**LAWES AGRICULTURAL TRUST**  
**REPORT OF THE TRUSTEES**  
**FOR THE YEAR ENDED 31 MARCH 2022**

The Trustees present their Report and Financial Statements of the Lawes Agricultural Trust ("the Trust", "The Charity" or "LAT") for the year ended 31 March 2022. The Financial Statements have been prepared in accordance with FRS 102 (The Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)) under the historic cost convention as modified by the revaluation of investments. The financial statements meet the requirements of the Companies Act 2006, the Statement of Recommended Practice – Accounting and Reporting by Charities (Charities SORP (FRS 102)) and applicable accounting standards so far as these requirements are appropriate. The charity is a public benefit entity as defined by FRS 102.

**Structure, Governance and Management**

The Trust is an incorporated charity and company limited by guarantee registered on 19 February 2014. It traces its origin to a Trust that was established in 1889 by the Declaration of Trust of Sir John Bennet Lawes FRS, who founded Rothamsted Experimental Station in 1843. The original trust was a registered charity, under the Number 208228. From April 2014 Lawes Agricultural Trust (Charity Number 1156150; Company Number 8901784) assumed all of the activities previously undertaken by the original and its corporate trustee.

The Trustees of the Lawes Agricultural Trust during 2021/22 and up to the date of this report were:

- Dr Tina Barsby
- Professor Sir David Baulcombe FRS
- Dr Graham Birch (Chairman)
- Professor Sir Charles Godfray FRS
- Sir Peter Kendall
- Mr Will Gemmill
- Mr Richard Percy

Company Secretary: Peter Oxley

The Trustees are also Directors of the incorporated entity for the purposes of Company Law and do not receive remuneration for these roles. The Trustees meet regularly to consider policy, research, administrative matters and risks.

The Trust's Conflict of Interest policy reinforces Article 11 of the Trust's Articles of Association, and states that the Trust's assets may only be used for the purpose of promoting the Trust's charitable object and Trustees may not receive any financial or non-financial benefit (directly or indirectly) from the Trust. A register of Trustee-Directors' interests is maintained and reviewed regularly.

The Trustees keep the Board's composition and balance of skills under constant review. Key areas considered of importance include experience at the highest level in terms of scientific achievement, large estate / property management, farming and food business, international science (including developing countries), investment and political awareness.

New Trustees receive a comprehensive induction on site, conducted by the Chairman and Company Secretary; in particular highlighting scientific involvement, estate responsibilities, historical matters and urgent issues that are facing the Trustees. Training relevant to charity law and other matters as appropriate to the individual is offered.

The Investment Committee is a sub-committee of the Board, whose role is to critically examine and liaise with the Trust's investment advisors, and its members are Dr Graham Birch and Mr Richard Percy. A Remuneration Committee has also been established to review and recommend remuneration for the Executive Director. The Remuneration Committee comprises Dr Graham Birch and Dr Tina Barsby.

**LAWES AGRICULTURAL TRUST**  
**REPORT OF THE TRUSTEES**  
**FOR THE YEAR ENDED 31 MARCH 2022**

The Trust, along with other activities, principally supports Rothamsted Research Limited ("Rothamsted Research"), an incorporated charity that occupies and operates its agricultural research activities from land and buildings belonging to the Trust. These research activities are directed by the Institute Director of Rothamsted Research: this position is currently held by Dr Angela Karp.

The Trust is a Corporate Member of Rothamsted Research, along with the Biotechnology and Biological Sciences Research Council ("BBSRC" – now a part of UKRI) and the Chair of the Board of Trustee-Directors for Rothamsted Research. The role of these Members is defined through a Members' Agreement that describes how this tripartite arrangement recognises the critical contribution in land and buildings (from LAT) and funding (from UKRI-BBSRC) to the well-being of Rothamsted Research and, achieving this through an arms-length stance, does not seek to unduly influence the strategic direction of Rothamsted Research. The Chairman of the LAT Board attends Rothamsted Research Board meetings as an Observer.

The Trust provides an annual voluntary contribution, by way of a grant, to Rothamsted Research – referred to as the "Director's Vote". This contribution is provided to the Institute Director of Rothamsted Research to assist in overseeing and running those research interests which would otherwise not be available for external grant funding.

The Trust's Key Management Personnel are considered to be the Trustees (who receive no remuneration) and the Executive Director / Company Secretary. The latter's remuneration is agreed by the Trustees and Chairman of LAT based on the recommendation of the Remuneration Committee.

