## 1. Accounting policies

### Basis of preparation of financial statements

These financial statements have been prepared under the historic cost convention in accordance with the accounting policies set out below and with section 1A of FRS 102, the Financial Reporting Standard applicable in the UK and Republic of Ireland, and the Companies Act 2006. The presentation currency is sterling.

### Going concern basis

The accounts have been prepared on the assumption that the company is able to carry on business as a going concern for the foreseeable future.

### Tangible fixed assets depreciation policy

Tangible fixed assets are stated at cost less accumulated depreciation and impairment losses. Depreciation is provided, after taking account of any grants receivable, at rates calculated to write off the cost of fixed assets, less the estimated residual value, over their estimated useful lives.

### Foreign currencies

Transactions in foreign currencies other than the functional currency of the company are recorded at the rate of exchange on the date the transaction occurred. Monetary assets and liabilities in foreign currencies are translated at the rates prevailing at the end of the reporting period. All differences are taken to the profit and loss account. Non-monetary items measured at historic cost in a foreign currency are recorded at that historic value.

### Valuation information and policy

The investment stated in the balance sheet is stated at cost: as these are shares in a company that is a going concern. Current asset investments are stated at the lower of cost and net realisable value.

### Other accounting policies

The company is not required to compile group accounts in accordance with the provisions of FRS102 and the Companies Act 2006.

## 2. Share capital
