This report has been prepared by David Matthew Hammond and Edward Williams as Joint Liquidators of the Companies, solely to comply with the Joint Liquidators' statutory duty to report to creditors under IR16 on the progress of the liquidations, and for no other purpose. It is not suitable to be relied upon by any other person, or for any other purpose, or in any other context.

This report has not been prepared in contemplation of it being used, and it is not suitable to be used, to inform any investment decision in relation to the debt of or any financial investment in the Companies.

Any estimated outcomes for creditors included in this report are illustrative only and cannot be relied upon as guidance as to the actual outcome for creditors.

Any persons choosing to rely on this report for any purpose or in any context other than under IR16 do so at their own risk. To the fullest extent permitted by law, the Joint Liquidators do not assume any liability in respect of this report to any such person.

Please note you should read this report in conjunction with the Joint Liquidators' previous reports issued to the Companies' creditors, which can be obtained by contacting Sara Myers on 0113 289 4566. Unless stated otherwise, all amounts in this report and appendices are stated net of VAT.

David Matthew Hammond and Edward Williams have been appointed as Joint Liquidators of the Companies. Both are licensed in the United Kingdom to act as insolvency practitioners by the Institute of Chartered Accountants in England and Wales. The Joint Liquidators are bound by the Insolvency Code of Ethics which can be found at:
<https://www.gov.uk/government/publications/insolvency-practitioner-code-of-ethics>

The Joint Liquidators may act as controllers of personal data as defined by UK data protection law depending upon the specific processing activities undertaken. PricewaterhouseCoopers LLP may act as a processor on the instructions of the Joint Liquidators. Personal data will be kept secure and processed only for matters relating to the Joint Liquidators' appointment. Further details are available in the privacy statement on the PwC.co.uk website or by contacting the Joint Liquidators.

PricewaterhouseCoopers LLP is a limited liability partnership registered in England with registered number OC303525. The registered office of PricewaterhouseCoopers LLP is 1 Embankment Place, London WC2N 6RH. PricewaterhouseCoopers LLP is authorised and regulated by the Financial Conduct Authority for designated investment business.

Why we've sent you this report

I'm writing to update you on the progress of the liquidations of the Companies in the 12 months since our last report dated 26 March 2020.

You can obtain a copy of our earlier report by contacting Sara Myers at sara.myers@pwc.com.

What you need to do

FL All and FLL - We've asked for outstanding claims from unsecured creditors so that we can agree them for dividend purposes. During the period of this report, we issued a notice of intention to declare a first interim dividend to the unsecured creditors of FL All and FLL. The final date for submitting claims was 20 March 2020 and any claims received after this would not be entitled to participate in the dividend.

If you haven't already done so, please send your claim to us so that we can agree it. A claim form can be obtained by telephoning Sara Myers on 0113 289 4566.

FLSGL - There may be a dividend to the unsecured creditors of FLSGL; however the timing and quantum remain uncertain. Any surplus funds available for distribution would be dependent on capital distributions from two associated group companies which are currently in members' voluntary (solvent) liquidation ("MVL"). Based on the current position of these two MVL cases, we would anticipate capital distributions being received during the middle part of 2021.

If you haven't already done so, please send your claim to us so it can be adjudicated and agreed.

FLS(A), FLSL and FLGL - No dividends are expected in FLS(A), FLSL and FLGL. As such, if you are a creditor of one of those estates this report is for your information and you don't need to do anything else.

As previously reported, following the liquidators' appointment we took control of the Companies' assets, which included an intercompany claim by FLL in the estate of FL All, as well as the following in relation to FL All:

- Cash in bank of £5,565,717;
- Deferred consideration; and
- Sundry debtors.

We remain in office to deal with a number of unresolved matters, including:

- Deferred consideration of £3m within FL All which is held in escrow under the terms of a sale and purchase agreement, which has not yet met its maturity date for release;
- Obtaining tax clearances for the Companies (as well as other entities within the wider group which are current in Members' Voluntary Liquidation); and
- Payment of final unsecured creditor dividends in FLL and FL All.

Secured creditors

There are no known secured creditors of any of the Companies.

Preferential creditors

Preferential claims typically arise in relation to arrears of wages (subject to statutory limits) and holiday pay. The Companies have no employees and therefore we are not expecting any preferential claims to arise.

