets at amortised cost

For a financial asset to be classified and measured at amortised cost it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level. If this test is not met, the assets are classified and measured at fair value through profit or loss, irrespective of the Company's business model. Financial assets classified and measured at amortised cost are held within a business model with the objective to hold financial assets in order to collect contractual cash flows:

Financial assets at amortised cost are initially recognised at fair value plus transaction costs and subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

The Company's financial assets at amortised cost comprise of trade receivables, related party loans and a loan with Hub Investment Holdings Ltd ("Moneyhub") valued at £0 which was converted into shares and options in 2021. It does not hold any third-party loans and all the receivables are included in non-current assets in the statement of financial position.

(b) Financial assets at fair value through profit or loss

Financial assets carried at fair value through profit and loss are initially recognised at fair value and transaction costs are expensed in the statement of comprehensive income. Subsequently, these are carried in the statement of financial position at fair value with net changes in fair value recognised in the statement of profit or loss.

Gains or losses arising from changes in the fair value of the financial assets at fair value through profit or loss category are presented in the statement of comprehensive income within 'other gains / losses – net' in the period in which they arise.

Where the Company has no controlling interest in the company that it has invested in and therefore not a subsidiary, this will be treated as financial assets at fair value through profit or loss.

1. Accounting policies (continued)

Financial assets (continued)

Regular purchases and sales of financial assets are recognised on the trade date – the date on which the Company commits to purchase or sell the assets.

Financial assets are derecognised when:

- (i) the right to receive cash flows from the investments has expired or been transferred, or
- (ii) the Company has transferred substantially all risks and rewards of ownership.

IFRS 9 requires an entity to record an ECL provision for all financial assets measured at amortised cost or fair value though other comprehensive income. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include all cash flows that are integral to the contractual terms. Management has considered this requirement and noted that the ECL provision is immaterial and as such has not recorded this provision.

For trade receivables, the Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date.

The Company's financial assets at fair value through profit or loss comprises the investment in Anthemis Venture Fund 1 LP.

Trade and other payables and loans

Trade and other payables and loans are recognised initially at fair value and subsequently measured at amortised cost.

Taxation

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred taxation

Deferred taxation is provided on the balance sheet liability method. Deferred tax assets / liabilities are recognised for all temporary difference by applying corporate tax rates to the temporary differences existing at each balance sheet date, between the tax values of assets and liabilities and their current carrying amounts, where such temporary differences are expected to result in taxable or deductible amounts on determining taxable income for future periods when the carrying amount of those assets or liabilities are recovered or settled.

Deferred tax liabilities are recognised in respect of all timing differences that exist at the reporting date.

Deferred tax assets are recognised when it is probable that taxable profits will be available against which the deferred tax asset can be utilised. Deferred tax assets and liabilities are not discounted.

Foreign currency translation

(a) Functional and presentation currency

The financial statements are presented in Pound Sterling, which is the Company's functional and presentation currency.

(b) Transactions and balances

Foreign currency monetary assets and liabilities are translated into the functional currency using the exchange rates prevailing at year end, in line with rates received by Momentum Metropolitan Holdings Limited from a third party source.

Foreign currency transactions are translated into the functional currency using the month end rates received by Momentum Metropolitan Holdings Limited from a third party source.

1. Accounting policies (continued)

Foreign currency translation continued)

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies, are recognised in the statement of comprehensive income.

Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less and bank overdrafts

Administrative expenses

Expenses are accounted for on an accrual basis.

Significant judgements

The Company has a \$5 million commitment in Anthemis Ventures Fund I LP, a £1.2 million investment in Hub Investment Holdings Ltd and an agreement to exercise option with Hub Investment Holdings Ltd with a value of £8.4 million. These assets are classed as Level 3 assets, being assets where the observable prices are not available. As at 30 June 2021, the Company had invested in the Level 3 assets with a market value of £15.1m which have no observable market data. The valuations are based on assumptions of the fund managers as private equity investments are generally based on earnings multiples. For these instruments, a sensitivity analysis is presented in note 2 of the accounts.

2. Financial Risk Management

2.1 Financial Risk Factors

The Company's activities expose it to several financial risks – market risk (including foreign exchange risk and interest rate risk), credit risk, liquidity risk and non-financial risks – mainly being reputational risk. Reputational risk is a key focus of the Company's senior management and of its governance and compliance structures.

The Risk Management Policy and risk appetite are set by the Board. The Audit and Risk Committee is established and authorised by the Board and responsible for managing the Company's risk and implementing the Company's Risk Management Policy formulated by the Board. The identification, measurement, assessment, mitigation and monitoring of risk is coordinated by the Operations Department and Compliance & Risk Function.

(a) Market risk

(i) Foreign exchange risk

The Company is exposed to foreign exchange risk arising from the United States Dollar, Euro and South African Rand as well as cash and outstanding loans.

