## APOTECHNOS LIMITED

---

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2018

---

#### 1. GENERAL INFORMATION

Apotechnos Limited is a private company limited by shares and incorporated in England and Wales. Its registered office is 19 Kingsmill Business Park, Chapel Mill Road, Kingston-Upon-Thames, Surrey, KT1 3GZ.

The Company's functional and presentational currency is GBP.

#### 2. ACCOUNTING POLICIES

##### 2.1 BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The following principal accounting policies have been applied:

##### 2.2 GOING CONCERN

The directors have considered the going concern basis of preparation of the financial statements, noting the net current liabilities position at the balance sheet date. The Company has been financed to date by its parent entity which has indicated its ongoing financial support to allow the Company to continue in operational existence for the foreseeable future, being a period of at least 12 months from the date of approval of these financial statements. The directors have therefore concluded that it is appropriate to continue to adopt the going concern basis.

##### 2.3 INTANGIBLE ASSETS

Intangible assets are initially recognised at cost. After recognition, under the cost model, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

All intangible assets are considered to have a finite useful life. If a reliable estimate of the useful life cannot be made, the useful life shall not exceed ten years.

Amortisation is charged from the date the intangible asset is available for use.

##### 2.4 CASH AND CASH EQUIVALENTS

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

##### 2.5 CREDITORS

Short term creditors are measured at the transaction price. Other financial liabilities are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.