**Assets**

In Harpenden, Hertfordshire, the Trust owns:

- the Rothamsted Estate (330 ha) incorporating a laboratory complex comprising research and administrative buildings and facilities (7 ha) and an extensive experimental farm on most of the rest of the area;
- a Grade I listed building dating from the 13<sup>th</sup> century (Rothamsted Manor);
- 51 houses and cottages on the estate and in the town of Harpenden;
- 5 larger residential properties comprising multiple units: AnoVa Court, De Ramsey Court, Southwood Court, Lawes Court and 1 Ninnings.

The Trust also owns an experimental farm (77 ha) at Broom's Barn in Suffolk, which includes related laboratory buildings and 6 residential properties.

The majority of properties are utilised by Rothamsted Research for its research activities, or as residential accommodation for its staff and PhD students. Properties that are surplus to Rothamsted Research's requirements are let on fully commercial terms to third parties and defined as "investment properties".

The majority of the experimental lands, buildings and facilities owned by the Trust are occupied under a bare licence by Rothamsted Research and the buildings and facilities are included in that organisation's Balance Sheet at historic cost to Rothamsted Research.

The Trustees consider the open market value on an alternative use basis of these assets to be materially in excess of book value. Over many years it has been the custom for buildings not required by Rothamsted Research to be handed over to LAT for the latter to maximise its income.

**LAWES AGRICULTURAL TRUST**  
**REPORT OF THE TRUSTEES**  
**FOR THE YEAR ENDED 31 MARCH 2022**

During 2021/22 the Trust has continued to be very closely involved with the strategy and direction of Rothamsted Enterprises Limited (REL). REL is a joint venture between the Trust (40%), Rothamsted Research (40%) and UKRI / BBSRC (20%) and is aimed at attracting scientifically-based companies and organisations involved in the agricultural arena – large and small, new and established – to establish a cluster of like-minded organisations at Rothamsted.

The Trust is currently promoting for release for potential residential development a number of fields: namely Black Horse, Bylands, Meadow, Osier and Ver, totalling approximately 40 hectares and collectively referred to as “Land North-East of Redbourn”. To this end the Trust entered into, on 29 October 2021, a promotion agreement with Lands Improvement Holdings (LIH) in relation to the Land North-East of Redbourn. The Trust is working closely with LIH to promote the land for inclusion in St Albans City & District Council’s (“SACDC”) emerging Local Plan, which is currently in progress and timetabled for adoption in the autumn of 2025. The intention would be to dispose of this land to third parties for primarily residential development purposes, together with allocations for educational, social and employment purposes. The proceeds from this disposal would be applied directly to the Trust’s charitable objects, including enabling investment in the Rothamsted campus and providing funding for the ongoing research activities of Rothamsted Research.

On 23 October 2020, the Trust exchanged contracts for the disposal of a 0.6ha site on the boundary of the estate at Hatching Green to a third party, following an extensive marketing campaign. Completion on this disposal was achieved on 5 July 2022 for total proceeds of £2.1m. In addition, a couple of small surplus residential properties in Barrow, Suffolk, were disposed on the open market on 11 July 2022 for total proceeds of £805k.

The Trust also holds liquid funds in the form of stock market investments and cash deposits.

Intellectual property rights created during the course of operation of the Rothamsted Experimental Station (until 1991), including registered trademarks and copyrights, also continue to belong to the Trust. These were established in the Memorandum of Understanding dated 12 June 2000 between the (then) corporate trustee and Rothamsted Experimental Station (soon after to become Rothamsted Research in the same year). Other archives, including soil and plant archive samples until 1991 also belong to the Trust and are under the guardianship of Rothamsted Research.

### **Risk Management**

The Board of Directors of the Trust – the Trustees – regularly reviews the major risks and principal uncertainties to which the Trust is exposed and the steps which have been taken to mitigate against these. Key risks at 31 March 2022, with the main steps undertaken to mitigate those risks, are:

1. Rothamsted Research is the primary method through which the Trust achieves its charitable purposes. Rothamsted Research is reliant for its funding from government sources, primarily BBSRC / UKRI. Given the current political and economic landscape, there are a number of uncertainties in relation to the ongoing levels and sources of this funding. Additional support and new approaches from the Trust may be needed in this regard.
  - *The Trust has strong, active links and communication with Rothamsted Research and BBSRC / UKRI, with the Executive Director meeting key management personnel of both organisations on a regular basis, and the Trust Chairman attending Rothamsted Research Board meetings as an observer.*
2. The promotion of the Trust’s land as a part of the SACDC emerging Local Plan (both the land North-East of Redbourn and also land at Townsend Lane, Harpenden, optioned to Hill Residential) is potentially a significant drain on the Trust’s resources, both financially and in terms of management focus.
  - *The Trust has now entered into a promotion agreement with Lands Improvement Holdings (LIH), which will to a large extent mitigate these risks. The Trust remains closely involved in the strategic oversight of the promotion, but the day-to-day aspects (and related funding) are now managed by LIH.*

