TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) FOR THE YEAR ENDED 31 DECEMBER 2020

The trustees present their report and financial statements of The Altro Foundation Limited ("the Foundation") for the year ended 31 December 2020.

The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the financial statements and comply with the Foundation's governing document, the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (as amended for accounting periods commencing from 1 January 2019).

Objectives and activities

The Foundation's objects are

1. to promote the physical and mental health and the saving of lives, including the prevention or relief of sickness, disease or human suffering, as well as the advancement of health, and the improvement of public medical facilities within developing countries; and
2. to relieve sickness and to preserve the health of people by providing or assisting in the provision of equipment, items, facilities and support services not normally provided by the statutory authorities or ancillary to those provided by doctors; and
3. to relieve sickness and ease the suffering or assist the recovery of people who are sick, convalescent, disabled or infirm, by improving and refurbishing medical facilities in developing countries; and
4. to assist in the treatment and care of people suffering from mental and physical illness of any description or in need of rehabilitation as a result of such illness, by the provision of medical facilities for work and recreation; and
5. to promote and protect the physical and mental health of sufferers of various medical conditions in developing countries through the provision of financial assistance, support, medical education and practical advice; and
6. to support other registered charities through the provisions of grants, donations, goods and services.

There has been no change in these during the year.

The trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the Foundation should undertake.

Achievements and performance

In 2020 the Foundation made good progress against its charitable objectives, with COVID-19 having a minimal impact on both its operations and ability to make grants. New grants were made to fund the provision and operation of a mobile clinic and wellness centre in Kenya. The Foundation also continued to fund targeted access to essential medicines for remote communities in Peru. In allowing it to continue to do so, the Foundation generated £174k of donation income (2019: £124k).

Financial review

The statement of financial activities is set out on page 5. At 31 December 2020, the Foundation had cash of £340k (2019: £411k) and unrestricted reserves of £292k (2019: £226k).

The Foundation continues to look to make progress in furthering its objectives both through new and ongoing projects. As part of this it intends to undertake further expenditure on projects to provide access to health services to underserved populations in Kenya.

It is the policy of the Foundation that unrestricted funds which have not been designated for a specific use should be maintained at a level equivalent to between three and six month's expenditure. The trustees consider that reserves at this level will ensure that, in the event of a significant drop in funding, they will be able to continue the Foundation's current activities while consideration is given to ways in which additional funds may be raised.

As at 31 December 2020, the foundation had free reserves of £292k (2019: £226k), which exceeds the target set by the trustees.

THE ALTRO FOUNDATION LIMITED

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2020

The financial statements are prepared in sterling, which is the functional currency of the Foundation. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

1.2 Going concern

At the time of approving the financial statements, the trustees have a reasonable expectation that the Foundation has adequate resources to continue in operational existence for the foreseeable future. Thus the trustees continue to adopt the going concern basis of accounting in preparing the financial statements.

1.3 Charitable funds

Unrestricted funds are available for use at the discretion of the trustees in furtherance of their charitable objectives.

Restricted funds are subject to specific conditions by donors as to how they may be used. The purposes and uses of the restricted funds are set out in the notes to the financial statements.

Endowment funds are subject to specific conditions by donors that the capital must be maintained by the Foundation.

1.4 Income

Cash donations are recognised on receipt. Other donations are recognised once the Foundation has been notified of the donation, unless performance conditions require deferral of the amount. Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

1.5 Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the Foundation to that expenditure, it is probable that settlement will be required and the amount of the obligation can be measured reliably. 1 Accounting policies

(Continued)

1.6 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.7 Financial instruments

The Foundation has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the Foundation's balance sheet when the Foundation becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Basic financial liabilities

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Derecognition of financial liabilities

Financial liabilities are derecognised when the Foundation's contractual obligations expire or are discharged or cancelled.

2 Critical accounting estimates and judgements

In the application of the Foundation's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.
