Security Interests in Intellectual Property

Section 2.01. *Security Interest.*

(a) Subject to Section 2.01(b), as security for the payment or performance, as the case may be, in full of the Secured Obligations, each Grantor hereby grants to the Secured Parties and their successors and assigns, a security interest (the “Security Interest”) in, all of such Grantor’s right, title and interest in, to or under any and all of (i) the IP Collateral, (ii) all Security Entitlements in the IP Collateral and (iii) to the extent not otherwise included, all Proceeds and products of any and all of the foregoing and all collateral security and guarantees given by any Person with respect to any of the foregoing (collectively, the “Article 9 Collateral”).

(b) The “Article 9 Collateral” shall not include any intent-to-use Trademark application prior to the filing and acceptance by the U.S. Patent and Trademark Office or other applicable Governmental Authority of a “Statement of Use”, “Declaration of Use” or “Amendment to Allege Use” solely during the period, if any, in which the grant of a security interest therein would impair the validity or enforceability of such intent-to-use Trademark application (or any Trademark registration resulting therefrom) under applicable law (the “Excluded Property”), after which period such application shall be automatically subject to the security interest granted herein and deemed to be included in the Article 9 Collateral.

(c) Each Grantor hereby irrevocably authorizes the Secured Parties at any time and from time to time to file in any relevant jurisdiction any financing statements or continuation statements with respect to the Article 9 Collateral or any part thereof and amendments thereto that (i) describe the collateral covered thereby in any manner that the Secured Parties reasonably determines is necessary or advisable to ensure the perfection of the security interest in the Article 9 Collateral granted under this Agreement including indicating the Collateral as all assets or all personal property of such Grantor or words of similar effect and (ii) contain the information required by Article 9 of the UCC of each applicable jurisdiction for the filing of any financing statement or amendment, including whether such Grantor is an organization, the type of organization and any organizational identification number issued to such Grantor, and each Grantor hereby agrees to provide such information to the Secured Parties promptly upon request, it being understood that the Secured Parties shall have no responsibility for any such filings and no liability whatsoever to any Person for such filings or for requesting or failing to request execution and delivery by any Grantor of any such other instruments or notices. For the avoidance of doubt, it is each Grantor’s primary responsibility to establish, maintain and preserve the perfection of the Liens granted under this Agreement.

(d) The Security Interest is granted as security only and shall not subject the Secured Parties to, or in any way alter or modify, any obligation or liability of any Grantor with respect to or arising out of the Article 9 Collateral.

(e) Each Grantor hereby agrees to file a Grant of Security Interest substantially in the form of Exhibit II, III or IV, as applicable, covering relevant IP Collateral consisting of United States Patents (and United States Patents for which applications are pending), United States registered Trademarks (and United States Trademarks for which registration applications are pending), United States registered Copyrights and exclusive United States Copyright Licenses under which a Grantor is licensee, in each case, with the United States Patent and Trademark Office or United States Copyright Office (or any successor office), as applicable, and such other documents as may be necessary or advisable for the purpose of perfecting, confirming, continuing, enforcing or protecting the Security Interest granted by such Grantor hereunder, without the signature of such Grantor, and naming such Grantor, as debtor, and Natura &Co Lux and Natura &Co UK, as secured parties.

Section 2.02. *Representations and Warranties.*

Each Grantor represents and warrants, as to itself and the other Grantors, to the Secured Parties that:

(a) Each Grantor has good and valid rights (not subject to any Liens other than Liens permitted by the Secured Loans) and/or good or marketable title in the Article 9 Collateral with respect to which it has purported to grant a Security Interest hereunder (which rights and/or title, are in any event, sufficient under Section 9-203 of the UCC), and has full power and authority to grant to the Secured Parties the Security Interest in such Article 9 Collateral pursuant hereto and to execute, deliver and perform its obligations in accordance with the terms of this Agreement, without the consent or approval of any other Person other than any consent or approval that has been obtained.

(b) The UCC financing statements prepared by the Parent Grantor for filing in each governmental, municipal or other office specified in Schedule IV of this Agreement (or specified by notice from the applicable Grantor to the Secured Parties after the Closing Date in the case of filings, recordings or registrations required by each Secured Loan), are all the filings, recordings and registrations (other than any filings required to be made in the United States Patent and Trademark Office or the United States Copyright Office in order to perfect the Security Interest in Article 9 Collateral consisting of Intellectual Property or Licenses) necessary to establish a legal, valid and perfected security interest in favor of the Secured Parties in respect of all Article 9 Collateral in which the Security Interest may be perfected by filing, recording or registration in the United States (or any political subdivision thereof) and its territories and possessions, and no further or subsequent filing, refile, recording, rerecording, registration or reregistration with respect to such Article 9 Collateral is necessary in any such jurisdiction, except as provided under applicable law with respect to the filing of continuation statements.

(c) The Security Interest constitutes (i) a legal and valid security interest in all the Article 9 Collateral securing the payment and performance of the Secured Obligations, (ii) subject to the filings described in Section 2.02(b), a perfected security interest in all Article 9 Collateral in which a security interest may be perfected by filing, recording or registering a financing statement in the United States (or any political subdivision thereof) and its territories and possessions pursuant to the UCC and (iii) a security interest that shall be perfected in all Article 9 Collateral (other than with respect to any Copyright that is not material to the business of the Grantors, taken as a whole)

in which a security interest may be perfected upon the receipt and recording of the relevant Grants of Security Interest with the United States Patent and Trademark Office and the United States Copyright Office, as applicable. The Security Interest is and shall be prior to any other Lien on any of the Article 9 Collateral, other than (i) any nonconsensual Lien that is expressly permitted pursuant to either Secured Loan and has priority as a matter of law and (ii) any other Lien that is expressly permitted pursuant to either Secured Loan.

(d) The Article 9 Collateral is owned by the Grantors free and clear of any Lien, except for Liens expressly permitted pursuant to each Secured Loan. None of the Grantors has filed or consented to the filing of (i) any financing statement or analogous document under the UCC or any other applicable laws covering any Article 9 Collateral, (ii) any assignment in which any Grantor assigns any Article 9 Collateral or any security agreement or similar instrument covering any Article 9 Collateral with the United States Patent and Trademark Office or the United States Copyright Office, or (iii) any assignment in which any Grantor assigns any Article 9 Collateral or any security agreement or similar instrument covering any Article 9 Collateral with any foreign governmental, municipal or other office, which financing statement or analogous document, assignment, security agreement or similar instrument is still in effect, except, in each case, for Liens expressly permitted pursuant to each Secured Loan.