## LAWES AGRICULTURAL TRUST

### REPORT OF THE TRUSTEES

#### FOR THE YEAR ENDED 31 MARCH 2022

3. The Trust's significant commitment to a range of campus development projects places an excessive strain on finite resources.
  - *The position in relation to commitments and cash flow is reviewed on a regular basis by the Executive Director and reported to the Trustees at each Board meeting.*
4. The Trust continues to attract high calibre Trustees with the most outstanding skills and experience relevant to the Trust's evolving activities and role. It is critical that this is maintained.
  - *The Trustees have undertaken to ensure that the recruitment of suitable new Trustees is a key priority, with the position in relation to current Board composition subject to regular review.*
5. Maintaining the future use, management and financial viability of Rothamsted Manor given its Grade I listing and rudimentary facilities.
  - *The Trust, REL and Rothamsted Research work closely together to ensure future uses are available which are in keeping with Rothamsted Manor's listed status.*

A complete review of the risk register is undertaken at each Trust meeting with a formal register being kept up to date at these meetings. The executive team also regularly reviews and updates the risk register in between Trust meetings. To date, no risks have been identified that are judged to threaten the existence or solvency of the Trust.

#### Objectives and Activities

The charitable purposes of the Trust as defined in the Articles of Association are: "to advance the science of agriculture for the public benefit through original investigation and research, which may embrace all or any subject(s) connected to or bearing upon agriculture, including animal or vegetable physiology, meteorology, botany and chemistry". These purposes are a re-statement of those in the original Deed of 1889. Like its predecessor, the Trust focuses on the estate and lands at Rothamsted, Hertfordshire and this remains the main base for activity, but the Trust is free to consider other land, entities or locations from time to time.

The Trust ensures compliance with its charitable purposes by building its income and applying most of the assets and proceeds of the Trust to the sponsorship and promotion, either directly or indirectly, of the charitable agricultural research activities of Rothamsted Research, whose agricultural research objects are similar to, and derived from, those of the original Trust<sup>1</sup>. There is an extensive programme of public benefit research, public engagement and knowledge transfer undertaken at Trust premises. The Trustees are especially keen to ensure that the research is converted into practical application. This work is reviewed by the Trust through reports of supported projects, provision of an observer from the Trust at Rothamsted Research Board meetings and a bi-annual report from its Institute Director at Trust meetings. Further information on Rothamsted Research and its Reports are available on the web site at <http://www.rothamsted.ac.uk>, or information can be sought on application, from the Company Secretary of the Trust at the principal address as per page 1.

Thus, the Trust utilises its assets to pursue its purposes through five principal routes:

1. The provision of land and buildings suitable for agricultural and related sciences conducted by Rothamsted Research, on beneficial terms.
  - *This operates as a close partnership with Rothamsted Research and that organisation's main grant-giving and funding body, BBSRC.*
2. The provision of accommodation on a preferential, but defined, limited term basis to PhD students, key workers and other Rothamsted Research staff, which allows them to live in this very expensive location whilst on modest scientific salaries.
  - *The very significant majority of the residential provision owned by the Trust is available preferentially for students, staff and visitors. These are kept to a good standard and well located*

---

<sup>1</sup> Rothamsted Research's current charitable purposes are: for the benefit of the public to advance the science of agriculture by the initiation, prosecution, development and continuance of investigations and experiments related thereto.

**LAWES AGRICULTURAL TRUST**  
**REPORT OF THE TRUSTEES**  
**FOR THE YEAR ENDED 31 MARCH 2022**

*with easy access on foot to the scientific facilities. Rothamsted Research identifies the most deserving and appropriate tenants.*

- *The challenge with these facilities is seeking to ensure they are adequately maintained in order to protect the assets and provide good quality accommodation but, at the same time, keep the charges at affordable levels and that occupancy is both maximised and fairly assigned.*
- 3. Granting financial support for scientific costs to Rothamsted Research, mainly through a "Director's Vote" fixed annually by the Trustees following proposals made to them. For the current year, the Director's Vote was set at £500,000 (2021: £587,500).
- 4. Capital funding provision of diverse facilities deemed to help meet the Trust's purposes, with partners where possible, including technology transfer, sample archive and the like.
- 5. In addition, the Trust plays a vigorous and lead role in developing the Rothamsted campus to enable interaction with small companies to actively enhance the uptake of agricultural and environmental research output into practice across different communities, in conjunction with REL (as detailed above) and otherwise.
  - *Items 3, 4 and 5 require the generation of cash sums. These can originate from:*
    - a. *Rental income on those Trust's properties made available on the open market at commercial rents. The policy is to maintain these at, the highest possible standard to attract high rents and to maximise the properties in this category.*
    - b. *Income from equity and similar investments.*
    - c. *Occasional sale of land and assets to generate capital sums.*

