- o the amount of revenue can be measured reliably;
 - o it is probable that the Company will receive the consideration due under the contract;
 - o the stage of completion of the contract at the end of the reporting period can be measured reliably;

The company has entered into basic financial instruments and transactions that result in the recognition of financial assets and liabilities like other debtors, creditors, hire purchase and loans to related parties.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the profit and loss.