(e) Except as would not reasonably be expected to have a material adverse effect on the business, consolidated financial position or consolidated results of operations of Parent Grantor and its consolidated Subsidiaries, considered as a whole, with respect to the IP Collateral:

(i) such Grantor is the exclusive owner of all right, title and interest in and to the IP Collateral or has a license or other right to use the IP Collateral subject only to the terms of the Company Licenses;

(ii) to such Grantor's knowledge, the operation of such Grantor's business as currently conducted and the use of the IP Collateral in connection therewith do not conflict with, infringe, misappropriate, dilute, misuse or otherwise violate the Intellectual Property rights of any third party;

(iii) the IP Collateral set forth on Schedules II, III and IV attached hereto includes (A) all of the Patents, Trademarks and Copyrights owned by such Grantor and registered, or applied for, in the United States, (B) all exclusive United States Copyright Licenses under which a Grantor is a licensee and (C) to such Grantor's knowledge, all Domain Names owned by such Grantor, in each case of (A), (B) and (C), as of the date hereof;

(iv) the IP Collateral is subsisting and has not been adjudged invalid or unenforceable, in whole or in part, and, to such Grantor's knowledge, is valid and enforceable. Such Grantor is not aware of any uses of any material item of IP Collateral that would reasonably be expected to lead to such item becoming invalid or unenforceable;

(v) such Grantor has made or performed all filings, recordings and other acts and has paid all required fees and taxes to maintain and protect its interest in each and every item of IP Collateral in full force and effect, and to protect and maintain its interest therein,

except with respect to IP Collateral that such Grantor determines in its reasonable business judgment is no longer necessary for the conduct of the business;

(vi) no claim, action, suit, investigation, litigation or proceeding has been asserted or is pending or, to such Grantor's knowledge, threatened against such Grantor (A) based upon or challenging or seeking to deny or restrict the Grantor's rights in or use of any of the IP Collateral, (B) alleging that the Grantor's rights in or use of the IP Collateral or that any services provided by, processes used by, or products manufactured or sold by, such Grantor infringe, misappropriate, dilute, misuse or otherwise violate any patent, trademark, copyright or any other proprietary right of any third party, or (C) alleging that the IP Collateral is being licensed or sublicensed in violation or contravention of the terms of any license or other agreement. To such Grantor's knowledge, no Person is engaging in any activity that infringes, misappropriates, dilutes, misuses or otherwise violates the material IP Collateral or the Grantor's rights in or use thereof. To such Grantor's knowledge, the consummation of the transactions contemplated by the Loan Documents will not result in the termination or impairment of any of the IP Collateral;

(vii) with respect to each Company License: (A) to such Grantor's knowledge, such Company License is valid and binding and in full force and effect; (B) such Grantor has not received any notice of termination or cancellation under such Company License; (C) such Grantor has not received any notice of a breach or default under such Company License; (D) neither such Grantor nor, to such Grantor's knowledge, any other party to such Company License is in breach or default thereof in any material respect; and (E) to such Grantor's knowledge, no event has occurred that, with notice or lapse of time or both, would constitute such a breach or default or permit termination, modification or acceleration under such Company License; and

(viii) to such Grantor's knowledge, (A) none of the material trade secrets of such Grantor has been used, divulged, disclosed or appropriated to the detriment of such Grantor for the benefit of any other Person other than such Grantor; (B) no employee, independent contractor or agent of such Grantor has misappropriated any material trade secrets of any other Person in the course of the performance of his or her duties as an employee, independent contractor or agent of such Grantor; and (C) no employee, independent contractor or agent of such Grantor is in default or breach of any material term of any employment agreement, non-disclosure agreement, assignment of inventions agreement or similar agreement or contract relating in any way to the protection, ownership, development, use or transfer of such Grantor's material IP Collateral.

Section 2.03. *Covenants.*

(a) The Parent Grantor hereby agrees to promptly (and in any event within thirty (30) calendar days of such event) notify the Secured Parties of any change (i) in the legal name of any Grantor, (ii) in the identity or type of organization or corporate structure of any Grantor, (iii) in the jurisdiction of organization of any Grantor, (iv) in the location of any Grantor under the UCC or (v) in the organizational identification number of any Grantor. In addition, if any Grantor does not have an organizational identification number on the Closing Date (or the date such Grantor becomes a party to this Agreement) and later obtains one, the Parent Grantor shall promptly

thereafter notify the Secured Parties of such organizational identification number and shall take all actions to the extent necessary to maintain the security interests (and the priority thereof) of the Secured Parties in the Collateral intended to be granted hereby fully perfected and in full force and effect. The Grantors agree not to effect or permit any change referred to in the preceding sentence unless all filings, publications and registrations, have been made (or will be made in a timely fashion) under the UCC or other applicable law that are required in order for the Secured Parties to continue at all times following such change to have a valid, legal and perfected first priority security interest to the extent required under the Loan Documents (subject only to (i) any nonconsensual Lien that is expressly permitted pursuant to the Secured Loans and has priority as a matter of law and (ii) Liens expressly permitted pursuant to the Secured Loans) in all the Collateral for its own benefit and the benefit of the other Secured Parties.

(b) Each Grantor shall, at its own expense, take commercially reasonable actions necessary to defend title to the Article 9 Collateral against all Persons, except with respect to Article 9 Collateral that such Grantor determines in its reasonable business judgment is no longer necessary for or beneficial to the conduct of the business, and to defend the Security Interest of the Secured Parties in the Article 9 Collateral and the priority thereof against any Lien not permitted pursuant to each Secured Loan.

(c) Each Grantor hereby agrees, at its own expense, to execute, acknowledge, deliver and cause to be duly filed all such further instruments and documents and take all such actions as may be required to better assure, preserve, protect and perfect the Security Interest and the rights and remedies created hereby, including the payment of any fees and Taxes required in connection with the execution and delivery of this Agreement, the granting of the Security Interest and the filing of any financing statements (including fixture filings) or other documents in connection herewith or therewith.

