Statement of directors' responsibilities in respect of the financial statements

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs and profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company and the group will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

This statement was approved by the Board of directors on 9 April 2024 and signed on its behalf.

Principal accounting policies

Basis of preparation

The following accounting policies have been applied consistently in both the current and preceding years in dealing with items which are considered material in relation to the company's financial statements. These financial statements are prepared on the historical cost basis in accordance with applicable United Kingdom accounting standards, including The Financial Reporting Standard ('FRS 102') and Companies Act 2006.

The financial statements are presented in Pounds Sterling (£) because that is the currency of the primary economic environment in which the company operates.

Going concern

The financial statements have been prepared on the going concern basis, which assumes that the company will continue to be able to meet its liabilities as they fall due for the foreseeable future.

Cash flow statement

The company, being a wholly owned subsidiary undertaking where 100% of the voting rights are controlled within the group whose consolidated financial statements are publicly available, is exempt from the requirement to draw up a cash flow statement in accordance with Financial Reporting Standard 102, paragraph 1.12(b).

Fixed asset investments

Fixed asset investments are carried at cost less any provision for impairment in value. For investments in subsidiaries acquired for consideration including the issue of shares qualifying for group reconstruction relief, cost is measured by reference to the net asset value of the shares issued, and the premium is accounted for accordingly.

Critical accounting judgements and key sources of estimation

In the application of the Company's accounting policies the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised and / or future year as applicable. There are no critical accounting judgments or estimates in these financial statements.
