1. Progress of the Administration

Work undertaken during the period

I attach at **Appendix C** a schedule of work undertaken during the period together with a summary of work still to be completed.

The schedule of work details the work required to realise the following assets:

- Intercompany Debt

I can confirm that no work has been subcontracted to third parties.

Attached at **Appendix E** is a receipts and payments account detailing both transactions for the period of this report and also cumulatively since my appointment as Administrator.

Payments made from the estate are fair and reasonable and proportionate to the insolvency appointment and are directly attributable to this insolvency.

No payments have been made to associates of the Administrators without the prior approval of creditors as required by SIP9.

Investigations

Part of my duties include carrying out proportionate investigations into what assets the Company has, including any potential claims against directors or other parties, and what recoveries could be made. I have reviewed the Company's books and records and accounting information, requested further information from the directors, and invited creditors to provide information on any concerns they have regarding the way in which the Company's business has been conducted.

Further details of the conduct of my investigations are set out in the schedule of work attached. I can confirm that no further investigations or actions were required.

Extension to the initial period of appointment

The Administrators sought approval from the Court to extend the administration to allow a dividend to be received from Otro Global Limited – In Administration. The Court confirmed that the Administration has been extended to 7 September 2024.

Anticipated exit strategy

It is anticipated that the Administration will be exited via dissolution, this is because any distribution to the unsecured creditors will be paid via the prescribed part only, and can be done in the Administration; meaning there is no requirement to place the Company into CVL.

2. Estimated Outcome for the creditors

FRP

The estimated outcome for creditors was set out in the Administrators proposals.

Outcome for the secured creditors

The secured creditor is owed £15,575,275.20. I confirm that a distribution of £26,676.10 was paid to them on 23 August 2022 under their fixed charge and £300,000 under their floating charge.

A further distribution is anticipated, however the timing and quantum are uncertain.

Outcome for the preferential creditors

There are no preferential creditors in this matter.

Outcome for the unsecured creditors

It is currently likely that there will be a small distribution made to the unsecured creditors, via the prescribed part.

Prescribed Part

The prescribed part is a carve out of funds available to the holder of a floating charge, which is set aside for the unsecured creditors in accordance with Section 176A of the Insolvency Act 1986. The prescribed part only applies where the floating charge was created after 15 September 2003 and the net property available to the floating charge holder exceeds £10,000.

The prescribed part based on net property estimated to be c.£461,071 has been calculated to be approximately c.£95,214. The prescribed part is available for all unsecured creditors and where there are only sufficient funds to enable a dividend to be paid to unsecured creditors from the prescribed part, this will be paid by the Administrators.

3. Administrators' remuneration, disbursements, expenses and pre-appointment costs

FRP

Administrators' remuneration

Following circulation of the Administrators' proposals the secured creditors passed a resolution that the Administrators' remuneration should be calculated on a time cost basis. Details of remuneration charged during the period of the report are set out in the statement of expenses attached. To date fees of £66,242 excluding VAT have been drawn from the funds available. Time costs incurred in the period total £16,523; this equates to 46.55 hours at an average hourly charge out rate of £354.95. In contrast, time costs for the cumulative period total £111,484, this equates to 405.60 hours at an average hourly rate of £274.86. A breakdown of our time costs incurred during the period of this report and to date is attached at **Appendix D**.

The Administrators are unable to draw fees based on time costs exceeding the total amount set out in the fees estimate without further approval of the secured creditors. Further approval will be sought under separate cover given the further work to date and anticipated to conclude this case.

Administrators' disbursements

The Administrators' disbursements are a recharge of actual costs incurred by the Administrators on behalf of the Company. Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP at the HMRC approved mileage rate prevailing at the time the mileage was incurred. Details of disbursements incurred during the period of this report are set out in **Appendix D**.

Administrators' expenses

An estimate of the Administrators' expenses was set out in the Administrators' proposals. I attach at **Appendix F** a statement of expenses that have been incurred during the period covered by this report. It is currently expected that the expenses incurred or anticipated to be incurred are not likely to exceed the details previously provided

Otro Club Limited (In Administration)

Appendix C
Schedule of work

FRP

Otro Club Limited (IN ADMINISTRATION)**Schedule of Work**

The table below sets out a detailed summary of the work undertaken by the office holders during the reporting period together with an outline of work still to complete. Where work undertaken results in the realisation of funds (from the sale of assets and enhanced recoveries) recoveries from successful actions taken against third parties), there may be a financial benefit to creditors should there be sufficient funds available to make a distribution to one or more class of creditor. In this case work undertaken will include the scrutiny and agreement of creditor claims.

A proportion of the work undertaken by an Insolvency Practitioner is required by statute, including ensuring the appointment is valid, notifications of the appointment to third parties, regular reporting on the progress, notifying statutory bodies where required in relation to the conduct of the directors, complying with relevant legislation and regulatory matters. This may not have a direct financial benefit to creditors but is substantially there to protect creditors and other stakeholders and ensuring they are kept informed of developments.
