### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

---

#### 1. General information

Wrenbridge (Belvedere 2 Project Management) Limited is a private company limited by share capital, incorporated in England and Wales, registration number 09834470. The address of the registered office is Time & Life Building, 1 Bruton Street, London W1J 6TL.

#### 2. Accounting policies

##### 2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The following principal accounting policies have been applied:

##### 2.2 Turnover

Turnover represents fees receivable and share of joint venture result net of VAT.

Income is recognised as follows:

(i) Fees receivable - turnover represents the value of services provided under contracts to the extent that there is a right to consideration and is recorded at the value of the consideration due.

Where a contract has only been partially completed at the balance sheet date turnover represents the value of the services provided based on a proportion of the total expected consideration at completion.

(ii) Share of joint venture result - upon realisation of the profit or loss in the joint venture undertaking.

##### 2.3 Investments

Investments held as fixed assets are shown at cost less provision for impairment.

##### 2.4 Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

##### 2.5 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

### **NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019**

---

#### **2. Accounting policies (continued)**

##### **2.6 Financial instruments**

The Company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in non-puttable ordinary shares.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Profit and Loss Account.

Financial assets and liabilities are offset and the net amount reported in the Balance Sheet when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

##### **2.7 Creditors**

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

##### **2.8 Finance costs**

Finance costs are charged to the Profit and Loss Account over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

#### **3. Employees**

The average monthly number of employees, including directors, during the year was 6 (2018 - 6).
