Disbursement recovery

Disbursements are categorised as either Category 1 or 2 Category 2.

Category 1 disbursements will generally comprise of external supplies of incidental services specifically identifiable to the case. Where these have initially been paid by Opus Restructuring LLP and then recharged to the case, approval from creditors is not required. The amount recharged is the exact amount incurred.

Examples of Category 1 disbursements include postage, case advertising, specific bond insurance, company search fees, invoiced travel and properly reimbursed expenses incurred by personnel in connection with the case, (including business mileage up to the HMRC approved rate for cases commenced before 1 November 2011.) Also included will be services specific to the case where these cannot practically be provided internally such as printing, room hire and document storage.

Category 2 disbursements include elements of shared or allocated costs incurred by Opus Restructuring LLP and are recharged to the estate; they are not attributed to the estate by a third party invoice and/or they may include a profit element. These disbursements are recoverable in full, subject to the basis of the disbursement charge being approved by creditors in advance. Examples of Category 2 disbursements are photocopying, all business mileage (for cases commencing on or after 1 November 2011), internal room hire and internal storage.

The current levels of Category 2 disbursements recovered by Opus Restructuring LLP are as follows:

	£
Room Hire (for internal room hire outside of London and London)	100 / 150
Virtual Meetings	100
Photocopying/scanning/faxes (internal)	10p per side
Business mileage per mile	45p
Smartsearch per search – UK based	5
Smartsearch per search – rest of world	47.50 - 185
Electronic case filing system	50
Physical file set-up cost (per file)	6
Company Searches (downloading and printing documents)	10

The costs recharged are based upon the actual cost of the materials used or the costs which would have been incurred if that service had been sourced externally.

Smartsearch charges for UK based searches which range from £2.53 to £7.49. Accordingly, an average of £5 is charged.

A SHAREHOLDER'S GUIDE TO LIQUIDATORS' FEES IN A SOLVENT LIQUIDATION

1 Introduction

1.1 When a company goes into solvent liquidation the costs of the liquidation may be paid out of its assets. The shareholders, who receive a capital distribution out of the assets, have a direct interest in the level of costs, and in particular the remuneration of the insolvency practitioner appointed to act as liquidator. The insolvency legislation recognises this interest by providing mechanisms for shareholders to fix the basis of the liquidator's fees. This guide is intended to help shareholders be aware of their rights to approve and monitor fees and explains the basis on which fees are fixed.

2 The liquidation procedure

2.1 Liquidation is the formal winding up of a company's affairs involving the realisation of its assets and the distribution of the proceeds in a prescribed order of priority. Liquidation may be either voluntary, when it is instituted by resolution of the shareholders, or compulsory, when it is instituted by order of the court.

2.2 An insolvent voluntary liquidation is called a creditors' voluntary liquidation (often abbreviated to 'CVL'). In this type of liquidation, an insolvency practitioner acts as liquidator throughout and the creditors can vote on the appointment of the liquidator and form a Liquidation Committee or agree the basis of the Liquidator's remuneration at the first meeting of creditors.

2.3 A solvent liquidation is called a members' voluntary liquidation (often abbreviated to 'MVL'). It is initiated by the directors calling a general meeting ('GM') of the shareholders or circulating written resolutions. Subsequently at the meeting, or by written resolution, the shareholders decide whether to place the company into liquidation and vote on the appointment of the liquidator.

3 Fixing the liquidator's fees

3.1 The basis for fixing the liquidator's remuneration in an MVL is set out in Rule 4.148A of the Insolvency Rules 1986. This states that the remuneration shall be fixed either:

- as a percentage of the value of the assets which are realised or distributed or both, or
- by reference to the time properly given by the liquidator and his staff in attending to matters arising in the liquidation, or
- as a fixed fee.

3.2 Any combination of these bases may be used to fix the remuneration, and different bases may be used for different tasks undertaken by the liquidator. Where the remuneration is fixed as a percentage of realisations and/or distributions, different percentages may be used for each asset or distribution.

3.3 In addition, in certain instances the liquidator may agree to act on a fixed fee basis.

3.4 In an MVL, it is for the shareholders to determine on which of these bases the remuneration is to be fixed, and if it is to be fixed as a percentage, to determine the percentage to be applied. The rules state that in arriving at their decision, the shareholders shall have regard to the following matters:

- the complexity (or otherwise) of the case;
- any responsibility of an exceptional kind or degree which falls on the liquidator in connection with the liquidation;
- the effectiveness with which the liquidator appears to be carrying out, or to have carried out, his duties;
- the value and nature of the assets which the liquidator has to deal with.

3.5 A resolution specifying the terms on which the liquidator is to be remunerated may be taken at the meeting which appoints the liquidator. If the remuneration is not fixed in any of these ways by the shareholders, the liquidator can apply to have the basis of his remuneration fixed by the court.

4 What information should be provided by the liquidator?

4.1 When seeking fee approval

4.1.1 When seeking agreement to his fees the liquidator should provide sufficient supporting information to enable the shareholders to form a judgement as to whether the proposed fee is reasonable having regard to all the circumstances of the case.

