Statement of Directors' responsibilities in respect of the Strategic Report, the Directors' Report and the financial statements

The directors are responsible for preparing the Strategic Report, Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102, the Financial Reporting Standard Applicable in the UK and Republic of Ireland (FRS 102), and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable United Kingdom Accounting Standards comprising FRS 102 have been followed, subject to any material departures disclosed and explained in the financial statements;
- notify its shareholders in writing about the use of disclosure exemptions, if any, of FRS 102 used in the preparation of financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Notes

(forming part of the financial statements)

1. General information

TM Corporate Holdings UK Limited is a company incorporated in the United Kingdom under the Companies Act 2006 and registered in England. These financial statements have been prepared in pounds Sterling because that is the currency of the primary economic environment in which the company operates. The address of the registered office is Tern Valley Business Park, Shrewsbury Road, Market Drayton, Shropshire, TF9 3SQ.

2. Statement of compliance

The financial statements of TM Corporate Holdings UK Limited have been prepared in compliance with United Kingdom Accounting Standards, including Financial Reporting Standard 102, "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" ("FRS 102") and the Companies Act 2006.

3. Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. The following accounting policies have been applied consistently to all the periods presented, in dealing with items which are considered material in respect to the financial statements.

Basis of preparation

The financial statements have been prepared on a going concern basis under the historical cost convention. The financial statements of the company for the year ended 31 December 2018 have been prepared in accordance with the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102) issued by the Financial Reporting Council.

All income and charges relating to the financial period to which the financial statements relate are taken into account irrespective of the date of receipt or payment. As permitted by FRS 102, the company has taken advantage of the disclosure exemptions available under that standard in relation to the presentation of a cash flow statement and related party transactions with other wholly-owned members of the Group. Where required, equivalent disclosures are given in the Group financials statements of Unternehmensgruppe Theo Müller S.e.c.s, a company registered in Luxembourg. The company prepares Group financial statements which are publically available and can be obtained as set out in note 16.

Going concern

The company's business activities, together with factors likely to affect its future development, performance and position are set out in the Strategic Report and Director's Report on pages 2 and 3. The financial position of the company and its liquidity position are laid out in these financial statements. The company has access to considerable financial resources through its parent company. As a consequence, the directors believe that the company is well placed to manage its business risks successfully.

The directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

Investments

Investments in subsidiaries are stated at cost.

Subsidiaries are all entities over which the company has the power to govern the financial and operating policies with accompanying shareholding of 100% of the voting rights.

Acquisition-related costs are expensed as incurred.

Consolidated financial statements

The company has taken exemption from s400 of the Companies act 2006 and has not prepared consolidated financial statements because the financial statements of TM Corporate Holdings UK Limited and its subsidiaries are consolidated within the consolidated financial statements of Unternehmensgruppe Theo Müller S.e.c.s. a partnership whose principal place of business is 2b, rue Albert Borschette, L-1246, Luxembourg. These financial statements are the company's separate financial statements.

Notes *(continued)*

Revenue

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for the sales of services provided in the normal course of business net of VAT. Revenue is recognised when the outcome of a transaction involving the rendering of services can be estimated reliably, by reference to the stage of completion of the transaction at the end of the reporting period. The outcome can be estimated reliably when (a) the amount of revenue can be measured reliably; (b) it is probable that the economic benefits associated with the transaction will flow to the entity; (c) the stage of completion of the transaction at the end of the reporting period can be measured reliably and (d) the costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

Trade receivables

Trade receivables are recognised initially at the transaction price. A provision for impairment of trade receivables is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of the receivables.

Cash and cash equivalents

Cash and cash equivalents includes cash in hand and demand deposits.

Trade payables

Trade payables are recognised at their transaction price.

Taxation

Tax on the profit for the period comprises current and deferred tax. Tax is recognised in the income statement except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current tax is the expected tax payable or receivable on the taxable income for the period, using tax rates enacted or substantively enacted at the statement of financial position reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The following temporary differences are not provided for: the initial recognition of goodwill; the initial recognition of assets or liabilities that affect neither accounting nor taxable profit other than in a business combination, and differences relating to investments in subsidiaries to the extent that they are unlikely to reverse in the foreseeable future. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the statement of financial position date.

Share capital

Ordinary shares are classified as equity.

Foreign currency translation

Transactions denominated in foreign currencies are translated at the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the rates of exchange ruling at the statement of financial position date. All differences are taken to the income statement.

4. Revenue

The total revenue of the company for the period has been derived from providing a management service to other companies within the Group.
