Notes to the Financial Statements
for the Year Ended 30 June 2020

1. **ACCOUNTING POLICIES**

BASIS OF PREPARING THE FINANCIAL STATEMENTS

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

TURNOVER

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

TAXATION

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

DEFERRED TAX

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

GOING CONCERN NOTE

The financial statements have been prepared on a going concern basis, the director believes this assumption to be appropriate based on the continuing financial support of the company's director.

If the going concern basis was not appropriate, adjustments would have to be made to restate the value of the assets to their recoverable amount, to provide for any further liabilities that may arise and to reclassify fixed assets as current assets and long term liabilities as current liabilities.

2. **EMPLOYEES AND DIRECTORS**

The average number of employees during the year was NIL (2019 - NIL).