Unsecured creditors

As previously reported, the prescribed part doesn't apply because there is no floating charge registered against any of the Companies.

FL All and FLL

Based on the information currently available we think dividends of up to 19 pence in the £ will be paid to the unsecured creditors of FL All and up to 16 pence the £ for unsecured creditors of FLL.

The estimates are based on the levels of unsecured creditors included in the statement of affairs, along with our own assumptions regarding costs and asset realisations.

The amount of the dividend will depend on the final level of submitted claims, future realisations and liquidation costs. As such, the estimates given above should be viewed with an appropriate degree of caution and shouldn't be used as the main basis for any bad debt provisions.

FLSGL

Based on the information currently available funds may become available to FLSGL from the wider group entities in solvent liquidation. However, given the uncertainty on the level of those recoveries, the timing and quantum of any potential distribution to FLSGL's unsecured creditors currently remains uncertain.

FLS(A), FLSL and FLGL

No dividends are expected to be paid in relation to these three companies.

Realisation of assets

Deferred Consideration

Funds of c.£3m continue to remain in an escrow account in FL All, pending the resolution of certain indemnity claims, or the expiry of a longstop date being five years from the date of completion. We are aware of one such outstanding claim, hearings for which have been delayed as a result of the global pandemic. It is our expectation that the escrow funds will not be released until the expiry of the long stop date being July 2022. Once the position of the claim has been resolved the funds will be released to FL All.

Bank Interest

During the period FL All received bank interest of £5,840.

Other

Creditors

FL ALL - despite a larger number of creditor claims being received in FL All than originally anticipated, a number of which were complex in nature and required a significant level of review, we have completed the adjudication of the received claims. To date, 33 claims totalling £24,832,814.49 have been received in FL All, of which claims totalling £24,570,211.66 have been admitted.

A dividend distribution of 11.7p in the £, totalling £2,874,715 was paid on 15 July 2020.

FLL - claims totalling £26,134,143.48 have been received, all of which have been admitted.

A dividend distribution of 10p in the £, totalling £2,645,848, was paid on 7 August 2020.

For both FL ALL and FLL, the paying of a second and final dividend is dependent on the release of the aforementioned escrow funds to FL ALL. It is anticipated that this position will be resolved by the end of July 2022, we would therefore expect to make a final distribution before the end of 2022, following which the liquidations will be closed.

Stakeholders

During the period we continued to receive and respond to regular and ongoing requests from several of the Companies' creditors and stakeholders in order to satisfy their own internal or statutory reporting processes. Whilst these requests have been outside the usual reporting requirements for a Liquidation, we have tried, wherever possible, to provide the additional information we can.

Third-party funds

We are holding c.£107k of third-party funds in FL All. During the period efforts have been made, and are ongoing, to attempt to return these funds to the relevant individuals concerned.

Owing to the fact that many of the former residents to whom these refunds are due have sadly since passed away, it is challenging for us to trace the beneficiaries of the individuals' estates. We have therefore begun the process during the period of engaging with a specialist tracing agent to assist us.

So far only a small number of individuals have been successfully traced and refunded.

FLS(A), FLSL, FLGL and FLSGL

The Companies are part of a wider group which includes several entities in solvent and insolvent liquidations. During the period of this report, significant efforts have been made to progress as many of these associated cases to closure as possible. Of the 15 solvent liquidations which formed part of this group, a total of 12 have been closed, with the balance remaining open in an effort to benefit from capital distributions when the liquidations are closed.

We continue to be in office for the Companies covered in this report so that the estates can benefit from distributions due as part of the inter-company positions.

We continue to monitor the progress of the other insolvencies to ensure that FLS(A), FLSL, FLGL and FLSGL can be closed as and when appropriate. We await the conclusions of the solvent liquidations elsewhere in the group,

distributions from which will flow up into the insolvent entities for the benefit of FL All and FLL's creditors. In addition, tax losses held within the group will be utilised as part of these distributions.

Connected party transactions

In accordance with SIP13, we are required to disclose any known connected party transactions that occurred in the period following our appointment or any proposed connected party transactions.

I confirm that following my review there are no known connected party transactions which should be disclosed.

We have been notified by the liquidator of Future Life Care Five Limited ("FLC5"), an associated group company which is in solvent liquidation, that FLA may be holding funds on their behalf. We are investigating this position.

