## **Strategic report for the year ended 30 June 2021**

### **Introduction**

The directors present their strategic report on Elios Energy Holdings 2 Limited (the "company") for the year ended 30 June 2021.

### **Principal activities and business review**

Elios Energy Holdings 2 Limited is 100% owned by Elios Energy Holdings Limited; its ultimate parent company is Fern Trading Limited. The principal activity of the company is that of a holding company.

Despite the impact of COVID-19, the underlying subsidiaries performed well for the year ended 30 June 2021, and continue to be underpinned by strong operational performance across the portfolio.

The results for the company for the year ended 30 June 2021 and financial position as at that date were in line with expectations.

### **Principal risks and uncertainties**

The company's financial risk management seeks to minimise the exposure to energy market risk and performance risk.

#### **Energy market risk**

There is a risk that subsidiary energy sites could fail to achieve forecast levels of income due to changes in energy prices or government subsidies.

#### **Performance risk**

Unpredictable weather conditions and operational availability could impact revenue generated from subsidiary energy sites.

Performance risk is mitigated through the group's operational strategy. The servicing of assets is optimised to maximise availability and limit downtime. This is achieved through performance-backed contractual obligations of key service providers, implementing a spares strategy and enhanced data monitoring to enable faster response times and limit downtime.

### **Brexit**

The UK left the EU on 31 January 2020 and the transition period ended on 31 December 2020, in which time the UK and EU negotiated additional arrangements and concluded the "Trade and Cooperation Agreement". The directors have considered the impact on the company regarding the agreed exit terms within the agreement and wider regulatory and legal implications within these statutory financial statements and will continue to do so.

# **Elios Energy Holdings 2 Limited**

## **Strategic report (continued) for the year ended 30 June 2021**

### **Statement by the Directors in performance of their statutory duties in accordance with s172(1)(a) to (f) Companies Act 2006**

The directors have considered the interest of other stakeholders within the Directors' report, which will have an impact on the long-term success of the company when performing their duty to promote the success of the company under s172. The directors view the key stakeholders of the company to be shareholders, suppliers and borrowers. When making decisions, each director ensures that he acts in the way he considers, in good faith and would most likely promote the company's success for the benefit of its members. The directors make the following considerations when considering promoting the success of the company:

- When making decisions, the directors give careful consideration to the impact of those decisions on both the company and broader stakeholders. This is achieved by considering any new deals or suppliers on a case-by-case basis and assessing the impact on the long-term objectives of the company, as well as the impact on and reputation of the other party. In doing so, the directors also consider the impact on other stakeholders, in particular the shareholders.
- The company acts in a fair manner with all suppliers and customers and seeks to maintain strong business relationships with them. This is achieved by all contracts being negotiated through fair and transparent tender process' which includes an assessment of the impact on the long-term objectives of the company.
- The company ensures that outsourced activities are with reputable suppliers who meet all the relevant industry and regulatory commitments. This is stated in agreements with outsourcers and adherence to this is monitored by the company management team.
- The company treats all suppliers and customers fairly, endeavouring to pay invoices within the terms of the contract. Any disputes are resolved promptly with key relationship personnel.

Business ethics and governance considerations have been discussed within the Directors' report. The directors understand the business and the evolving environment in which we operate and have considered the businesses specific risks and uncertainties within this strategic report .

### **Financial key performance indicators**

The company focuses on capital preservation. In the case of its operational subsidiaries, performance is measured by revenue and EBITDA and compared against the budget set at the beginning of the year. On a quarterly basis, performance is measured against detailed financial forecast model and a returns target set at inception. Results thus far have been in line with expectations.

### **Objective and strategies**

The directors do not expect any change in the company's activities during the next financial year.

This report was approved by the board on

26 March 2022 and signed on its behalf.

**P S Latham**  
Director

# **Elios Energy Holdings 2 Limited**

## **Directors' report for the year ended 30 June 2021**

The directors present their report and the unaudited financial statements of the company for the year ended 30 June 2021.

### **Share capital**

On 13 August 2020, the company issued 4,592,918 ordinary shares of £0.01 each for a consideration of £4,592,918.

On 28 October 2020, the company issued 5,522,613 ordinary shares of £0.01 each for a consideration of £5,522,613.

On 20 May 2021, the company issued 292,000 ordinary shares of £0.01 each for a consideration of £292,000.

### **Dividend**

During the year a dividend was paid of £6,643,000 (2020: £10,032,000).

### **Going concern**

The financial statements have been prepared on the going concern basis. The directors have assessed the effects of COVID-19 on the company's ability to meet its liabilities as they fall due, and determined that based on recent trading of the company and revised projections, the pandemic is not expected to have a significant impact on the company's business. Further, the ultimate controlling party, Fern Trading Limited, will continue to support the operations of the company for a period of at least 12 months from the date on which the financial statements are approved. The directors will continue to monitor the situation and take any necessary actions to minimise the possible impacts of COVID-19.

