8 Impact of the Coronavirus (COVID-19) upon the Business

The Worldwide pandemic relating to Covid-19 has had a major impact upon the United Kingdom economy. After the Government announced the first lockdown in March 2020 the group was busy helping transfer clients to working from home before assessing their own position which resulted in the office being closed and some staff going onto the Job Retention Scheme whilst the Directors evaluated the new environment and assessed social distancing rules in the workplace.

Since the year end the situation has once again deteriorated and the board has continued to monitor the support and assistance available. The board have the working capital to continue and do not need to make any adjustments to their figures as a result of the pandemic.