#### **Public Benefit**

As a charitable Trust, LAT's primary purpose is the advancement of the science of agriculture for the public benefit. This is primarily achieved through providing support for Rothamsted Research which in turn disseminates knowledge and research with particular emphasis on publication in widely available scientific journals, in the popular agriculture and broader press and through conferences or seminars, many of which are aimed at the wider public. The term "advancement" is taken to include such science becoming widely used in agricultural practice. Thus, it falls within the charitable purpose of "the advancement of the arts, culture, heritage or science". Inevitable ancillary benefits as a result of meeting the primary object that would fall into the categories of advancement of education, the advancement of environmental protection or improvement and, perhaps to a more limited extent, the advancement of health. The Charity Commission specifically mentions scientific research projects under the heading of the advancement of science. The Trustees have complied with Section 17 of the Charities Act 2011 to have due regard to public benefit guidance published by the Charity Commission.

As stated in this report LAT provides a range of facilities to Rothamsted Research (whose charitable purposes significantly overlap with those of the Trust) on a highly preferential, exclusive basis as well as modest grants. This charitable activity takes place at the two main sites owned by the Trust - Rothamsted in Hertfordshire (which is the main site for Rothamsted Research) and Broom's Barn in Suffolk, but the output has global reach. Trustees closely monitor the activities of Rothamsted Research to ensure that they continue to serve its charitable purpose and meet the requirements of public benefit. The Trustees note that this is achieved by making scientific advances freely available throughout public scientific literature, engaging in knowledge exchange with farmers on an unhindered basis as well as initiating and promoting the wider discussion of scientific matters affecting agriculture, climate change food quality and food security.

#### **Achievements**

The Director's Vote was dispensed according to plan. The Trust provides long term support for activities that otherwise would not continue. This allowed the Trust to support, for instance:

- Postgraduate Studentships in partnership with a number of universities.

**LAWES AGRICULTURAL TRUST**  
**REPORT OF THE TRUSTEES**  
**FOR THE YEAR ENDED 31 MARCH 2022**

- Long-term experiments at Rothamsted – the classical field experiments and the insect survey. Although now significantly supported through the National Capability Grants from BBSRC, LAT continues to provide additional and vital funding.
- Student training in a variety of areas at Rothamsted, thereby enhancing the existing development programmes and helping to engage and develop the next generation of scientists.

**Key Performance Indicators**

The main beneficiaries of the Trust are Rothamsted Research and its stakeholders who benefit from the research that is undertaken. The Trust also ensures the provision of resources to maintain, refurbish and enhance the built estate. Agricultural science projects at Rothamsted Research are funded through the Director's Vote which this year totalled £500,000 (2021: £587,500).

The Trust continues to provide affordable housing for key workers and visiting workers, whilst maximising the rental income on externally let properties (those properties that are limited to external lets are defined as "investment properties") according to market conditions. In turn, this provides funding for future years' refurbishment plans of all properties, thus maximising long-term rental income for the Trust and providing affordable accommodation for Rothamsted Research staff.

Some criteria used by the Trust to assess performance against its objectives can be summarised below:

- 1) Investment income is monitored by the Board with a more detailed review and assessment carried out by the Investment Committee who liaise directly with the Trust's investment advisors Sarasin & Partners LLP. Six-monthly reports provide performance indicators for the investments against the industry average. The gross dividends and interest income for the year on the investments was £127k (2021: £132k) which remains broadly in line with typical market performance.
- 2) The maintenance of sound rental income against a planned refurbishment programme for Trust properties has been operating over several years and continues. In the year, the total estate income (both charitable and investment properties) was £2,016k (2021: £1,680k). See also Notes 5 and 6.
- 3) Director's Vote funding is approved by the Board and allocated by the Director of Rothamsted Research to sponsor continuing long-term scientific projects. The results of these projects are reported to the Board who monitor and review the results against the Trust's objectives.

**Financial Review**

The Statement of Financial Activities shows that total funds have increased to £27,905k (2021: £27,502k). Overall estate rental income (including investment properties) increased to £2,016k (2021: £1,680k).

There was further expenditure on properties in the sum of £156k (2021: £2.2m). As stated above, overall income trajectory is set to rise in line with our ongoing estate programme and the overall quality of property stock being both maintained and steadily improved across the whole portfolio. This includes investment into the innovation facilities as part of the Enterprise objectives for the Campus.