The nature and extent of the supporting information which should be provided will depend on:

- the nature of the approval being sought;
- the stage during the administration of the case at which it is being sought; and
- the size and complexity of the case.

4.1.2 Where, at any shareholders' meeting, the liquidator seeks agreement to the terms on which he is to be remunerated, he should provide the meeting with details of the charge-out rates of all grades of staff, including principals, which are likely to be involved on the case.

4.1.3 Where the liquidator seeks agreement to his fees during the course of the liquidation, he should always provide an up to date receipts and payments account. Where the proposed fee is based on time costs, the liquidator should disclose to the shareholders the time spent and the charge-out value, together with, where appropriate, such additional information as may reasonably be required having regard to the size and complexity of the case. The additional information should comprise a sufficient explanation of what the liquidator has achieved and how it was achieved, to enable the value of the exercise to be assessed (whilst recognising that the liquidator must fulfil certain statutory obligations that might be seen to bring no added value for shareholders) and to establish that the time has been properly spent on the case. That assessment will need to be made having regard to the time spent and the rates at which that time was charged, bearing in mind the factors set out in paragraph 3.1 above. To enable this assessment to be carried out it may be necessary for the liquidator to provide an analysis of the time spent on the case by type of activity and grade of staff.

4.1.4 The degree of detail will depend on the circumstances of the case, but it will be helpful to be aware of the professional guidance which has been given to insolvency practitioners on this subject. The guidance drawn up is aimed at insolvent liquidations and we have varied this to take into account the specific nature of MVL appointments. Below is a comparison of the areas of work usually undertaken as a basis for the analysis of time spent:

Standard Insolvency categorisation of work	Opus Restructuring LLP MVL categorisation of work
<ul style="list-style-type: none">• Administration and planning	<ul style="list-style-type: none">• Administration and planning
<ul style="list-style-type: none">• Investigations	<ul style="list-style-type: none">• Statutory duties
<ul style="list-style-type: none">• Realisation of assets	<ul style="list-style-type: none">• Realisation of assets
<ul style="list-style-type: none">• Trading	<ul style="list-style-type: none">• Shareholders and distribution
<ul style="list-style-type: none">• Creditors	<ul style="list-style-type: none">• Creditors and HMRC clearances

4.1.5 The following categories are suggested as a basis for analysis by grade of staff:

- Partner
- Director
- Manager
- Other senior professionals
- Assistants and support staff

4.1.6 The explanation of what has been done can be expected to include an outline of the nature of the assignment and the liquidator's own initial assessment, including the anticipated return to shareholders. To the extent applicable it should also explain:

- Any significant aspects of the case, particularly those that affect the amount of time spent.
- The reasons for subsequent changes in strategy.
- Any comments on any figures in the summary of time spent accompanying the request the liquidator wishes to make.
- The steps taken to establish the views of shareholders, particularly in relation to agreeing the strategy for the assignment, budgeting, time recording, fee drawing or fee agreement.
- Any existing agreement about fees.
- Details of how other professionals, including subcontractors, were chosen, how they were contracted to be paid, and what steps have been taken to review their fees.

4.1.7 It should be borne in mind that the degree of analysis and form of presentation should be proportionate to the size and complexity of the case. In smaller cases not all categories of activity will always be relevant, whilst further analysis may be necessary in larger cases.

4.1.8 Where the fee is charged on a percentage basis the liquidator should provide details of any work which has been or is intended to be sub-contracted out which would normally be undertaken directly by a liquidator or his staff.

4.2 After fee approval

4.2.1 Where a resolution fixing the basis of fees is passed at any shareholders' meeting held before he has substantially completed his functions, the liquidator should notify the shareholders of the details of the resolution in his next report or circular to them. When subsequently reporting to shareholders on the progress of the liquidation, or submitting his final report, he should specify the amount of remuneration he has drawn in accordance with the resolution.

4.2.2 Where the fee is based on time costs he should also provide details of the time spent and charge-out value to date and any material changes in the rates charged for the various grades since the resolution was first passed. He should also provide such additional information as may be required in accordance with the principles set out in paragraph 4.1.3.

4.2.3 Where the fee is charged on a percentage basis the liquidator should provide the details set out in paragraph 4.1.4 above regarding work which has been sub-contracted out.

4.3 Expenses and disbursements

4.3.1 There is no statutory requirement for the shareholders to approve the drawing of expenses or disbursements. However, professional guidance issued to insolvency practitioners requires that, where the liquidator proposes to recover costs which, whilst being in the nature of expenses or disbursements, may include an element of shared or allocated costs (such as room hire, document storage or communication facilities provided by the liquidator's own firm), commonly known as Category 2 Disbursements, they must be disclosed and be authorised by those responsible for approving his remuneration. Such expenses must be directly incurred on the case and subject to a reasonable method of calculation and allocation. The Category 2 Disbursements which may be charged in a solvent liquidation are as follows (shown net of VAT):

	£
Room hire (for internal room hire outside of London and in London)	100/150
Photocopying/scanning/faxes (internal)	10p per side
Business mileage per mile	45p
Smartsearch per search – UK based	5
Smartsearch per search – rest of world	49.50 - 187
File set-up cost (per file)	6
Red flag company searches (downloading and printing documents from Red Flag)	10
Virtual cabinet	50

4.3.2 The costs recharged are based upon the actual cost of the materials used or the costs which would have been incurred if the service had been sourced externally.

