1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with FRS 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland (as applied to small entities by section 1A of the standard).

Turnover

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer. Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs.

Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

Creditors

Short term creditors are measured at transaction price (which is usually the invoice price). Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs and subsequently measured at amortised cost determined using the effective interest method.

PART 1 - GENERAL DESCRIPTION OF THE COMPANY'S ACTIVITIES AND IMPACT

In the space provided below, please insert a general account of the company's activities in the financial year to which the report relates, including a description of how they have benefited the community.

1Up brings schools, businesses and local communities together to close the attainment gap and help disadvantaged, hard to reach young people fulfil their potential.

From April 2019, 1Up continued its work with over 60 young people at ORTU Federation Schools in years 7 to 11 (aged 11-16) that were underachieving, disengaging from education and regularly demonstrating challenging behaviour.

A combination of approaches have been used to engage pupils that include 1to1 mentoring / coaching sessions, group work, parental engagement, employability skills development, careers coaching, business engagement, tutoring, and group work that included kinaesthetic learning, practical activities, discussions, reflection & peer review.

The school and local community have benefited by the most hard to reach, 'at risk' pupils in these schools improving their behaviour, attendance and attainment, becoming successfully engaged in their education and making a successful transition in to further education, employment and training.

(If applicable, please just state "A social audit report covering these points is attached").

At the start of every project and academic year we consult with key stakeholders including, pupils, school staff and parents to assist in the design of the project. The information gathered in these consultations is fed directly back into project in order to meet the needs and preferences of all stakeholders.

We also do ongoing evaluation on a termly basis with the teachers and pupils to ensure we are meeting the needs of the individual pupils and school.
