DFW Associates Charging Policy

Introduction

This note applies where a licenced insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees. Following a passing of the resolution for the office holder to be remunerated on a time cost basis. Best practice guidance requires that such information should be disclosed to those who are responsible for approving remuneration.

In addition, this note applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the costs of facilities provided by the firm and where payments are to be made to outside parties in which the office holder or his firm or any associate has an interest. Best practice guidance requires that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated.

Office Holder's Fees in Respect of the Administration of the insolvent estate.

The office holder will delegate tasks to colleagues. Such delegation assists the office holder as it allows him/her to deal with the more difficult aspects of the case and ensures that work is allocated and completed at the appropriate level. There are various staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows the staff working on the case with the office holder to allocate their time to the case. The time is recorded at the individual hourly rate in force at that time which is detailed below.

Expenses Incurred By Office Holder In Respect Of the Administration of Insolvent Estates

Best practice guidance classifies expenses into two broad categories

- Category 1 disbursements (approval not required) – specific expenditure that is directly related to the case usually outsourced to a third party. Once these items of expenditure are incurred they are immediately charged to the case.
- Category 2 disbursements (approval required) – items of incidental expenditure directly incurred on the case which include an element of shared or allocated cost and which are based on a reasonable method of calculation.

(A) The following items of expenditure are charged to the case (subject to approval)

- Car Mileage is charged at a rate of 45p per mile
- Storage of books and records (when not chargeable as a category 1 disbursement)
- Expenses which should be treated as Category 2 disbursements (approval required) – in addition to the 2 categories referred to above best practice guidance indicates that where payments are made to outside parties in which the office holder or his firm or any associate has an interest these should be treated as category 2 disbursements

(B) The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a category 1 disbursement.

- Telephone and facsimile
- Printing and photocopying