### **Directors**

The directors who served during the year and up to the date of signing the financial statements, unless otherwise indicated, are given below:

J C N Digges (resigned 21 September 2021)  
E W Fellows (appointed 21 September 2021)  
D Hastings (resigned 21 July 2021))  
P S Latham  
M G Setchell

### **Matters covered in the Strategic report**

As permitted by s414c (11) of the companies Act 2006, the directors have elected to disclose information required to be in the Directors' report by Schedule 7 of the 'Large and the Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008', in the Strategic report.

# **Elios Energy Holdings 2 Limited**

## **Directors' report (continued) for the year ended 30 June 2021**

### **Statement of directors' responsibilities**

The directors are responsible for preparing the Strategic report, the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising the FRS 102, have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006.

### **Qualifying third party indemnity provisions**

As permitted by the Articles of Association, the directors have the benefit of an indemnity which is a qualifying third-party indemnity provision as defined by Section 234 of the Companies Act 2006. The indemnity was in force throughout the last financial year and is currently in force.

### **Audit exemption**

The directors consider that the company is entitled to exemption from the requirement to have an audit under section 479A of the Companies Act 2006. Under the provisions of section 479C of the Companies Act 2006, Fern Trading Limited, the ultimate parent company, has given a statutory guarantee of all the outstanding liabilities to which the company is subject at 30 June 2021.

This report was approved by the board on

26 March 2022 and signed on its behalf.

**P S Latham**  
Director

## Elios Energy Holdings 2 Limited

### Statement of comprehensive income for the year ended 30 June 2021

		2021 £'000	2020 £'000
Administrative expenses	4	(2)	(5)
<b>Operating loss</b>		<u>(2)</u>	<u>(5)</u>
Impairment of investments		(9,995)	-
Dividend income	6	6,643	10,032

For the year ended 30 June 2021 the company was entitled to exemption from audit under section 479A of the Companies Act 2006 relating to subsidiary companies.

No members have required the company to obtain an audit of its accounts for the year in question in accordance with section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of financial statements.

The financial statements were approved and authorised for issue by the board and were signed on its behalf on  
26 March 2022

**P S Latham**

# **Elios Energy Holdings 2 Limited**

## **Notes to the financial statements for the year ended 30 June 2021**

### **1. General information**

Elios Energy Holdings 2 Limited is a private company, limited by shares, incorporated in and domiciled in England, the United Kingdom, registered number: 09653312. The registered office is 6th Floor, 33 Holborn, London, England, EC1N 2HT.

The principal activity of the company is that of a holding company.

### **2. Accounting policies**

#### **2.1 Basis of preparation of financial statements**

The financial statements are prepared on the going concern basis, under the historical cost convention and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company's accounting policies (see note 3).

The company's functional and presentation currency is the pound sterling.

The following principal accounting policies have been applied:

#### **2.2 Exemptions for qualifying entities under FRS 102**

FRS 102 allows a qualifying entity certain disclosure exemptions, subject to certain conditions, which have been complied with, including notification of, and no objection to, the use of exemptions by the company's shareholders.

The company has taken advantage of the following exemptions:

- from preparing a statement of cash flows, required under Section 7 of FRS 102 and para 3.17(d);
- from disclosing the company's key management personnel compensation as required by FRS 102 para 33.7; and
- from disclosing related party transactions that are wholly owned within the same group.

#### **2.3 Consolidation**

These financial statements contain information about the company as an individual company and do not contain consolidated financial information as a parent undertaking of a group. The company is exempt under Section 400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertakings are included by full consolidation in the consolidated financial statements of Fern Trading Limited, a company incorporated in England, the United Kingdom.

#### **2.4 Going concern**

The financial statements have been prepared on the going concern basis. The directors have assessed the effects of COVID-19 on the company's ability to meet its liabilities as they fall due, and determined that based on recent trading of the company and revised projections, the pandemic is not expected to have a significant impact on the company's business. Further, the ultimate controlling party, Fern Trading Limited, will continue to support the operations of the company for a period of at least 12 months from the date on which the financial statements are approved. The directors will continue to monitor the situation and take any necessary actions to minimise the possible impacts of COVID-19.

# **Elios Energy Holdings 2 Limited**

## **Notes to the financial statements for the year ended 30 June 2021**

### **2. Accounting policies (continued)**

#### **2.5 Investments**

Investments held as fixed assets in subsidiaries are measured at cost less provision for impairment.

#### **2.6 Impairment of non-financial assets**

At each reporting date non-financial assets not carried at fair value are assessed to determine whether there is an indication that the asset (or asset's cash generating unit) may be impaired. If there is such an indication the recoverable amount of the asset (or asset's cash generating unit) is compared to the carrying amount of the asset (or asset's cash generating unit).

The recoverable amount of the asset (or asset's cash generating unit) is the higher of the fair value less costs to sell and value in use. Value in use is defined as the present value of the future cash flows before interest and tax obtainable as a result of the asset's (or asset's cash generating unit) continued use. These cash flows are discounted using a pre-tax discount rate that represents the current market risk-free rate and the risks inherent in the asset.