(d) Each Grantor (rather than any Secured Party) shall remain liable (as between itself and any relevant counterparty) to observe and perform all the conditions and obligations to be observed and performed by it under each contract, agreement or instrument relating to the Article 9 Collateral, all in accordance with the terms and conditions thereof, and each Grantor jointly and severally agrees to indemnify and hold harmless the Secured Parties from and against any and all liability for such performance.

(e) The parties agree that, notwithstanding anything in this Agreement to the contrary for the avoidance of doubt, other than the filing of a UCC financing statement, no Grantor shall be required to enter into any security agreements governed under foreign law or complete any filings or take any other actions in any foreign jurisdiction or required by foreign law to create any security interest in Collateral located or titled outside the United States or to perfect or make enforceable any Security Interest in any foreign jurisdiction or required by foreign law.

ARTICLE III

Special Provisions Concerning Collateral

Section 3.01. *Grant of License to Use Intellectual Property.*

Without limiting the provisions of Section 2.01 and Section 4.01 hereof or any other rights of the Secured Parties as the holder of a Security Interest in any IP Collateral, each Grantor hereby grants to the Secured Parties, an irrevocable, nonexclusive license (exercisable without payment of royalty or other compensation to the Grantors) to use, license or sublicense any of the IP Collateral now owned or hereafter acquired by such Grantor and wherever the same may be located (whether or not any license agreement by and between any Grantor and any other Person relating to the use of such IP Collateral may be terminated hereafter), and including in such license reasonable access to all media in which any of the licensed items may be recorded or stored and to all computer software and programs used for the compilation or printout thereof, provided, however, that (a) any such license granted by the Secured Parties to a third party shall include reasonable and customary terms necessary to preserve the existence, validity and value of the affected IP Collateral, including without limitation, provisions requiring the continuing confidential handling of trade secrets, requiring the use of appropriate notices and prohibiting the use of false notices, protecting and maintaining the quality standards of the Trademarks in the manner set forth below (it being understood and agreed that, without limiting any other rights and remedies of the Secured Parties under this Agreement, any other Loan Document or applicable law, nothing in the foregoing license grant shall be construed as granting the Secured Parties rights in and to such IP Collateral above and beyond (x) the rights to such IP Collateral that each Grantor has reserved for itself and (y) in the case of IP Collateral that is licensed to any such Grantor by a third party, the extent to which such Grantor has the right to grant a sublicense to such IP Collateral hereunder) and (b) each of the Secured Parties covenants and agrees to exercise its rights under the license granted pursuant to this Section 3.01 only upon the occurrence and during the continuance of an Event of Default.

Section 3.02. *Protection of the Secured Parties' Security.*

(a) Except to the extent permitted by Section 3.02(g) below, or to the extent that failure to act could not reasonably be expected to have a material adverse effect on the business, consolidated financial position or consolidated results of operations of Parent Grantor and its consolidated Subsidiaries, considered as a whole, with respect to registration or pending application of each item of its IP Collateral for which such Grantor has standing to do so, each Grantor hereby agrees to take, at its expense, reasonable steps, including, without limitation, in the United States Patent and Trademark Office, the United States Copyright Office and any other foreign equivalent office to (i) maintain the validity and enforceability of any registered IP Collateral and maintain such IP Collateral in full force and effect, (ii) pursue the registration and maintenance of each Patent, Trademark, or Copyright registration or application, now or hereafter included in such IP Collateral of such Grantor, including, without limitation, the payment of required fees and taxes, the filing of responses to office actions issued by the United States Patent and Trademark Office, the United States Copyright Office or any other foreign equivalent office, the filing of applications for renewal or extension, the filing of affidavits under Sections 8 and 15 of the United States Trademark Act, the filing of divisional, continuation, continuation-in-part, reissue and renewal

applications or extensions, the payment of maintenance fees and the participation in interference, reexamination, opposition, cancellation, infringement and misappropriation proceedings, (iii) preserve and protect each item of its IP Collateral, including, without limitation, maintaining the quality of any and all products or services used or provided in connection with any of the Trademarks, consistent with the quality of the products and services as of the date hereof, and taking all reasonable steps necessary to ensure that all licensed users of any of the Trademarks abide by the applicable license's terms with respect to the standards of quality and (iv) maintain and renew those Domain Names included in the IP Collateral that are material to such Grantor's business.

(b) Except to the extent permitted by Section 3.02(g) below, or to the extent that failure to act could not reasonably be expected to have a material adverse effect on the business, consolidated financial position or consolidated results of operations of Parent Grantor and its consolidated Subsidiaries, considered as a whole, no Grantor shall do or permit any act or knowingly omit to do any act whereby any of its IP Collateral may lapse, be terminated, or become invalid or unenforceable or placed in the public domain (or in case of a trade secret, lose its competitive value).

(c) In the event that any Grantor becomes aware that any material item of the IP Collateral is being infringed or misappropriated by a third party, such Grantor shall promptly notify the Secured Parties and shall take such actions, at its expense, as is reasonably necessary under the circumstances to protect or enforce such IP Collateral, including, without limitation, suing for infringement or misappropriation and for an injunction against such infringement or misappropriation.

(d) Each Grantor hereby agrees that, should it obtain an ownership or other interest in any Intellectual Property or enter into any License, in each case, after the Closing Date (the "After-Acquired Intellectual Property") (i) the provisions of this Agreement shall automatically apply thereto, and (ii) any such After-Acquired Intellectual Property and, in the case of Trademarks, the goodwill symbolized thereby, shall automatically become part of the IP Collateral subject to the terms and conditions of this Agreement with respect thereto.

(e) Once every fiscal year of the Parent Grantor, each Grantor shall sign and deliver to the Secured Parties an appropriate Security Agreement Supplement and related Grant of Security Interest with respect to applications for registration or registrations of IP Collateral owned or exclusively licensed by it as of the last day of such fiscal year, to the extent that such IP Collateral is not covered by any previous Security Agreement Supplement (and Grant of Security Interests) so signed and delivered by it. In each case, it will promptly cooperate as reasonably necessary to enable the Secured Parties to make any necessary or reasonably desirable recordings with the United States Copyright Office or the United States Patent and Trademark Office, as appropriate.