The value of the investment portfolio increased by 2.6% in the past year to a Fair Value of £4,610k (2021: £4,495k). All equity investments are managed by Sarasin & Partners LLP. Direct costs of investment management were £0.1k (2021: £0.3k). The investment in the unlisted, spin-out statistic software company VSN International Limited is valued at £348k (2021: £348k). We are pleased to note that the payment of a dividend of £28k has been received for 2021/22 (2021: £28k).

**LAWES AGRICULTURAL TRUST**  
**REPORT OF THE TRUSTEES**  
**FOR THE YEAR ENDED 31 MARCH 2022**

The Trustees note the level of cash being held in banks (mainly as Barclays Treasury Deposits) has increased] to £1,094k (2021: £972k) as a result of the expenditure on properties.

Payments associated with the Director's Vote, which make an important contribution to the agricultural research at Rothamsted, continued as stated above.

**Going Concern**

The Trustees have reviewed the current position and projected results of the Trust for the period to 31 March 2024 and, based on this, have continued to prepare the financial statements on a going concern basis. Further detail can be found in the going concern accounting policy on page 18.

**Investment Policy**

The Trustees' investment mandate is stated in its Articles where the Board has powers: "to deposit or invest its funds in any manner as may be thought fit (including, but not limited to, the establishment of trading or other subsidiaries of any kind), but only after obtaining such advice from a Financial Expert as the Trustees consider necessary and having regard to the suitability of investments and the need for diversification". Dr Graham Birch has extensive investment experience in the City of London and chairs the Investment Sub Committee, which liaises with the appointed investment manager, Sarasin & Partners LLP. The aim of the portfolio is to maximise total return and there are no restrictions placed on the investment portfolio. Sarasin present to all Trustees from time to time.

Note that as stated earlier the Trust holds certain properties as investments as they are not used at all for charitable purposes (i.e. providing accommodation for Rothamsted staff) but rather only to generate an income. This is a small number of the total housing stock as the Trust wishes to keep the flexibility that enables the majority to be available for Rothamsted staff if and when necessary.

**Fund Raising**

The Trust does not actively fund raise, and no professional fund-raisers are engaged. No appeals to members of the public have been made, and no fund raising is carried out on behalf of the Trust.

**Reserves Policy**

The Trust's policy on the maintenance of reserves seeks to ensure that sufficient reserves are available to enable the Trustees to fulfil the short and longer-term liabilities and obligations of the Trust, as well as fully participating in the development of the Estate at Rothamsted and Brooms Barn in a timely manner. In the context of the latter, the Trustees are of the opinion that this falls clearly within and directly serves the charitable Object of the Trust. Free reserves available for use by the Trust are deemed to be those that are readily realisable, less funds whose uses are restricted or designated for particular purposes. The calculation thus excludes fixed assets, restricted and designated funds. The level of free reserves as at 31 March 2022 was £2,696k (2021: £2,690k). As a broad principle and with due consideration to short term demands, the Trust's overall aim is to invest in facilities rather than be holding cash. It is noted by the Trustees that overall Total Unrestricted Funds stand at £27,905k (2021: £27,502k)

**LAWES AGRICULTURAL TRUST**  
**REPORT OF THE TRUSTEES**  
**FOR THE YEAR ENDED 31 MARCH 2022**

**Statement of Trustees' Responsibilities**

The Trustees (who are also the directors of Lawes Agricultural Trust for the purposes of company law) are responsible for preparing the Report of the Trustees and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice). Company law requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing these financial statements the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The Trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy, at any time, the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

**Auditor**

A resolution will be proposed at the Annual General Meeting that RSM UK Audit LLP be re-appointed as auditor to the Trust.

**Statement as to Disclosure of Information to Auditors**

The Trustees who were in office at the date of approval of these financial statements have confirmed, as far as they are aware, that there is no relevant audit information of which the auditor is unaware. The Trustees have confirmed that they have taken all the steps that they ought to have taken as Trustees in order to make itself aware of any relevant audit information and to establish that it has been communicated to the auditor.

The financial statements have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

**On behalf of the Board**

**Peter Oxley**  
**Trust Secretary**

Date: 30 November 2022

## **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF LAWES AGRICULTURAL TRUST**

### **Opinion**

We have audited the financial statements of Lawes Agricultural Trust (the 'charitable company') for the year ended 31 March 2022 which comprise the Statement of Financial Activities, the Balance Sheet, the Statement of Cash Flows and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 March 2022 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Conclusions relating to going concern**

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charitable company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

### **Other information**

The other information comprises the information included in the Annual Report other than the financial statements and our auditor's report thereon. The trustees are responsible for the other information contained within the Annual Report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### **Opinions on other matters prescribed by the Companies Act 2006**

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Report of the Trustees', which includes the Directors' Report prepared for the purposes of company law, for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Directors' Report included within the Report of the Trustees' has been prepared in accordance with applicable legal requirements.