In the event that funds are due back to FLC5, due to the intercompany positions, the vast majority of funds would ultimately return back to the creditors of the FLA by way of capital distribution and ultimate dividend distributions from the CVLs.

Statutory and compliance

During the period we have issued our second progress report to creditors, and prepared our third progress report to creditors, as well as complying with our statutory obligations.

Change of liquidator

Michael Thomas Denny, one of the previous Joint Liquidators, has left the Firm. To make sure that outstanding issues in the liquidations continue to be pursued, an application was made to Court to remove him and appoint Edward Williams as Liquidator. Edward Williams is licensed in the United Kingdom to act as an insolvency practitioner by the Institute of Chartered Accountants in England and Wales.

The application was granted and so Edward Williams replaced Michael Thomas Denny as Liquidator with effect from 4 January 2021.

Creditors had 28 days from our published advertisement noting the above change on 17 December 2020 to apply to Court to vary or discharge the Court order.

No such application was made and so Michael Thomas Denny was released from all liability in respect of his conduct as administrator with effect from 14 January 2021.

Investigations and actions

Nothing has come to our attention during the period under review to suggest that we need to do any more work in line with our duties under the Company Directors' Disqualification Act 1986 and Statement of Insolvency Practice No.2.

Our receipts and payments account

We set out in Appendix A accounts of our receipts and payments in the liquidations from 1 February 2020 to 31 January 2021

Our expenses

We set out in Appendix B a statement of the expenses we've incurred to the date covered by this report and an estimate of our future expenses.

The statement excludes any potential tax liabilities that we may need to pay as a liquidation expense in due course because amounts due will depend on the position at the end of the tax accounting period.

Our fees

We set out in Appendix C an update on our fees, disbursements and other related matters.

Creditors' rights

Creditors have the right to ask for more information within 21 days of receiving this report as set out in Rule 18.9 IR16. Any request must be in writing. Creditors can also challenge our fees and expenses within eight weeks of receiving this report as set out in Rule 18.34 IR16. This information can also be found in the guide to fees at:

<https://www.icaew.com/-/media/corporate/files/technical/insolvency/creditors-guides/2017/liquidations-creditor-fee-guide-6-april-2017.ashx?la=en>

You can also get a copy free of charge by telephoning Sara Myers on 0113 289 4566.

What we still need to do

Before we can finalise our work in the liquidations of the Companies, we still need to address the following outstanding tasks:

- Recover the deferred consideration due to FL All;
- Draft & issue a further remuneration report;
- Deal with the third party funds held;
- Pay the second and final dividend to the unsecured creditors of FL All and FLL;
- Obtain outstanding tax clearances from HMRC; and
- Make a first and final distribution to the unsecured creditors of FLSGL, if funds become available.

Other matters include complying with our statutory duties as liquidators and other incidental tasks associated with the winding down and ultimate dissolution of the Companies.

Next report

We expect to send our next report to creditors at the end of the liquidations or in about 12 months, whichever is the sooner.

If you've got any questions, please get in touch with Sara Myers at sara.myers@pwc.com

Yours faithfully

David Matthew Hammond
Joint Liquidator

The following table provides details of our expenses. Expenses are amounts properly payable by us as liquidators from the estate and includes our fees, but excludes distributions to creditors. The table also excludes any potential tax liabilities that we may need to pay as a liquidation expense because amounts becoming due will depend on the position at the end of the tax accounting period.

The table should be read in conjunction with the receipts and payments account at Appendix A, which shows expenses actually paid during the period and the total paid to date.

FL AII

Our initial fees were approved on a time costs basis by the general body of unsecured creditors on 28 March 2018. This approval allowed us to draw fees by reference to the time properly given by us and our staff in dealing with the liquidation, albeit capped at our initial time costs estimate of £90,444.

As a result of our time costs exceeding our initial estimate, during the period covered by this report a revised fee estimate was issued to unsecured creditors on 3 February 2020, seeking a decision increasing our fees to £220,784. The deadline for the creditors' responses was 9 March 2020 and the decision was approved by the requisite majority of creditors.

The time cost charges incurred in the period covered by this report are £95,854. Total time costs charged from our appointment to 31 January 2021 are £299,692. To date we have drawn fees of £82,913 in line with the approval given, as shown on the enclosed receipts and payments account. This amount does not necessarily reflect how much we will eventually draw as fees for this period.