(f) Notwithstanding anything in this Agreement or any other Loan Document to the contrary, no Grantor shall sell, dispose of or transfer, or grant any license or sub-license (other than non-exclusive licenses or non-exclusive sublicenses, in each case, entered into in the ordinary course of business consistent with past practice) of Material Intellectual Property to any Person except to another Grantor.

(g) Notwithstanding the foregoing provisions of this Section 3.02 or elsewhere in this Agreement, nothing in this Agreement shall prevent any Grantor from abandoning or discontinuing the use or maintenance of any or its IP Collateral, or from failing to take action to enforce license agreements or pursue actions against infringers, if such Grantor determines in its reasonable business judgment that such abandonment, discontinuance, or failure to take action is desirable in the conduct of its business.

ARTICLE IV

Remedies

Section 4.01. *Remedies Upon Default.*

Upon the occurrence and during the continuance of an Event of Default, it is agreed that the Secured Parties shall have the right to exercise any and all rights afforded to a secured party under this Agreement, the UCC or other applicable law, and also may (a) require each Grantor to, and each Grantor hereby agrees that it will at its expense and upon request of the Secured Parties forthwith, assemble all or part of the Collateral as directed by the Secured Parties and make it available to the Secured Parties at a place and time to be designated by the Secured Parties that is reasonably convenient to both parties; (b) occupy any premises owned or, to the extent lawful and permitted, leased by any of the Grantors where the Collateral or any part thereof is assembled or located for a reasonable period in order to effectuate its rights and remedies hereunder or under law, without obligation to such Grantor in respect of such occupation; provided that the Secured Parties shall provide the applicable Grantor with notice thereof prior to or promptly after such occupancy; (c) exercise any and all rights and remedies of any of the Grantors under or in connection with the Collateral, or otherwise in respect of the Collateral; provided that the Secured Parties shall provide the applicable Grantor with notice thereof prior to or promptly after such exercise; (d) subject to the mandatory requirements of applicable law and the notice requirements described below, sell or otherwise dispose of all or any part of the Collateral securing the Secured Obligations at a public or private sale or at any broker's board or on any securities exchange, for cash, upon credit or for future delivery as the Secured Parties shall deem appropriate and (e) with respect to any IP Collateral, without limiting the provisions of Section 3.01 hereof or any other rights of the Secured Parties as the holder of a Security Interest in any IP Collateral, on demand, cause the Security Interest to become an assignment, transfer and conveyance of any of or all such IP Collateral by the applicable Grantors to the Secured Parties, or license or sublicense, whether general, special or otherwise, and whether on an exclusive or nonexclusive basis, any such IP Collateral throughout the world on such terms and conditions and in such manner as the Secured Parties shall determine, provided, however, that such terms shall include all terms and restrictions that are customarily required to ensure the continuing validity and effectiveness of the IP Collateral at issue, such as, without limitation, notice, quality control and inurement provisions with regard to Trademarks, patent designation provisions with regard to Patents, and copyright notices and restrictions or decompilation and reverse engineering of copyrighted software, and confidentiality protections for trade secrets. Each Grantor acknowledges and recognizes that (i) the Secured Parties may be unable to effect a public sale of all or a part of the Collateral consisting of securities by reason of certain prohibitions contained in the Securities Act of 1933, 15 U.S.C. §77, (as amended and in effect, the "Securities Act") or the securities laws of various states (the "Blue Sky Laws"), but may be compelled to resort to one or more private sales to a restricted group of

purchasers who will be obliged to agree, among other things, to acquire such securities for their own account, for investment and not with a view to the distribution or resale thereof, (ii) private sales so made may be at prices and upon other terms less favorable to the seller than if such securities were sold at public sales, (iii) neither Secured Party has any obligation to delay sale of any of the Collateral for the period of time necessary to permit such securities to be registered for public sale under the Securities Act or the Blue Sky Laws, and (iv) private sales made under the foregoing circumstances shall be deemed to have been made in a commercially reasonable manner. To the maximum extent permitted by law, each Grantor hereby waives any claim against any Secured Party arising because the price at which any Collateral may have been sold at a private sale was less than the price that might have been obtained at a public sale, even if the Secured Parties accept the first offer received and do not offer such Collateral to more than one offeree. Upon consummation of any such sale the Secured Parties shall have the right to assign, transfer and deliver to the purchaser or purchasers thereof the Collateral so sold. Each such purchaser at any sale of Collateral shall hold the property sold absolutely, free from any claim or right on the part of any Grantor, and each Grantor hereby waives (to the extent permitted by applicable law) all rights of redemption, stay and appraisal which such Grantor now has or may at any time in the future have under any rule of law or statute now existing or hereafter enacted.

The Secured Parties shall give the applicable Grantors ten (10) Business Days' written notice (which each Grantor hereby agrees is reasonable notice within the meaning of Section 9-611 of the UCC or its equivalent in other jurisdictions) of the Secured Parties' intention to make any sale of Collateral. Such notice, in the case of a public sale, shall state the time and place for such sale and, in the case of a sale at a broker's board or on a securities exchange, shall state the board or exchange at which such sale is to be made and the day on which the Collateral, or portion thereof, will first be offered for sale at such board or exchange. Any such public sale shall be held at such time or times within ordinary business hours and at such place or places as the Secured Parties may fix and state in the notice (if any) of such sale. The Secured Parties may conduct one or more going out of business sales, in the Secured Parties' own right or by one or more agents and contractors. Such sale(s) may be conducted upon any premises owned, leased, or occupied by any Grantor. The Secured Parties and any such agent or contractor, in conjunction with any such sale, may augment the Inventory with other goods (all of which other goods shall remain the sole property of the Secured Parties or such agent or contractor). Any amounts realized from the sale of such goods which constitute augmentations to the Inventory (net of an allocable share of the costs and expenses incurred in their disposition) shall be the sole property of the Secured Parties or such agent or contractor and neither any Grantor nor any Person claiming under or in right of any Grantor shall have any interest therein. At any such sale, the Collateral, or portion thereof, to be sold may be sold in one lot as an entirety or in separate parcels, as the Secured Parties may (in their sole and absolute discretion) determine. The Secured Parties shall not be obligated to make any sale of any Collateral if it shall determine not to do so, regardless of the fact that notice of sale of such Collateral shall have been given. The Secured Parties may, without notice or publication, adjourn any public or private sale or cause the same to be adjourned from time to time by announcement at the time and place fixed for sale, and such sale may, without further notice, be made at the time and place to which the same was so adjourned. In case any sale of all or any part of the Collateral is made on credit or for future delivery, the Collateral so sold may be retained by the Secured Parties until the sale price is paid by the purchaser or purchasers thereof, but the Secured Parties shall not incur any liability in case any such purchaser or purchasers shall fail to take up and pay for the Collateral so sold and, in case of any such failure, such Collateral may be

