Principal funding sources

Our primary funding is from the Welsh Government, kindly administered by the Area Planning Board Executive. Our aim is to eventually become self-sufficient through our allotment projects.

Structure, Governance and Management

AGRO's objective is to carry on activities which benefit the community and in particular (without limitation) to promote recovery from alcohol and other drug problems through activity, supporting families, raising awareness, breaking down stigma and providing information, particularly but not only in North West Wales.

Governing Document

AGRO is a registered Community Interest Company within the voluntary sector. AGRO was incorporated on 25 March 2014.

Recruitment and appointment of the Board of Directors

Members of the Board are elected by the membership of AGRO. Directors are elected for one year, and may stand for re-election.

The Board is responsible for the management of AGRO and consists of members. This ensures AGRO remains focused on the needs of its members.

Risk management

The Board reviews risk before undertaking new activities, and when reviewing management accounts/cashflow projections.

Where appropriate, formal risk management is carried out by the Manager. This is brought to supervision meetings and, if deemed appropriate, brought to the Board.

Policies and procedures are in place to identify any risks and reduce the likelihood of risks occurring and to mitigate the impact if the risk does occur.

Organisational structure

The Board has 6 directors who meet monthly.

Members of staff receive formal line management from a member of the Board.

In the space provided below, please insert a general account of the company's activities in the financial year to which the report relates, including a description of how they have benefited the community.

AGRO provides activities, including community volunteering for people in recovery from alcohol and other drug misuse.

AGRO provides information about recovery and helps to reduce the stigma about alcohol and other drug misuse within the community and wider population.

AGRO members have benefited by taking part in activities to support their sustained recovery. Taking part in activities helps rebuild self-confidence and routine and provides something to focus on in addition to the recovery journey. Through volunteering people in recovery have benefited from improved self-confidence, and more social networks and social capital. People see themselves as useful members of their community, which will make their sustained recovery easier.