### **Matters on which we are required to report by exception**

In the light of the knowledge and understanding of the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the Directors' Report included within the Report of the Trustees.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the Trustees were not entitled to take advantage of the small companies exemption from the requirement to prepare a Strategic Report or in preparing the Report of the Trustees'.

### **Responsibilities of trustees**

As explained more fully in the Statement of Trustees' responsibilities set out on page 10, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

### **The extent to which the audit was considered capable of detecting irregularities, including fraud**

Irregularities are instances of non-compliance with laws and regulations. The objectives of our audit are to obtain sufficient appropriate audit evidence regarding compliance with laws and regulations that have a direct effect on the determination of material amounts and disclosures in the financial statements, to perform audit procedures to help identify instances of non-compliance with other laws and regulations that may have a material effect on the financial statements, and to respond appropriately to identified or suspected non-compliance with laws and regulations identified during the audit.

In relation to fraud, the objectives of our audit are to identify and assess the risk of material misstatement of the financial statements due to fraud, to obtain sufficient appropriate audit evidence regarding the assessed risks of material misstatement due to fraud through designing and implementing appropriate responses and to respond appropriately to fraud or suspected fraud identified during the audit.

However, it is the primary responsibility of management, with the oversight of those charged with governance, to ensure that the entity's operations are conducted in accordance with the provisions of laws and regulations and for the prevention and detection of fraud.

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud, the audit engagement team:

- obtained an understanding of the nature of the sector, including the legal and regulatory frameworks that the charitable company operates in and how the charitable company is complying with the legal and regulatory frameworks;
- inquired of management, and those charged with governance, about their own identification and assessment of the risks of irregularities, including any known actual, suspected or alleged instances of fraud;
- discussed matters about non-compliance with laws and regulations and how fraud might occur including assessment of how and where the financial statements may be susceptible to fraud

As a result of these procedures we consider the most significant laws and regulations that have a direct impact on the financial statements are FRS 102, Charities SORP (FRS 102), Companies Act 2006, Charities Act 2011, the charitable company's governing document and tax legislation. We performed audit procedures to detect non-compliances which may have a material impact on the financial statements which included reviewing the financial statements including the Trustees' Report, remaining alert to new or unusual transactions which may not be in accordance with the governing documents.

The most significant laws and regulations that have an indirect impact on the financial statements are those in relation to Health and Safety, the Landlord and Tenant Act 1985 and the Housing Act 1988. We performed audit procedures to inquire of management whether the charitable company is in compliance with these law and regulations and inspected correspondence with regulatory authorities.

The audit engagement team identified the risk of management override of controls as the area where the financial statements were most susceptible to material misstatement due to fraud. Audit procedures performed included but were not limited to testing manual journal entries and other adjustments, evaluating the business rationale in relation to significant, unusual transactions and transactions entered into outside the normal course of business and challenging judgments and estimates.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at <http://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

#### Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

**LAWES AGRICULTURAL TRUST**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 MARCH 2022**

**1. Accounting Policies**

**General Information**

Lawes Agricultural Trust ("the Charity" or "the Trust") is a charitable company limited by guarantee domiciled and incorporated in England. The address of the Company's registered office and principal place of business is Rothamsted, Harpenden, Hertfordshire, AL5 2JQ.

The Charity's principal activities are as detailed in the Report of the Trustees. The charity is a public benefit entity as defined by FRS 102.

Monetary amounts in these financial statements are rounded to the nearest £ except for note 11(e) which is rounded to £000s. Sterling is the functional and presentational currency.

**a) Basis of Accounting**

The financial statements have been prepared in accordance with FRS 102 (The Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)).

The financial statements have been prepared under the historic cost convention as modified by the revaluation of investments. The financial statements meet the requirements of the Companies Act 2006, the Statement of Recommended Practice – Accounting and Reporting by Charities (Charities SORP (FRS 102)) and applicable accounting standards so far as these requirements are appropriate.

**b) Tangible Fixed Assets**

Individual fixed assets costing £3,000 or more are capitalised.

**Freehold Land and Buildings** are stated at cost and no depreciation on buildings is provided on part of the portfolio, where an assessment of the residual values of the properties at the balance sheet date indicates that no provision for depreciation is necessary. For those buildings where a provision for depreciation is considered material, these are being depreciated over a 50 year estimated useful economic life.

**Fixtures, fittings and equipment** are stated at cost and depreciated on a straight line basis over their estimated useful life of 10 years.

