NOTES TO THE ABBREVIATED ACCOUNTS
PERIOD FROM 26 NOVEMBER 2013 TO 30 NOVEMBER 2014

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of certain fixed assets, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Fixed assets

All fixed assets are initially recorded at cost.

Depreciation

In accordance with Financial Reporting Standard for Smaller Entities, no depreciation is provided in respect of Freehold Investment Property. This departure from the requirements of the Companies Act 2006, for all properties to be depreciated, is necessary, as the directors consider that this accounting policy results in the financial statements giving a true and fair view.

Investment properties

Investment property is included in the Balance Sheet at directors' estimation of open market value.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Financial instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.