sold again upon like notice. At any public (or, to the extent permitted by applicable law, private) sale made pursuant to this Agreement, any Secured Party may bid for or purchase, free (to the extent permitted by applicable law) from any right of redemption, stay, valuation or appraisal on the part of any Grantor (all said rights being also hereby waived and released to the extent permitted by applicable law), the Collateral or any part thereof offered for sale and may make payment on account thereof by using any claim then due and payable to such Secured Party from any Grantor as a credit against the purchase price, and such Secured Party may, upon compliance with the terms of sale, hold, retain and dispose of such property without further accountability to any Grantor therefor. For purposes of determining the Grantors' rights in the Collateral, a written agreement to purchase the Collateral or any portion thereof shall be treated as a sale thereof; the Secured Parties shall be free to carry out such sale pursuant to such agreement and no Grantor shall be entitled to the return of the Collateral or any portion thereof subject thereto, notwithstanding the fact that after the Secured Parties shall have entered into such an agreement all Events of Default shall have been remedied and the Secured Obligations paid in full, provided, however, that such agreements shall include all terms and restrictions that are customarily required to ensure the continuing validity and effectiveness of the IP Collateral at issue, such as, without limitation, quality control and inurement provisions with regard to Trademarks, patent designation provisions with regard to patents, and copyright notices and restrictions or decompilation and reverse engineering of copyrighted software, and protecting the confidentiality of trade secrets. As an alternative to exercising the power of sale herein conferred upon it, the Secured Parties may proceed by a suit or suits at law or in equity to foreclose this Agreement and to sell the Collateral or any portion thereof pursuant to a judgment or decree of a court or courts having competent jurisdiction or pursuant to a proceeding by a court appointed receiver. Any sale pursuant to the provisions of this Section 4.01 shall be deemed to conform to the commercially reasonable standards as provided in Section 9-610(b) of the UCC or its equivalent in other jurisdictions.

Each Grantor irrevocably makes, constitutes and appoints the Secured Parties (and all officers, employees or agents designated by the Secured Parties) as such Grantor's true and lawful agent (and attorney-in-fact) during the continuance of an Event of Default and after notice to the Parent Grantor and the Borrower of its intent to exercise such rights, for the purpose of, (i) making, settling and adjusting claims in respect of Article 9 Collateral under policies of insurance, endorsing the name of such Grantor on any check, draft, instrument or other item of payment for the proceeds of such policies of insurance and (ii) making all determinations and decisions with respect thereto. All sums disbursed by the Secured Parties in connection with this paragraph, including reasonable out-of-pocket attorneys' fees, court costs, expenses and other charges relating thereto, shall be payable, within ten (10) Business Days of demand, by the Grantors to the Secured Parties and shall be additional Secured Obligations secured hereby.

By accepting the benefits of this Agreement and each other Security Document, the Secured Parties expressly acknowledge and agree that this Agreement and each other Security Document may be enforced only by the action of the Secured Parties and that no other Secured Party shall have any right individually to seek to enforce or to enforce this Agreement or to realize upon the security to be granted hereby, it being understood and agreed that such rights and remedies may be exercised by the Secured Parties upon the terms of this Agreement and the other Security Documents.

Section 4.02. *Application of Proceeds.*

The Secured Parties shall apply the proceeds of any collection or sale of Collateral, including any Collateral consisting of cash:

(a) first, on a ratable basis, to the payment of all costs and reasonable expenses incurred by each Secured Party (in their respective capacities as such) in connection with such collection, sale or other liquidation of Collateral;

(b) second, on a ratable basis, to each Secured Party, to make the payment in full of the Secured Obligations under each Secured Loan;

(c) third, the balance, if any, after all of the Secured Obligations have been paid and discharged, to the Grantors or their successors or assigns, or as a court of competent jurisdiction may otherwise direct;

provided that following the commencement of any insolvency or liquidation proceeding with respect to any Grantor, in the event the value of the Collateral is not sufficient for the entire amount of Post-Petition Interest on the Secured Obligations to be allowed under Section 506(a) and (b) of the Bankruptcy Code or any other applicable provision of the Bankruptcy Code or any other applicable Bankruptcy Law in such insolvency or liquidation proceeding, the amount of Secured Obligations shall include only the maximum amount of Post-Petition Interest allowable under Section 506(a) and (b) of the Bankruptcy Code or any other applicable provision of the Bankruptcy Code or any other applicable Bankruptcy Law in such insolvency or liquidation proceeding.

The Secured Parties shall have absolute discretion as to the time of application of any such proceeds, moneys or balances in accordance with this Agreement. Upon any sale of Collateral by the Secured Parties (including pursuant to a power of sale granted by statute or under a judicial proceeding), the receipt of the Secured Parties or of the officer making the sale shall be a sufficient discharge to the purchaser or purchasers of the Collateral so sold and such purchaser or purchasers shall not be obligated to see to the application of any part of the purchase money paid over to the Secured Parties or such officer or be answerable in any way for the misapplication thereof. It is understood and agreed that the Grantors shall remain jointly and severally liable to the extent of any deficiency between the aggregate amount of the Secured Obligations minus the amount of the proceeds of the Collateral.

This Agreement shall continue in full force and effect notwithstanding the commencement of any proceeding under any Debtor Relief Law by or against any Grantor.

