The financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

In accordance with Section 444 of the Companies Act 2006, the Income Statement has not been delivered.

The financial statements were approved by the Board of Directors and authorised for issue on 29 September 2023 and were signed on its behalf by:

I MacLean - Director

The notes form part of these financial statements

**Notes to the Financial Statements
for the Year Ended 31 December 2022**

1. STATUTORY INFORMATION

Blueoak Estates (Cheshire) Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The financial statements for the period ended 31st December 2021 represent an accounting period of 15 months. The year end was extended to bring the accounting period into line with that of other company's within the group.

Related party exemption

The company has taken advantage of exemption, under the terms of Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', not to disclose related party transactions with wholly owned subsidiaries within the group.

Significant judgements and estimates

There are no judgements (apart from those involving estimates) that have had a significant effect on amounts recognised in the financial statements.

Turnover

Turnover is measured at the fair value of the consideration received for the sale of property excluding value added tax. Turnover is recognised on the unconditional exchange of contract.

Stocks

Work in progress is valued at the lower of cost and net realisable value.

Cost is calculated using the first-in, first-out method and includes all purchase, transport, and handling costs in bringing stocks to their present location and condition.

In accordance with FRS 102 para 25.2 the company adopts a policy of capitalising borrowing costs that are directly attributable to acquisition, construction, and production of a qualifying asset. Work in progress is an asset that takes a substantial period of time to get ready for its intended use or sale and meets the FRS 102 definition of a qualifying asset.

Financial instruments

Intercompany loans (being repayable on demand) are measured at the undiscounted amount of the cash or other consideration expected to be paid or received.

Financial assets that are measured at amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in profit and loss.

Notes to the Financial Statements - continued
for the Year Ended 31 December 2022

2. ACCOUNTING POLICIES - continued

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was NIL (2021 - NIL).

4. DEBTORS: AMOUNTS FALLING DUE WITHIN ONE YEAR