4.4 Realisations for secured creditors

4.4.1 Where the liquidator realises an asset on behalf of a secured creditor and receives remuneration out of the proceeds, he should disclose the amount of that remuneration approved by the secured creditor to any meeting of shareholders convened for the purpose of determining his fees, and in any reports he sends to shareholders.

5 Progress reports and requests for further information

5.1 The liquidator is required to send a progress report annually to shareholders if the MVL continues for more than one year, until conclusion. The report must include:

- details of the basis fixed for the remuneration of the liquidator (or if not fixed at the date of the report, the steps taken during the period of the report to fix it);
- if the basis has been fixed, the remuneration charged during the period of the report, irrespective of whether it was actually paid during that period (except where it is fixed as a set amount, in which case it may be shown as that amount without any apportionment for the period of the report);
- if the report is the first to be made after the basis has been fixed, the remuneration charged during the periods covered by the previous reports, together with a description of the work done during those periods, irrespective of whether payment was actually made during the period of the report;
- a statement of the expenses incurred by the liquidator during the period of the report, irrespective of whether payment was actually made during that period;

- a statement of the shareholders' rights to request further information, as explained in paragraph 5.2, and their right to challenge the liquidator's remuneration and expenses.

5.2 Within 21 days of receipt of a progress report (or 7 business days where the report has been prepared for the purposes of a meeting to receive the liquidator's resignation) a shareholder may request the liquidator to provide further information about the remuneration and expenses set out in the report. A request must be in writing, and may be made by any shareholders of the company with at least 5% of the total voting rights of all shareholders having the right to vote at general meeting of the company, or any shareholder with the permission of the court.

5.3 The liquidator must provide the requested information within 14 days, unless he considers that:

- the time and cost involved in preparing the information would be excessive, or
- disclosure would be prejudicial to the conduct of the liquidation or might be expected to lead to violence against any person, or
- the liquidator is subject to an obligation of confidentiality in relation to the information requested, in which case he must give the reasons for not providing the information.

5.4 Any shareholder may apply to the court within 21 days of the liquidator's refusal to provide the requested information, or the expiry of the 14 days' time limit for the provision of the information.

6 Provision of information – additional requirements

6.1 The liquidator must provide certain information, free of charge, about the time spent on the case upon request by any creditor, director or shareholder of the company. The information which must be provided is:

- the total number of hours spent on the case by the liquidator or staff assigned to the case;
- for each grade of staff, the average hourly rate at which they are charged out;
- the number of hours spent by each grade of staff in the relevant period.

6.2 The period for which the information must be provided is the period from appointment to the end of the most recent period of six months from the date of the liquidator's appointment, or where he has vacated office, the date that he vacated office.

6.3 The information must be provided within 28 days of receipt of the request by the liquidator, and requests must be made within two years from vacation of office.

7 What if a shareholder is dissatisfied?

7.1 If a shareholder believes that the remuneration charged by the liquidator is too high, the basis of his remuneration is inappropriate, or the expenses incurred by the liquidator are in all the circumstances excessive he may, provided certain conditions are met, apply to the court.

7.2 Application may be made to the court by any shareholder, provided the shareholder (or shareholders) making the application hold at least 10% of the total voting rights of all the shareholders having the right to vote at general meetings, or they have the permission of the court. Any such application must be made within 8 weeks of the applicant receiving the liquidator's progress report in which the charging of the remuneration or incurring of the expenses in question is first reported. If the court does not dismiss the application (which it may if it considers that insufficient cause is shown) the applicant must give the liquidator a copy of the application and supporting evidence at least 14 days before the hearing.

7.3 If the court considers the application well founded, it may order that the amount of remuneration be reduced, the basis be changed, or the expenses be disallowed or repaid. Unless the court orders otherwise, the costs of the application must be paid by the applicant and not out of the assets of the company.

8 What if the liquidator is dissatisfied?

8.1 If the liquidator considers that the remuneration fixed by the shareholders is insufficient he may request that it be increased by resolution of the shareholders. If the shareholders do not agree or the liquidator considers that the remuneration fixed by the shareholders is insufficient, he may apply to the court for it to be increased. If he decides to apply to the court, the liquidator's notice of his application must be sent to such of the shareholders as the court may direct, and they may nominate one or more of their number to appear or be represented. The court may order the costs to be paid out of the assets.

9 Other matters relating to fees

9.1 Where two (or more) joint liquidators are appointed it is for them to agree between themselves how the remuneration payable should be apportioned. Any dispute between them may be referred to the court or a meeting of shareholders.

9.2 If the appointed liquidator is a solicitor and employs his own firm to act in the liquidation, profit costs may not be paid unless authorised by the shareholders or the court
