#### APPENDIX B

#### NOTES TO THE STATEMENT OF AFFAIRS

All book values have been taken from the Company's latest financial information, provided by the director, the Company's professional advisors, or from valuations obtained from independent valuation agents. It should be noted that no provision has been made for the costs of preparation of the same, the costs of convening the decision of creditors and preparation of the statement of affairs, agents' costs or the costs and expenses of the Liquidation. The valuation agents that have been instructed in this matter are Cerberus Asset Management.

# 1. Assets Specifically Pledged

There are no specifically pledged assets.

#### 2. Assets Not Specifically Pledged

#### **Balances at Bank**

The book value has been extracted from the Company's books and records, as provided by the directors. The balances relate to amounts held in two bank accounts, Starling Bank Limited and Handlesbanken. The Company obtained a bounce back loan from Starling Bank Limited for the amount of £43,750. It is therefore anticipated that this bank shall offset the £94 balance at bank against their liability for the bounce back loan. The remaining balance of £31 held with Handlesbanken is estimated to be realised in full.

# Office Equipment and Furniture

The book value has been extracted from the Company's books and records, as provided by the directors. The assets have been valued by Cerberus Asset Management, and the assets are to be delivered to the Joint Liquidators and sold via auction on receipt. A further update on this matter shall be provided to creditors in due course.

#### **Director's Loan Account**

The book value has been extracted from the Company's books and records, as provided by the directors. The asset has been shown as an uncertain estimated to realise value for the purposes of the statement of affairs. The Joint Liquidators shall pursue the outstanding balance upon their appointment and an update shall be provided to creditors in due course.

## 3. Employee Claims / ERA'2006 Claims (est.)

Where applicable, employees will be entitled to make claims (subject to certain limits) under the Employment Rights Act 2006 (ERA'2006) from the government department known as the Redundancy Payments Service ("RPS"). The Employee claims may include arrears of pay, holiday pay, compensation in lieu of notice and redundancy. Where applicable, the RPS will make payments directly to the employees and then the RPS will then lodge a claim against the Company in respect of the payments it has made. The directors have advised that there were no amounts outstanding to the Company's former employees.

# 4. Secondary Preferential Creditors

With respect to insolvencies commencing on or after 1 December 2020, HMRC will rank ahead of floating charge holders and unsecured creditors in respect of certain unpaid taxes that the relevant company collects on behalf of HMRC. These taxes are known as Priority Taxes and include:

- •\_\_\_ VAT:\_\_
- PAYE (including student loan repayments);
- Construction Industry Scheme deductions; and
- Employees' NI contributions.

|---------------|------------|

APPENDIX B

# NOTES TO THE STATEMENT OF AFFAIRS (Continued)

The liabilities to HMRC in respect of taxes that have secondary preferential status have been estimated by the Directors as follows:

- VAT £9.934
- PAYE/Employees NI £605

These values should not be considered to be agreed.

HMRC will remain an ordinary unsecured creditor in respect of taxes that HMRC collects directly (e.g. corporation tax and employers' national insurance contributions). (See note 6 below).

#### 5. Prescribed Part

The Insolvency Act 1986 provides that, where a company has created a floating charge after 15 September 2003, a prescribed part of the company's net property must be made available to the unsecured creditors and not be distributed to the floating charge holder except in so far as it exceeds the amount required for the satisfaction of unsecured claims. The net property represents the assets available after the costs and expenses of the insolvency-procedure and the discharge of preferential creditors claims in full. No provision has been included within the estimated statement of affairs regarding the costs and expenses of the insolvency procedure.

The method of calculating the prescribed part is given below:

Where the net property does not exceed £10,000 (the prescribed minimum) it may be considered that the cost of making a distribution is disproportionate to the benefits and no prescribed part is required to be set aside.

Where the net property exceeds £10,000 the prescribed part is calculated at a value of 50% of the first £10,000 plus a further 20% of the net property which exceeds £10,000, up to a maximum prescribed part of £800,000 where the first ranking floating charge was created on or after 6 April 2020 (£600,000 if created before then).

As the Company has no unsatisfied post-Enterprise Act charges, there will be no requirement to set aside a prescribed part in this case.
