For the period ending 31 March 2017, the Company was entitled to exemption from audit under section 479a of the Companies Act 2006 relating to subsidiary companies. The members have not required the Company to obtain an audit of its accounts for the year in question in accordance with section 476. The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies' regime and the directors have elected not to include a copy of the Directors' report and the Income statement within the financial statements.

The financial statements were approved and authorised for issue by the board and were signed on its behalf on 22 December 2017

P W E Behrens Director

Registered Number: 09005743

The notes on pages 3 to 6 form part of these financial statements.

#### Notes forming part of the financial statements for the period ended 31 March 2017

#### 1. Accounting policies

#### 1.1 Basis of preparation of financial statements

The Company maintains its books and records in pound sterling ("£") and presents its financial statements in conformity with United Kingdom laws and regulations. The functional currency of the Company is also pound sterling on the basis that it is the pricing currency in which the transactions of the Company are conducted. The financial statements have been prepared under the historical cost convention.

These financial statements have been prepared in accordance with Financial Reporting Standard 102 Section 1A small entities. The financial statements for the year ended 30 June 2016 were prepared in accordance with Financial Reporting Standard for Smaller Entities. The transition to FRS 102 Section 1A small entities has not resulted in any material changes to the financial statements.

At the date of approval of the financial statements the Company was reliant on the support of the parent company, Security Trustee Services Limited.

The directors of the parent company have indicated that this support will continue for the foreseeable future. On this basis, the directors of Adpod Limited consider it appropriate to prepare the financial statements on a going concern basis.

The financial statements do not include any adjustments that would result from a withdrawal of this support.

#### 1.2 Summary of accounting policies

#### Revenue

Revenue comprises fees recognised by the Company in respect of goods and services supplied during the period, exclusive of Value Added Tax and trade discounts.

#### Administrative expenses

Administrative expenses comprises office costs, staff salaries, marketing, professional costs, depreciation of assets and other costs. All amounts are recognised on an accruals basis.

### Interest receivable

Interest receivable include interest receivable from cash held on deposit. All amounts are recognised on an accruals basis.

### Interest payable

Interest payable is the interest arising on loans and borrowings. All amounts are recognised on an accruals basis.

### **Taxation**

The tax expense comprises current and deferred tax. Current tax is recognised in the statement of comprehensive income and is provided at the amount expected to be paid (or recovered) applying tax rates and laws enacted or substantively enacted at the end of the reporting period. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date in the country where the Company operates and generates taxable income.

Deferred tax is provided in full, using a temporary difference approach, and is the tax expected to be payable or recoverable on temporary differences between the carrying amount of assets and liabilities in the statement of financial position and the corresponding tax bases used in the computation of taxable profit. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax liabilities are generally recognised for all taxable temporary differences.

Deferred tax assets are recognised to the extent it is probable that future taxable profits will be available against which the deductible temporary differences can be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be utilised.

Deferred tax assets and liabilities are not discounted.

### Notes forming part of the financial statements for the period ended 31 March 2017

### 1. Accounting policies (continued)

#### Tangible fixed assets

Tangible fixed assets are stated at cost less depreciation. Depreciation is calculated on a straight-line basis over the useful economic life of the assets, as follows:

Plant and machinery

5 years

Motor vehicles

4 years

### Investments held at fair value

Investments held as fixed assets are shown at cost less any provision for impairment.

### Cash and cash equivalents

Cash and cash equivalents comprises short-term deposits with banks and other financial institutions, with an initial maturity of three months or less.

#### Leasing and hire purchase

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets. Assets acquired by finance lease are depreciated over the shorter of the lease term and their useful lives. Assets acquired by hire purchase are depreciated over their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the Company. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the Income statement so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

#### 2. Tangible fixed assets
