1 Accounting Policies

Basis of measurement and preparation of accounts
The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

Other accounting policies
The company incurred a net loss of £9695 during the year end 30 June 2015 and, at that date, the company's current liabilities exceeded its total assets by £9694. These conditions indicate the existence of a material uncertainty which may cast significant doubt about the company's ability to continue as a going concern. The financial statements do not include the adjustments that would result if the company was unable to continue as a going concern. We have not carried out an audit or any other review.