(ii) Interest rate risk

Other than cash at bank, exposures to the assets of the collective investment scheme and the loans to and from group undertakings, the Company has no significant interest-bearing assets or liabilities.

(b) Credit risk

Credit risk arises from cash and cash equivalents and credit exposures on outstanding receivables. The accounts receivable relate to related party loans thus overall credit risk is inherently low. The provision for impairment against trade receivables amounted to nil (2020: £364,610). The impairment in 2020 was due to the revaluation of assets in Momentum Africa Investments Management Ltd.

2. Financial Risk Management (continued)

2.1 Financial Risk Factors (continued)

(c) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash to enable the Company to meet its liabilities as and when they fall due. This is done by a regular review of cash balances on the basis of expected cash flows.

At 30 June 2020	Less than 1 year £	Between 1 and 5 years £
Trade and other payables	6,654,375	22,604,286
	Less than	Between 1
'At 30 June 2021	1 year £	and 5 years £
Trade and other payables	7,142,161	27,851,458

2.2 Sensitivity Analysis

The sensitivity analysis shows the exposure of the Company's post tax profits and losses to changes in key variables, which are considered to be changes in foreign exchange rates and market values of investments.

A large proportion of the Company's cash, loans receivable, investments and liabilities are held in United States Dollars. If the functional currency had weakened / strengthened by 10% against the United States Dollar during the year to 30 June 2021, with all other variables held constant, pre-tax profit for the year would increase / (decrease) by £611,554 / (£500,362) (2020: £256,922 / (£210,209)).

There is also exposure to the Euro through loans with related parties (included in Note 15). If the functional currency had weakened / strengthened by 10% against the Euro during the year to 30 June 2021, with all other variables held constant, pre-tax profit for the year would increase / (decrease) by £3,408,415 / (£2,788,703) (2020: £3,164,219 / (£2,588,907)).

There is also exposure to the South African Rand through loans with related parties (included in Note 15). If the functional currency had weakened / strengthened by 10% against the Rand during the year to 30 June 2021, with all other variables held constant, pre-tax profit for the year would (decrease) / increase by (£2,650,465) / £2,168,562 (2020: (£2,016,028) / £1,649,477).

The Company has shares in Hub Investment Holdings Ltd ("Moneyhub"), The fair valuation of Moneyhub is determined under the guidance of the International Private Equity and Venture Capital Valuations Guidelines. The valuation of the option as at end of June 2021 was based on the weighted average price of the ordinary shares from the latest funding round. If the price of the shares weaken / strengthen by 10% against the price at 30 June 2021 the unrealised gain/(loss) on investment would (decrease) / increase by £125,458.

The Company also has an option to receive shares in Moneyhub, exercisable at a future date. The valuation of the option as at end of June 2021 was based on the weighted average price of the ordinary shares from the latest funding round. If the price of the shares weaken / strengthen by 10% against the price at 30 June 2021 the unrealised gain/(loss) on investment would (decrease) / increase by £831,496.

The Company also has a commitment in Anthemis Ventures Fund I LP. If the Fair value of the investment (decreases) / increases by 10% against the value at 30 June 2021, the net amount of the fair value of the investment would (decrease) / increase by \$756,765.

2.3 Capital risk management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for the shareholder and benefits for other stakeholders and to maintain an optimal capital structure. To maintain or adjust the capital structure, the Company may adjust the amount of dividend paid to shareholders, return capital to shareholders, issue new shares or capitalise existing loans.

2. Financial Risk Management (continued)

2.4 Fair Value Estimation

Financial instruments carried at fair value should be analysed by valuation method. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1);
- Inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2);
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

The Company has Level 3 investments as shown below:

At 30 June 2020	Level 1	Level 2	Level 3	Total
Assets Financial assets at fair value through profit or loss	£	£	£	£
- Equity Investments	-		4,207,535	4,207,535
Total assets		-	4,207,535	4,207,535
At 30 June 2021	Level 1	Level 2	Level 3	Total
Assets Financial assets at fair value through profit or loss	£	£	£	£
- Equity Investments	-	-	6,678,592	6,678,592
- Derivative Investments - Options	· -	-	8,376,091	8,376,091
Total assets	-	-	15,054,683	15,054,683

The following table presents the movement in Level 3 instruments for the current and prior years.

2021 £	2020 £
4,207,535	3,081,062
10,925,853	1,006,957
491,996	351,876
(124,800)	(313,715)
(445,901)	81,355
15,054,683	4,207,535
	£ 4,207,535 10,925,853 491,996 (124,800) (445,901)

The fair value movement is unrealised gains for level 3 assets held at year end and are included in the Other gains / (losses) – net and Reversal of impairment in the Statement of Comprehensive Income (page 12).

The fair value movement for 2021 includes the unrealised gain of the shares in Moneyhub of £1,193,450 (2020: £nil) and the option in Moneyhub £8,376,091 (2020: £nil).