If the recoverable amount of the asset (or asset's cash generating unit) is estimated to be lower than the carrying amount, the carrying amount is reduced to its recoverable amount. An impairment loss is recognised in the profit and loss account, unless the asset has been revalued when the amount is recognised in other comprehensive income to the extent of any previously recognised revaluation. Thereafter any excess is recognised in the statement of comprehensive income.

If an impairment loss is subsequently reversed, the carrying amount of the asset (or asset's cash generating unit) is increased to the revised estimate of its recoverable amount, but only to the extent that the revised carrying amount does not exceed the carrying amount that would have been determined (net of depreciation or amortisation) had no impairment loss been recognised in prior periods. A reversal of an impairment loss is recognised in the statement of comprehensive income.

# **Elios Energy Holdings 2 Limited**

## **Notes to the financial statements for the year ended 30 June 2021**

### **2. Accounting policies (continued)**

#### **2.7 Taxation**

Taxation expense for the period comprises current and deferred tax recognised in the reporting period. Tax is recognised in the profit and loss account, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case tax is also recognised in other comprehensive income or directly in equity respectively.

Current or deferred taxation assets and liabilities are not discounted.

##### *(i) Current tax*

Current tax is the amount of income tax payable in respect of the taxable profit for the period or prior periods. Tax is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the period end.

##### *(ii) Deferred tax*

Deferred tax arises from timing differences that are differences between taxable profits and total comprehensive income as stated in the financial statements. These timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements.

Deferred tax is recognised on all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are only recognised when it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the period end and that are expected to apply to the reversal of the timing difference.

#### **2.8 Financial instruments**

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or in case of an out-right short-term loan that is not at market rate, the financial asset or liability is measured, initially at the present value of future cash flows discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the statement of comprehensive income.

For financial assets measured at cost and amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate of the recoverable amount, which is an approximation of the amount that the company would receive for the asset if it were to be sold at the reporting date.

# **Elios Energy Holdings 2 Limited**

## **Notes to the financial statements for the year ended 30 June 2021**

### **2. Accounting policies (continued)**

#### **2.8 Financial instruments (continued)**

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

#### **2.9 Related party transactions**

The company discloses transactions with related parties which are not wholly owned with the same group. It does not disclose transactions with members of the same group that are wholly owned.

#### **2.10 Dividends**

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid. Final equity dividends are recognised when approved by the shareholders at an annual general meeting.

# Elios Energy Holdings 2 Limited

## Notes to the financial statements for the year ended 30 June 2021

### 3. Judgements in applying accounting policies and key sources of estimation uncertainty

Estimates and judgements are continually evaluated based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

#### (a) Critical judgements in applying the company's accounting policies

There are no critical judgements in applying the entity's accounting policies.

#### (b) Critical accounting estimates and assumptions

The value of investments in subsidiary undertakings held by the company is reviewed annually for impairment. The recoverability of these balances is considered with reference to the present value of the estimated future cash flows. These calculations use cash flow projections which extend forward forecasted business performance together with assumptions surrounding the expected life of the asset, externally prepared forecasts and valuations, and any adjustments required to the discount rate to take account of business risk. The estimated present value of these future cash flows is sensitive to the discount rate and growth rate used in the calculation, all of which require management's judgement. Testing of the carrying value has been performed during the year, which has involved several scenarios being modelled. Following this assessment management have concluded that the carrying value of investments in subsidiary entities is supported by the underlying valuations (see note 8).

### 4. Operating (loss)/profit

The operating (loss)/profit is stated after charging:

	2021 £000	2020 £000
Audit fees	-	3

### 5. Employees and directors' remuneration

The company had no employees during the year (2020: none). The directors did not receive or waive any remuneration (2020: £nil).

### 6. Dividends

	2021 £000	2020 £000
Dividend income	6,643	10,032

# Elios Energy Holdings 2 Limited

## Notes to the financial statements for the year ended 30 June 2021

### 7. Taxation

	2021 £000	2020 £000
Current tax on profits for the year	-	-
<b>Total current tax</b>	<b>-</b>	<b>-</b>

#### Factors affecting tax charge for the year

The tax assessed for the year is higher than (2020 - lower than) the standard rate of corporation tax in the UK of 19% (2020 - 19%). The differences are explained below:

	2021 £000	2020 £000
(Loss)/profit on ordinary activities before tax	<b>(3,354)</b>	10,027
(Loss)/profit on ordinary activities multiplied by standard rate of corporation tax in the UK of 19% (2020 - 19%)	<b>(637)</b>	1,905
<b>Effects of:</b>		
Impairment charges	<b>1,899</b>	-
Income not taxable	<b>(1,262)</b>	(1,905)
<b>Total tax charge for the year</b>	<b>-</b>	<b>-</b>

#### Factors that may affect future tax charges

In the Spring Budget 2021, the Government announced that from 1 April 2023 the corporation tax rate will increase to 25%. As the proposal to increase the rate to 25% had not been substantively enacted at the balance sheet date, its effects are not included in these financial statements.
