The director of the company has elected not to include a copy of the income statement within the financial statements.

UK Safety Management Ltd

Statement of financial position (continued)

as at 30 September 2021

For the financial year ended 30 September 2021 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

The director acknowledges his responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of financial statements.

The members have not required the company to obtain an audit of its financial statements for the year in question in accordance with section 476.

These financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

The financial statements were approved and signed by the director and authorised for issue on 4 March 2022

M J Devlin

Director

Company Registration No. 08817304

UK Safety Management Ltd
Notes to the financial statements
for the year ended 30 September 2021

1 Accounting policies

Accounting convention

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006 as applicable to companies subject to the small companies regime. The disclosure requirements of section 1A of FRS 102 have been applied other than where additional disclosure is required to show a true and fair view.

The financial statements are prepared in sterling, which is the functional currency of the company.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

Turnover

Turnover represents the fair value of the consideration received for goods and services provided in the normal course of business, and is shown net of VAT. Turnover is recognised upon the provision of services.

Intangible fixed assets - goodwill

Goodwill represents the excess of the cost of acquisition of businesses over the fair value of net assets acquired. It is initially recognised as an asset at cost and is subsequently measured at cost less accumulated amortisation and accumulated impairment losses. Goodwill is considered to have a finite useful life and is amortised on a systematic basis over its expected life, which is 10 years.

Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost less depreciation.

Depreciation is recognised so as to write off the cost of assets less their residual values over their useful lives on the following bases:

Fixtures, fittings & equipment	- 20% reducing balance
--------------------------------	------------------------

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

Deferred tax

Deferred tax liabilities are generally recognised for all timing differences are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Such liabilities are not recognised if the timing difference arises from goodwill or from the initial recognition of liabilities in a transaction that affects neither the tax profit nor the accounting profit.

Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

Leases

Rentals payable under operating leases, including any lease incentives received, are charged to income on a straight line basis over the term of the relevant lease.