2. Financial Risk Management (continued)

2.4 Fair Value Estimation (continued)

As part of the final sales agreement of Hub Investment Holdings Ltd ("Moneyhub"), the company has acquired equity shares in Moneyhub with a fair value at 30 June 2021 of £1,193,450. The valuation of the shares was based on the weighted average price of ordinary shares from the latest funding round. The Company also retained an option for shares in Moneyhub, exercisable at a future date. Based on the performance of Moneyhub and its accounts, the Company has determined that the fair value of this option is £8,376,091 as at 30 June 2021 (2020: nil). The fair valuation of Moneyhub is determined under the guidance of the International Private Equity and Venture Capital Valuations Guidelines. The valuation of the option as at end of June 2021 was based on the weighted average price of the ordinary shares from the latest funding round. The results of price sensitivity are captured in Note 2.2 Paragraphs 5 and 6.

The fair valuation of the underlying investments in Anthemis Ventures Fund I LP (AVF I LP) are determined under the guidance of the International Private Equity and Venture Capital Valuations Guidelines for all the Level 3 investments. The fair value in AVF I LP is based on the Company's commitment percentage of the net asset value position of the fund. The Company produces a sensitivity analysis on its percentage ownership of these investments. The results are captured in Note 2.2 Paragraph 7.

3. Investment in subsidiaries

	•	3,693,632	2,670,423

5. Financial assets at fair value through profit or loss

Financial instruments are carried on the balance sheet at their fair value. The table below shows the fair value of all financial instruments and the carrying amount on the balance sheet. The fair value is the amount for which a financial asset could be exchanged between knowledgeable willing parties.

			2021	2020
			£	£
Anthemis Venture Fund I LP		:	5,485,142	4,207,535
Hub Investment Holdings Ltd			9,569,541	-
		•	15,054,683	4,207,535

		· · · · · · · · · · · · · · · · · · ·	34,993,619	29,258,661

9. Deferred tax liability

The substantively enacted UK Corporation tax rate applicable during the year was 19%. The closing deferred tax liabilities have been calculated at 19%.

The main UK corporation tax rate will increase to 25% from 1 April 2023. This change was substantively enacted in May 2021.

As a result, existing temporary differences on which deferred tax has been provided may unwind in periods subject to the 25% rate. The impact of the post balance sheet date change in tax rate is not expected to be material.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income taxes relate to the same fiscal authority. The offset amounts are as follows:

	2021	2020
Deferred tax Liabilities:	£	£
- Deferred tax liability to be settled after more than 12 months	595,045	181,834
Deferred tax liability (net)	595,045	181,834
-	•	
The gross movement on the deferred income tax account is as follows:		
	2021	2020
	£	£
At 1 July	181,834	•
Income statement change	413,211	181,834
At 30 June	595,045	181,834

10. Administrative expenses

Operating profit / (loss) are determined after the following into account:

	2021 £	2020 £
Group recharges - office rent	_	150,960
Staff related costs	35,000	35,000
Fees payable to the Company's auditor for the audit of the financial		ŕ
statements		•
- Audit related assurance services	28,000	10,902
Fees payable to the Company's auditor for other services		
- Non audit services	(3,300)	10,700
Professional fees	10,000	(8,433)
Other expenses	-560	1,357
	70,260	200,486

The directors of the Company are paid by Momentum Global Investment Management Limited, an entity under the common control of Momentum Metropolitan Holdings Limited, for the services that they provide to entities across the group.

The Company did not make any payments to the directors in the year (2020: £nil), and no allocations of their payments is done across the various entities within the group.

The entity has a corporate tax asset in the financial year ending on 30 June 2021 due to the deferring on unrealised gains from Anthemis Ventures Fund I LP.

15. Related parties

The Company defines related parties as:

- · The parent Company,
- Associate companies;
- Joint ventures;
- · Fellow subsidiaries;
- Subsidiary undertakings;
- Key management personnel as the Board of Directors;
- Close family members of key management personnel (individual's spouse/domestic partner and children; domestic partner's children and dependants of the individual or domestic partner); and
- Enterprises which are controlled by these individuals through their majority shareholding or their role
 as chairman and/or CEO in those companies.

The Company is controlled by Momentum Metropolitan Strategic Investments (Pty) Limited, which owns 100% of the ordinary shares. The ultimate parent Company is Momentum Metropolitan Holdings Limited (incorporated in South Africa)

The Company has been provided with a letter of support from Momentum Metropolitan Strategic Investments (Pty) Limited.

The ultimate parent undertaking and the smallest and largest group to consolidate these financial statements is Momentum Metropolitan Holdings Limited.

Copies of Momentum Metropolitan Holdings Limited consolidated financial statements can be obtained from its Company secretary at 268 West Avenue, Centurion, 0157, South Africa.

In 2021 the USD loan and the majority of the ZAR loan between the Company and Momentum Metropolitan Finance Company (Pty) Ltd was transferred to Momentum Metropolitan Strategic Investments (Pty) Ltd.
