The directors are satisfied that the company is entitled to exemption from the requirement to obtain an audit under section 477 of the Companies Act 2006.

The members have not required the company to obtain an audit in accordance with section 476 of the Act.

The directors acknowledge their responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of accounts.

The accounts have been prepared and delivered in accordance with the special provisions applicable to companies subject to the small companies regime. The profit and loss account has not been delivered to the Registrar of Companies.

## Director

Approved by the board on 29 March 2021

## Keegan Brown Darts Ltd Notes to the Accounts for the year ended 30 September 2020

#### 1 Accounting policies

#### Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with FRS 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland (as applied to small entities by section 1A of the standard).

#### Turnover

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer. Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs.

#### Intangible fixed assets

Intangible fixed assets are measured at cost less accumulative amortisation and any accumulative impairment losses.

#### Tangible fixed assets

Tangible fixed assets are measured at cost less accumulative depreciation and any accumulative impairment losses. Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost, less estimated residual value, of each asset evenly over its expected useful life, as follows:

Fixtures, fittings, tools and equipment

over 5 years

#### **Debtors**

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

#### Creditors

Short term creditors are measured at transaction price (which is usually the invoice price). Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs and subsequently measured at amortised cost determined using the effective interest method.

## Taxation

A current tax liability is recognised for the tax payable on the taxable profit of the current and past periods. A current tax asset is recognised in respect of a tax loss that can be carried back to recover tax paid in a previous period. Deferred tax is recognised in respect of all timing differences between the recognition of income and expenses in the financial statements and their inclusion in tax assessments. Unrelieved tax losses and other deferred tax assets are

recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date and that are expected to apply to the reversal of the timing difference, except for revalued land and investment property where the tax rate that applies to the sale of the asset is used. Current and deferred tax assets and liabilities are not discounted.

#### **Provisions**

Provisions (ie liabilities of uncertain timing or amount) are recognised when there is an obligation at the reporting date as a result of a past event, it is probable that economic benefit will be transferred to settle the obligation and the amount of the obligation can be estimated reliably.

Average number of persons employed by the company         Number         Number           3         Tangible fixed assets         Plant and machinery etc etc £           Cost         £           At 1 October 2019         4,336           At 30 September 2020         4,336           Depreciation         2           At 1 October 2019         3,006           Charge for the year         266           At 30 September 2020         3,272           Net book value         4           At 30 September 2020         1,064           At 30 September 2019         1,330           4         Debtors         2020         2019           £         £           Cher debtors         853         -           5         Creditors: amounts falling due within one year         2020         2019           £         £           Taxation and social security costs         4,410         10,416           Other creditors         2,243         7,636	2	Employees	2020	2019

#### 6 Grants received

Grants received are accounted for using the accrual model and are recognised in the profit and loss in the periods in which the related costs or expenses are recognised.

#### 7 Related party transactions

During the year, the company loaned the directors money with no set repayment date or interest payable. The amount owed by the directors at the year end was £843 (2019: £6,236 o w e d to the directors).

The Directors and Shareholders also received dividends in accordance with their shareholding, each receiving £20,000 (2019: £10,000).

### 8 Controlling party

During the year, the company was controlled by the directors, Mr and Mrs Brown, with each holding 50% of the issued ordinary share capital.

#### 9 Going concern

The directors have considered both the current and future effect of the Covid -19 pandemic and its impact on the company and the UK economy in general. The directors believe that despite the pandemic, existing cash resources, profit and cash generation will be sufficient to meet the company's obligations for a period of at least 12 months. The company has also taken advantage of all available government aid to support the business through the crisis. The directors therefore continue to adopt the going concern basis in preparing the financial statements.
