Prescribed particulars	The Board shall determine, and notify the Members of, the estimated Realisation Date (Estimated Realisation Date) and, no later than 20 Business Days prior to such Estimated Realisation Date, shall procure that the calculations provided for in Article 7.1 are carried out by reference to the Estimated Realisation Date. The Board shall notify the Members in writing of the results of such calculations as soon as reasonably practicable after they become available. Following receipt of such notice, the Investor Majority and the B Managers' Representative shall endeavour to agree the results of the calculations set out in such notice, on behalf of the Members holding B Shares, C Shares, D Shares and/or E Shares. If the Investor Majority and the B Managers' Representative have failed to reach unanimous agreement pursuant to Article 7.3 by the date which is 5 Business Days prior to the Estimated Realisation Date, the matter shall be referred to the Valuer for final determination. In making such determination, the Valuer shall act as an expert and not as arbitrator and his decision shall (in the absence of manifest error) be final and binding on the Members. The costs of the Valuer shall be borne by the Members in such proportions as the Valuer may direct or, in the absence of such a direction, shall be borne by the Members pro rata to the proportions of the overall Capitalisation Value received by them. If, after calculation of the distribution of the Capitalisation Value pursuant to Article 7.1 but before any Realisation Date, there shall be: (a) any change in the Capitalisation Value; or (b) any delay in the occurrence of the Realisation Date such that it is expected to occur in the month following the month in which the Estimated Realisation Date falls, the procedures set out in Articles 7.2 to 7.4 shall be repeated (as often as required) and the calculations recomputed accordingly. Immediately prior to a Realisation, and conditional upon the occurrence of the Realisation, such number of Shares shall be converted into Deferred Shares and such Deferred Shares shall be allocated from the Capitalisation Value an amount equal to £1.00 in aggregate pro rata such that: (a) the Members shall between them receive the aggregate amount of consideration allocated to them under Article 7.1; and (b) the price per Equity Share on the relevant Realisation shall (as far as possible) be identical for the A Shares and the B Shares. In the event of a dispute, the Valuer shall determine the number of A Shares and/or B Shares and/or C Shares and/or D Shares and/or E Shares (in each case, if any) to be converted into Deferred Shares.

Class of share	E4 Ordinary	
Prescribed particulars	Any conversion pursuant to Article 7.6 shall be made on the following terms: (a) conversion shall take effect immediately prior to the Realisation at no cost to the relevant holders and the Equity Shares to be converted shall be apportioned rateably (or as near thereto as may be practicable to avoid the apportionment of a fraction of an Equity Share) among the holders of the Equity Shares and any certificate of the Valuer as to the number of Equity Shares to be converted, the Equity Shares into which they convert, and the apportionment of such Equity Shares among the relevant holders shall (in the absence of fraud or manifest error) be conclusive and binding on the Company and upon all of its Members for the purposes of the articles of association; (b) the holders of the relevant Equity Shares shall deliver the certificates therefor to the Company for cancellation; and the Company shall issue to the persons entitled thereto certificates for the Deferred Shares (if any) resulting from the conversions and the balance of their holdings of A Shares and/or B Shares and/or C Shares and/or D Shares and/or E Shares (as applicable). On each occasion on which any Non-Cash Consideration shall in fact be received in cash or converted into cash (whether directly or indirectly through some other asset) by the holders of the A Shares, or any Contingent Consideration shall in fact be received in cash or converted into cash (whether directly or indirectly through some other asset) by any shareholder, the provisions of Article 7.1 shall be reopened and reapplied to include the received Contingent Consideration at the date when such Contingent Consideration is received in cash or converted into cash (whether directly or indirectly through some other asset) by any shareholder and at such date as any Non-Cash Consideration is received in cash or converted into cash (whether directly or indirectly through some other asset) by the holder of the A Shares. In order to determine the allocation of any Contingent Consideration or Non-Cash Consideration and for that purpose, the calculations used in allocating the consideration already received shall be reworked, provided always that no cash already paid to any shareholder shall be reallocated. Any additional consideration payable shall be allocated in accordance with Article 7.1 between the Equity Shares other than C Shares, D Shares and E Shares in issue post the conversion pursuant to Article 7.6 notwithstanding that this may result in a different amount of consideration being paid for the Equity Shares of each class.