ARTICLE V

Indemnity, Subrogation and Subordination

Upon payment by any Grantor of any Secured Obligations, all rights of such Grantor against the Parent Grantor or any other Grantor arising as a result thereof by way of right of subrogation, contribution, reimbursement, indemnity or otherwise shall in all respects be subordinate and junior in right of payment to the prior payment in full in cash of all the Secured

Obligations (other than contingent indemnity obligations for then unasserted claims). If any amount shall erroneously be paid to the Parent Grantor or any other Grantor on account of (i) such subrogation, contribution, reimbursement, indemnity or similar right or (ii) any such indebtedness of the Parent Grantor or any other Grantor, such amount shall be held in trust for the benefit of the Secured Parties and shall forthwith be paid to the Secured Parties to be credited against the payment of the Secured Obligations, whether matured or unmatured, in accordance with the terms of the Secured Loans and the other Loan Documents. Subject to the foregoing, to the extent that any Grantor (other than the Borrower) shall, under this Agreement or the Secured Loans as a joint and several obligor, repay any of the Secured Obligations (an “Accommodation Payment”), then the Grantor making such Accommodation Payment shall be entitled to contribution and indemnification from, and be reimbursed by, each of the other Grantors in an amount equal to a fraction of such Accommodation Payment, the numerator of which fraction is such other Grantor’s Allocable Amount and the denominator of which is the sum of the Allocable Amounts of all of the Grantors. As of any date of determination, the “Allocable Amount” of each Grantor shall be equal to the maximum amount of liability for Accommodation Payments which could be asserted against such Grantor hereunder and under the Secured Loans without (a) rendering such Grantor “insolvent” within the meaning of Section 101 (31) of the Bankruptcy Code, Section 2 of the Uniform Fraudulent Transfer Act (“UFTA”) or Section 2 of the Uniform Fraudulent Conveyance Act (“UFCA”), (b) leaving such Grantor with unreasonably small capital or assets, within the meaning of Section 548 of the Bankruptcy Code, Section 4 of the UFTA, or Section 5 of the UFCA, or (c) leaving such Grantor unable to pay its debts as they become due within the meaning of Section 548 of the Bankruptcy Code or Section 4 of the UFTA, or Section 5 of the UFCA.

ARTICLE VI

Miscellaneous

Section 6.01. *Notices.*

All communications and notices hereunder shall (except as otherwise expressly permitted herein) be in writing and given as provided in each Secured Loan.

Section 6.02. *Waivers; Amendment.*

(a) No failure or delay by the Secured Parties in exercising any right or power hereunder or under any other Loan Document shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such a right or power, preclude any other or further exercise thereof or the exercise of any other right or power. The rights and remedies of the Secured Parties hereunder and under the other Loan Documents are cumulative and are not exclusive of any other rights or remedies that they would otherwise have. No waiver of any provision of this Agreement or consent to any departure by any Grantor therefrom shall in any event be effective unless the same shall be permitted by paragraph (b) of this Section 6.02, and then such waiver or consent shall be effective only in the specific instance and for the purpose for which given.

(b) Neither this Agreement nor any provision hereof may be waived, amended or modified except pursuant to an agreement or agreements in writing entered into by the Secured Parties and

the Grantor or Grantors with respect to which such waiver, amendment or modification is to apply, subject to any consent required in accordance with each Secured Loan.

Section 6.03. *Secured Parties' Fees and Expenses; Indemnification.*

(a) The Grantors shall pay to the Secured Parties from time to time such compensation for its acceptance of this Agreement and services hereunder as the parties shall agree in writing from time to time. The Grantors shall reimburse the Secured Parties promptly upon request for all reasonable and documented out-of-pocket disbursements, advances and expenses incurred or made by it in addition to the compensation for its services. Such expenses shall include the reasonable and documented compensation and reasonable and documented out-of-pocket disbursements and expenses of the Secured Parties' counsel.

The Grantors, jointly and severally, shall indemnify the Secured Parties and its officers, directors, and employees for, and hold the Secured Parties harmless against, any and all loss, damage, claims, liability or expense (including documented attorneys' out-of-pocket fees and expenses) incurred by it in connection with any action or inaction under this Agreement (including the documented out-of-pocket costs and expenses of enforcing the Liens granted to it under this Agreement, or defending itself against any claim whether asserted by any Secured Party, any Grantor, or liability in connection with the acceptance, exercise or performance of any of its powers or duties hereunder). The Secured Parties shall notify the Grantors promptly of any claim for which it may seek indemnity. Failure by the Secured Parties to so notify the Grantors shall not relieve the Grantors of their obligations hereunder except to the extent that the Grantors have been materially prejudiced by such failure (through the forfeiture of substantive rights and defenses). The Grantors shall defend the claim and the Secured Parties may have separate counsel and the Grantors shall pay the documented out-of-pocket fees and expenses of such counsel (it being understood, however, that the Grantors shall not be liable for the expenses of more than one separate counsel). The Grantors need not reimburse any expense or indemnify against any loss, liability or expense incurred by the Secured Parties through the Secured Parties' own willful misconduct or gross negligence.

(b) Any such amounts payable as provided hereunder shall be additional Secured Obligations secured hereby and by the other Security Documents. The provisions of this Section 6.03 shall remain operative and in full force and effect regardless of the termination of this Agreement or any other Loan Document, the repayment of any of the Secured Obligations, the invalidity or unenforceability of any term or provision of this Agreement or any other Loan Document, or any investigation made by or on behalf of the Secured Parties. All amounts due under this Section 6.03 shall be payable within thirty (30) Business Days after written demand therefor.

Section 6.04. *Successors and Assigns.*

Whenever in this Agreement any of the parties hereto is referred to, such reference shall be deemed to include the permitted successors and assigns of such party; and all covenants, promises and agreements by or on behalf of any Grantor or the Secured Parties that are contained in this Agreement shall bind and inure to the benefit of their respective permitted successors and assigns.

Section 6.05. *Survival of Agreement.*

Without limitation of any provision of the Secured Loans or Section 6.03 hereof, all covenants, agreements, indemnities, representations and warranties made by the Grantors in the Loan Documents and in the certificates or other instruments delivered in connection with or pursuant to this Agreement or any other Loan Document shall be considered to have been relied upon by the Secured Parties and shall survive the execution and delivery of the Loan Documents and the borrowing of any Loans, regardless of any investigation made by the Secured Parties or on its behalf and notwithstanding that Secured Parties may have had notice or knowledge of any Default or Event of Default or incorrect representation or warranty at the time the Loans are borrowed under the Secured Loans, and shall continue in full force and effect until this Agreement is terminated as provided in Section 6.12 hereof, or with respect to any individual Grantor until such Grantor is otherwise released from its obligations under this Agreement in accordance with the terms hereof.