**Collections of Books, Prints and Paintings** are stated at deemed cost on transition to FRS 102.

**Rare Furniture, Statuary and Effects** were stated at deemed cost on transition to FRS 102.

No depreciation is provided on the Rare Furniture, Statuary and Effects, Books, Prints and Paintings as described above. These assets have long useful lives and are not anticipated to be used or consumed or to deteriorate significantly through effluxion of time. Accordingly, the Trustees consider that the residual value of the assets is such that no depreciation is required to be charged. An assessment is made at each reporting date of whether there are indicators that a fixed asset may be impaired.

**Intellectual Property** is not valued as in the opinion of the Trustees no realistic valuation can be placed on this asset in the absence of an arms' length offer for the purchase thereof.

## **LAWES AGRICULTURAL TRUST**

### **NOTES TO THE FINANCIAL STATEMENTS**

#### **FOR THE YEAR ENDED 31 MARCH 2022 (continued)**

**c) Investments**

Listed investments are stated at the fair value at the Balance Sheet date. Unquoted investments are stated at the Trustees' estimate of fair value.

Investment properties are stated at fair value. Gains and losses arising on revaluation are recognised in the Statement of Financial Activities as these arise.

Undertakings in which the Trust has a long-term interest and which are under joint control are defined as joint ventures. Joint ventures are accounted for at cost.

**d) Taxation**

As a charity, the Trust is not usually liable to corporate taxation on its other income and capital gains. Recovery of taxation is made in respect of donations under gift aid. The Trust is registered for Value Added Tax (VAT) but where VAT is irrecoverable; it is included in the relevant category of expenditure.

**e) Income**

Income, including grants, gift aid receipts and other donations is recognised where there is entitlement, probability of receipt and the amount can be measured with sufficient reliability.

Where material, donated services and facilities are included in the Statement of Financial Activities based on the Trustees' estimate of the fair value of the services received.

Investment income is recognised on a receivable basis.

Income from charitable activities represents income received from the Trust's estate management activity and includes rental and other income on estate properties together with surpluses on disposal of any properties. This is recognised on a receivable basis.

**f) Expenditure**

Expenditure is recognised when a liability is incurred:

- Costs of raising funds are those costs incurred in relation to management of the investments.
- Charitable activities include expenditure associated with the Trust's estate management, research activities and grant making, in accordance with the objects of the Trust.
- Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources. Support costs also include costs incurred in the governance of the Charity and its assets and are primarily associated with constitutional and statutory requirements.

**g) Funds Structure**

All funds are unrestricted funds. The Trustees have set up a designated fund and the purpose of this is detailed in Note 14 to the financial statements.

## LAWES AGRICULTURAL TRUST

## NOTES TO THE FINANCIAL STATEMENTS

## FOR THE YEAR ENDED 31 MARCH 2022 (continued)

h) **Financial Instruments**

The Trust has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102, in full, to all of its financial instruments.

Financial assets and financial liabilities are recognised when the Charity becomes a party to the contractual provisions of the instrument, and are offset only when the Charity currently has a legally enforceable right to set off the recognised amounts and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

**Financial assets***Trade and other debtors*

Trade and other debtors which are receivable within one year and which do not constitute a financing transaction are initially measured at the transaction price. Such debtors are subsequently measured at amortised cost, being the transaction price less any amounts settled and any impairment losses.

A provision for impairment of trade and other debtors is established when there is objective evidence that the amounts due will not be collected according to the original terms of the contract. Impairment losses are recognised in income or expenditure for the excess of the carrying value of the debtor over the present value of the future cash flows discounted using the original effective interest rate. Subsequent reversals of an impairment loss that objectively relate to an event occurring after the impairment loss was recognised, are recognised immediately in income or expenditure.

Concessionary loans are initially measured at the amount paid, including interest accrued and after impairment, where applicable.

**Financial liabilities***Trade and other creditors*

Such creditors payable within one year that do not constitute a financing transaction are initially measured at the transaction price and subsequently measured at amortised cost, being the transaction price less any amounts settled.

i) **Government Grants**

Government grants are recognised at the fair value of the asset received or receivable when there is reasonable assurance that the grant conditions will be met and the grants will be received. Grants are recognised as income when any associated performance conditions are met.

j) **Going Concern**

The Trustees have adopted the going concern basis in the preparation of these financial statements. Forecasts have been prepared which support this to 31 March 2024. There are no material uncertainties in this assessment. Cash and liquid investments remain strong and the Trustees are satisfied that the Trust remains a going concern.

**LAWES AGRICULTURAL TRUST**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 MARCH 2022 (continued)**

**2. Critical accounting estimates and areas of judgement**

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

***Critical accounting estimates***

The Charity makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are considered to be the useful economic lives and residual values of tangible fixed assets (included in Note 10), which is the key estimate in assessing the level of depreciation required, and the fair value of the investment properties (included in Note 11).

