**Notes to the Abbreviated Accounts**  
**For the Period 22 January 2015 to 31 January 2016**

---

**1 . Accounting Policies**

**1.1 . Basis of Preparation of Financial Statements**

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

**1.2 . Turnover**

Turnover comprises the invoiced value of goods and services supplied by the company, net of Value Added Tax and trade discounts.

**1.3 . Tangible Fixed Assets and Depreciation**

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of the fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Plant & Machinery	20% reducing balance
Computer Equipment	25% straight line

**1.4 . Deferred Taxation**

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred taxation is recognised in respect of timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred taxation is measured on a non-discounted basis at the tax rates that are expected to apply in periods in which the timing differences reverse, based on tax rates and the law enacted or substantively enacted at the balance sheet date.

**1.5 . Financial Instruments**

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.