Section 6.06. *Counterparts; Effectiveness; Several Agreement.*

This Agreement may be executed any number of counterparts, and by the different parties hereto on separate counterparts, each of which when so executed and delivered shall be an original, but all of which when taken together shall constitute a single contract. This Agreement shall become effective when it shall have been executed by the Grantors and the Secured Parties and thereafter shall be binding upon and inure to the benefit of each Grantor, the Secured Parties and their respective permitted successors and assigns, subject to Section 6.04 hereof. Delivery of an executed counterpart of a signature page to this Agreement by telecopier shall be effective as delivery of a manually executed counterpart to this Agreement. This Agreement shall be construed as a separate agreement with respect to each Grantor and may be amended, restated, modified, supplemented, waived or released with respect to any Grantor without the approval of any other Grantor and without affecting the obligation of any other Grantor hereunder.

Section 6.07. *Severability.*

If any one or more of the provisions contained in this Agreement shall be invalid, illegal or unenforceable in any respect under any law, the validity, legality and enforceability of the remaining provisions contained herein shall not in any way be affected or impaired thereby.

Section 6.08. *GOVERNING LAW, ETC.*

(a) THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK.

(b) SUBJECT TO THE LAST SENTENCE OF THIS SECTION 7.08(B), ANY JUDICIAL PROCEEDING BROUGHT AGAINST ANY PARTY TO THIS AGREEMENT ARISING OUT OF OR RELATING TO ANY LOAN DOCUMENT SHALL BE BROUGHT IN ANY COURT OF COMPETENT JURISDICTION IN THE CITY AND COUNTY OF NEW YORK, AND, BY ITS EXECUTION AND DELIVERY OF THIS AGREEMENT, EACH GRANTOR SHALL BE DEEMED, TO THE FULLEST EXTENT PERMITTED BY LAW, TO (A) ACCEPT, GENERALLY AND UNCONDITIONALLY, THE JURISDICTION OF SUCH COURTS, (B) IRREVOCABLY WAIVE ANY OBJECTION THEY MAY NOW OR

HEREAFTER HAVE AS TO THE VENUE OF ANY SUIT, ACTION OR PROCEEDING BROUGHT IN SUCH A COURT OR THAT SUCH COURT IS AN INCONVENIENT FORUM AND (C) CONSENT THAT SERVICE OF PROCESS UPON ANY OF THEM MAY BE MADE BY CERTIFIED OR REGISTERED MAIL, RETURN RECEIPT REQUESTED, AT THEIR ADDRESS SPECIFIED OR DETERMINED IN ACCORDANCE WITH THE PROVISIONS OF SECTION 7.08(B) AND SERVICE SO MADE SHALL BE DEEMED COMPLETED WHEN RECEIVED. NOTHING HEREIN SHALL AFFECT THE RIGHT TO SERVE PROCESS IN ANY OTHER MANNER PERMITTED BY LAW OR SHALL LIMIT THE RIGHT OF THE SECURED PARTIES OR ANY GRANTOR TO BRING PROCEEDINGS AGAINST ANY OTHER PARTY IN THE COURTS OF ANY OTHER APPLICABLE JURISDICTION.

Section 6.09. *WAIVER OF RIGHT TO TRIAL BY JURY.*

EACH PARTY HERETO HEREBY IRREVOCABLY WAIVES TRIAL BY JURY IN ANY JUDICIAL PROCEEDING INVOLVING, DIRECTLY OR INDIRECTLY, ANY MATTER (WHETHER SOUNDING IN TORT, CONTRACT OR OTHERWISE) IN ANY WAY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

Section 6.10. *Headings.*

Article and Section headings and the Table of Contents used herein are for convenience of reference only, are not part of this Agreement and are not to affect the construction of, or to be taken into consideration in interpreting, this Agreement.

Section 6.11. *Security Interest Absolute.*

All rights of the Secured Parties hereunder, the Security Interest, the grant of a security interest in the Pledged Collateral and all obligations of each Grantor hereunder shall be absolute and unconditional irrespective of (a) any lack of validity or enforceability of the Secured Loans, any other Loan Document or any other agreement or instrument relating to any of the foregoing, (b) any change in the time, manner or place of payment of, or in any other term of, all or any of the Secured Obligations, or any other amendment or waiver of or any consent to any departure from the Secured Loans, any other Loan Document or any other agreement or instrument, (c) any exchange, release or non-perfection of any Lien on other collateral, or any release or amendment or waiver of or consent under or departure from any guarantee, securing or guaranteeing all or any of the Secured Obligations or (d) subject only to termination of a Grantor's obligations hereunder in accordance with the terms of Section 6.12, but without prejudice to reinstatement rights under each Secured Loan, any other circumstance that might otherwise constitute a defense available to, or a discharge of, any Grantor in respect of the Secured Obligations or this Agreement.

Section 6.12. *Termination or Release.*

(a) This Agreement, the Security Interest and all other security interests granted hereby shall terminate upon the date on which all the outstanding Secured Obligations (other than contingent indemnification obligations with respect to then unasserted claims) shall have been paid in full in cash; provided, however, that in connection with the termination of this Agreement, the Secured Parties may require such indemnities as it shall reasonably deem necessary or appropriate

to protect the Lenders against loss on account of credits previously applied to the Secured Obligations that may subsequently be reversed or revoked, to the extent not provided for thereunder.

(b) In connection with any termination or release pursuant to clause (a) above, the Secured Parties shall promptly execute and deliver to any Grantor, at such Grantor's expense, all documents that such Grantor shall reasonably request and prepare to evidence such termination or release. Any execution and delivery of documents pursuant to this Section 6.12 shall be without recourse to or warranty by the Secured Parties.

(c) At any time that the respective Grantor desires that the Secured Parties take any of the actions described in immediately preceding clause (b), it shall, upon request of the Secured Parties, deliver to the Secured Parties an officer's certificate certifying that the release of the respective Collateral is permitted pursuant to clause (a).