***Valuation of unlisted investment***

The valuation of the investment in VSN International Limited is based on the Trustees' current view of fair value, which is in turn based on the latest published net asset position of VSN International Limited (see Note 11d).

**LAWES AGRICULTURAL TRUST****NOTES TO THE FINANCIAL STATEMENTS****FOR THE YEAR ENDED 31 MARCH 2022 (continued)****9. Trustees and Related Party Transactions**

The Trust employs 7 staff members, at a cost of £270,731 (2021: £199,285).

	2022 £	2021 £
Wages and salaries	222,202	163,563
Social security costs	19,512	14,363
Defined contribution pension cost	<u>29,017</u>	<u>21,359</u>
	<u>270,731</u>	<u>199,285</u>

There was no payment of remuneration to trustees in the year (2021: £Nil). Trustees claimed no reimbursement of travel expenses during the year (2021: £Nil).

The key management personnel are considered to be the Trustees and the Chief Executive/Company Secretary. The Trustees did not receive any emoluments for their services (2020: £Nil). The costs incurred in relation to the services of the Chief Executive/Company Secretary totalled £87,006 (2021: £72,603). No other employees of The Charity are paid remuneration in excess of £60k.

In October 2011, following a change in governance of Rothamsted Research, the Trust became one of three members of Rothamsted Research, and hence related party transactions are required to be disclosed. As one of three equal members, the Trustees consider that the Trust does not have significant influence over Rothamsted Research and does not seek to unduly influence the strategic direction of Rothamsted Research. Full details of this can be found in the Report of the Trustees.

The net balance due to Rothamsted Research at 31 March 2022 was £241,275 (2021: £228,320). Details are in Note 13. Grants paid to Rothamsted Research in respect of research expenditure are detailed in Note 7b above. Rothamsted Research also uses certain of the Trust's tangible fixed asset properties and land held for charitable use as described in Note 10.

The Trust has provided land for the Lawes Open Innovation Hub, the Conference Centre extension and improved car parking at Rothamsted, which has been constructed by Rothamsted Enterprises Limited (REL), a joint venture of the Trust as detailed in Note 11. As set out in Note 12, the Trust has retained an unsecured working capital loan to REL of £50k (2021: £50k), which remains outstanding at the year end. Previously due for repayment on 31 March 2020, the Trustees have agreed (at the 4 December 2019 board meeting) to defer this repayment date to 31 March 2025 if not settled earlier. No interest is charged on this concessionary loan.

The Trust made purchases of £171,405 (2021: £162,129) in respect of conference centre facilities, meeting rooms, catering services and commercial tenant management fees. The net balance due to REL (excluding the loan referred to above) was £22,773 (2021: £2,667).

**Purposes of funds**

The General Fund represents the cumulative results of the Trust other than results reflected in the Capital Reserve Fund.

The Capital Reserve Fund is a Designated Fund contingency reserve created by the Trustees. The purpose of the Fund is to assure the long-term future of the Trust's agricultural research activities. Movements on the Fund represent the realised and unrealised gains / (losses) for the year.

**LAWES AGRICULTURAL TRUST**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 MARCH 2022 (continued)**

**15. Property matters**

The Trustees recognise that there is a duty relating to their custodianship of Rothamsted Manor as an historically important Grade 1 listed building. Previously, the lease for the building was with Rothamsted Research Limited under a full repairing and maintenance basis, with significant dilapidations liabilities attaching under the lease. In recognition of the shared responsibility here, and to provide further support to Rothamsted Research, the Trustees agreed at the board meeting on 4 December 2019 to accept a surrender of this lease and to forgive the dilapidations liabilities under that lease. This surrender came into effect as of 3 July 2020. The Trust is currently reviewing options for the maintenance of this asset, including allowing REL to utilise it for functions as a part of its activities.

**16. Reconciliation of net income for the year to net cash from operating activities**

	<b>2022</b>	<b>2021</b>
	<b>£</b>	<b>£</b>
Net income for the year	403,025	1,526,371

	<b>2022</b>	<b>2021</b>
	<b>£</b>	<b>£</b>
Financial assets (investments) at fair value through income and expenditure	4,958,759	4,843,876

**18. Post Balance Sheet Events**

On 23 October 2020, the Trust exchanged contracts for the disposal of a 0.6ha site on the boundary of the estate at Hatching Green to a third party, following an extensive marketing campaign. Completion on this disposal was achieved on 5 July 2022 for total proceeds of £2.1m. In addition, a couple of small surplus residential properties in Barrow, Suffolk, were disposed on the open market on 11 July 2022 for total proceeds of £805k.
