R A Hall - Director

**Notes to the Financial Statements
for the Year Ended 31 March 2021**

1. STATUTORY INFORMATION

North West Asset Finance Ltd is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006.

3. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements have been prepared under the historical cost convention.

Going Concern

During the period the company met its day to day working capital requirements by way of the financial support of its parent company. The holding company has agreed to continue to support the company by way of loans to the company.

On this basis, the director considers it appropriate to prepare the accounts on the going concern basis. The financial statements do not include any adjustments that would result from a withdrawal of this support.

Turnover

Turnover represents contractual interest and fees earned in line with the term and size of loan. Interest income consists of interest calculated on a daily basis. Other fee income is recognised at the point when these fees become applicable to a specific loan agreement, for example on arrangement or at the point of default.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

4. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 1 (2020 - 1) .