As the fee estimate has been exceeded, we intend to prepare a further remuneration report to request an increase in fees in due course.

FLS(A), FL SL, FLL, FL GL, FL SGL

Fees in respect of the above companies were approved on a fixed fee basis as set out in the remuneration report for each company. No additional fees are to be sought in respect of these companies. A summary of the approved fixed fees is shown below.

FLS(A)	18,000	3,000
FL SL	18,000	3,000
FLL	18,000	3,000
FL GL	18,000	3,000
FL SGL	18,000	3,000

As we previously reported, £15,000 has been drawn in respect of the additional fees detailed above.

We set out later in this Appendix details of our work to date, anticipated future work, disbursements, subcontracted work and payments to associates.

The key areas where increased costs have been incurred and show the largest variances are “administration”, “creditors” and “statutory & compliance”. Included within these worktypes are costs associated with the following key actions which have been undertaken during the period of this report:

- **Dividend Distribution** - We have completed a first dividend distribution to unsecured creditors of FL ALL & FLL. Due to the global pandemic, the method by which we were actioning payment was adjusted, and there was additional time spent obtaining bank details to action and approve electronic payments instead of issuing cheques which is our standard practice.
- **Escrow funds** - Funds of £3m are currently held in an escrow account and are to be released in July 2022. During this reporting period, we have held discussions with a former director in an effort to understand whether the release of escrow funds could be accelerated, however, we understand this is not possible.
- **Third party funds** - The liquidators hold a balance of c.£107k relating to third party funds from approximately 27 former residences and service users. We have made an increased effort during this reporting period year to return these funds to the individuals or the beneficiaries of the individuals' estates. As many of the original beneficiaries have now sadly passed away, the task is more complex as we look to trace beneficiaries of the individuals' estates. During the period of this report, we began discussions with a specialist tracing agent, providing the service for a small fixed fee if the beneficiary, or their heirs, were found.
- **Contingent claims** - We have during the course of the liquidation kept abreast of the Court proceedings around the “sleep in” legislation. This is critical to understand given many of the contingent creditors are connected to the success of the case sought to overturn a 2018 Court of Appeal ruling.

Our time charging policy and hourly rates - FL All

We and our team charge our time for the work we need to do in the Liquidations. We delegate tasks to suitable grades of staff, taking into account their experience and any specialist knowledge that is needed and we supervise them properly to maximise the cost effectiveness of the work done. Anything complex or important matters of exceptional responsibility are handled by our senior staff or us.

All of our staff who work on the Liquidation (including our cashiers, support and secretarial staff) charge time directly to the case and are included in any analysis of time charged. Each grade of staff has an hourly charge out rate which is reviewed from time to time. Work carried out by our cashiers, support and secretarial staff is charged for separately and isn't included in the hourly rates charged by partners or other staff members. Time is charged in six minute units. The minimum time chargeable is three minutes (i.e. 0.05 units). We don't charge general or overhead costs.

We set out below the maximum charge-out rates per hour for the grades of our staff who already or who are likely to work on the liquidation.

Disbursements

We don't need to get approval to draw expenses or disbursements unless they are for shared or allocated services provided by our own firm, including room hire, document storage, photocopying, communication facilities. These types of expenses are called 'Category 2' disbursements and they must be directly incurred on the case, subject to a reasonable method of calculation and allocation and approved by the same party who approves our fees.

Our expenses policy allows for all properly incurred expenses to be recharged to the liquidation and has been approved by the investors where required..

The following disbursements arose in the period of this report.

FL All

2	Photocopying – at 5 pence per sheet copied, only charged for circulars to creditors and other bulk copying.	1,818.00

Our relationships

We have no business or personal relationships with the parties who approve our fees or who provide services to the liquidations where the relationship could give rise to a conflict of interest.

Details of subcontracted work

We have not subcontracted any work during the period covered by this report.

Legal and other professional firms

We instructed the following professionals on this case:

Legal services, including:

- Advising on unsecured creditor claims
- Pinsent Masons LLP
- Knowledge of the Companies / insolvency expertise
- Time costs

The Liquidators require all third party professionals to submit either time cost analyses and narrative or other relevant information in support of invoices rendered. The Liquidators monitor time regularly as appropriate and require third party professionals to seek the approval of the Liquidators prior to undertaking work.