Section 6.13. *[Reserved].*

Section 6.14. *Secured Parties' Appointed Attorney-in-Fact.*

(a) Each Grantor hereby appoints the Secured Parties the true and lawful attorney-in-fact of such Grantor for the purpose of carrying out the provisions of this Agreement and taking any action and executing any instrument that the Secured Parties may deem necessary or advisable to accomplish the purposes hereof at any time after and during the continuance of an Event of Default and upon and after delivery of notice by the Secured Parties to the Grantors of their intent to exercise such rights, which appointment is irrevocable and coupled with an interest. Without limiting the generality of the foregoing, the Secured Parties shall have the right upon the occurrence and during the continuance of an Event of Default with full power of substitution either in the Secured Parties' name or in the name of such Grantor (i) to receive, endorse, assign and/or deliver any and all notes, acceptances, checks, drafts, money orders or other evidences of payment relating to the Collateral or any part thereof; (ii) to demand, collect, receive payment of, give receipt for and give discharges and releases of all or any of the Collateral; (iii) to sign the name of any Grantor on any invoice or bill of lading relating to any of the Collateral; (iv) to send verifications of Accounts to any Account Debtor; (v) to commence and prosecute any and all suits, actions or proceedings at law or in equity in any court of competent jurisdiction to collect or otherwise realize on all or any of the Collateral or to enforce any rights in respect of any Collateral; (vi) to settle, compromise, compound, adjust or defend any actions, suits or proceedings relating to all or any of the Collateral; (vii) to notify, or to require any Grantor to notify, Account Debtors to make payment directly to the Secured Parties or to an account specified by the Secured Parties and adjust, settle or compromise the amount of payment of any Account or related contracts; (viii) to make, settle and adjust claims in respect of Collateral under policies of insurance and to endorse the name of such Grantor on any check, draft, instrument or any other item of payment with respect to the proceeds of such policies of insurance and for making all determinations and decisions with respect thereto; and (ix) to use, sell, assign, transfer, pledge, make any agreement with respect to or otherwise deal with all or any of the Collateral, and to do all other acts and things necessary to carry out the purposes of this Agreement, as fully and completely as though the Secured Parties were the absolute owner of the Collateral for all purposes; provided that nothing herein contained shall be construed as requiring or obligating the Secured Parties to make any commitment or to

make any inquiry as to the nature or sufficiency of any payment received by the Secured Parties, or to present or file any claim or notice, or to take any action with respect to the Collateral or any part thereof or the moneys due or to become due in respect thereof or any property covered thereby. the Secured Parties shall be accountable only for amounts actually received as a result of the exercise of the powers granted to them herein, and neither they nor their officers, directors, employees or agents shall be responsible to any Grantor for any act or failure to act hereunder, except for their own gross negligence or willful misconduct.

(b) All acts in accordance with the terms of this Section 6.14 of said attorney or designee are hereby ratified and approved by the Grantors. (“AIO”) and Avon Beauty Limited (“ABL”), as guarantors, Natura &Co Luxembourg Holdings S.À R.L. (“Natura &Co Lux”), as lender, and the other parties from time to time party thereto (as amended, amended and restated, supplemented or otherwise modified from time to time, the “ACL Secured Loan”), pursuant to which, among other things, Natura &Co Lux has agreed to make a loan to ACL upon the terms and subject to the conditions set forth therein; and
- b. a secured promissory note, dated as of the date hereof, by and among the Parent Grantor, as borrower (“API”), ACL, AIO and ABL, as guarantors, Natura &Co UK Holdings Limited (“Natura &Co UK”), as lender, and the other parties from time to time party thereto (as amended, amended and restated, supplemented or otherwise modified from time to time, the “API Secured Loan” and together with the ACL Secured Loan, the “Secured Loans”), pursuant to which, among other things, Natura &Co UK has agreed to make a loan to API upon the terms and subject to the conditions set forth therein.

B. Capitalized terms used herein and not otherwise defined herein shall have the meanings assigned to such terms in the Secured Loans and/or the Security Agreement, as applicable.

C. The Grantors have entered into the Security Agreement as security for the payment or performance, as the case may be, in full of the Secured Obligations. Section 3.02(e) of the Security Agreement provides that each Grantor shall sign and deliver to the Secured Parties a Security Agreement Supplement and related Grant of Security Interest with respect to applications for registration or registrations of IP Collateral owned or exclusively licensed by it as of the last day of each fiscal year, to the extent that such IP Collateral is not covered by any previous Security Agreement Supplement (and Grant of Security Interests) so signed and delivered by it.

Accordingly, the Secured Parties and the Grantors party hereto agree as follows:

Section 1. Each Grantor party hereto represents and warrants to the Secured Parties that this Supplement has been duly authorized, executed and delivered by it and constitutes its legal, valid and binding obligation, enforceable against it in accordance with its terms, except as such enforceability may be limited by Debtor Relief Laws and by general principles of equity.

Section 2. This Supplement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. This Supplement shall become effective when the Secured Parties shall have received a counterpart of this Supplement that bears the signature of the Grantors party hereto and the Secured Parties have executed a counterpart hereof. Delivery of an executed signature page to this Supplement by facsimile or electronic (including .pdf file) transmission shall be as effective as delivery of a manually signed counterpart of this Supplement.

Section 3. Each Grantor party hereto hereby represents and warrants that the updated schedules to the Security Agreement attached hereto as Schedule I have been duly executed and delivered to the Secured Parties and the information set forth therein is correct and complete in all material respects as of the date hereof. In addition, each Grantor party hereto will promptly cooperate as reasonably necessary to enable the Secured Parties to make any necessary or reasonably desirable recordings with the United States Copyright Office or the United States Patent and Trademark Office, as appropriate, with respect to any IP Collateral set forth in Schedule I hereto that is not covered by any previous Security Agreement Supplement (and Grant of Security Interests) so signed and delivered by it.

Section 4. Except as expressly supplemented hereby, the Security Agreement shall remain in full force and effect.

Section 5. THIS SUPPLEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK.

Section 6. In case any one or more of the provisions contained in this Supplement should be held invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein and in the Security Agreement shall not in any way be affected or impaired thereby (it being understood that the invalidity of a particular provision in a particular jurisdiction shall not in and of itself affect the validity of such provision in any other jurisdiction). The parties hereto shall endeavor in good-faith negotiations to replace the invalid, illegal or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the invalid, illegal or unenforceable provisions.

Section 7. All communications and notices hereunder shall be in writing and given as provided in Section 6.01 of the Security Agreement.

Section 8. Each Grantor party hereto agrees to reimburse the Secured Parties for their reasonable out-of-pocket expenses in connection with this Supplement as provided in Section 6.03(a) of the Security Agreement.
