Notes to the Financial Statements
for the Year Ended 30 April 2023

1. STATUTORY INFORMATION

52 Deck Records Ltd is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The accounts are prepared on a going concern basis which assumes that the director will continue to support the Company. If this support was not to continue then this basis may not be appropriate, as at the 30 April 2023 the company's net liabilities were £39,031 (2022: £33,335).

Should the Company then not be able to continue trading, adjustments to the value of assets would be needed to provide for any further liabilities which might arise and to reclassify fixed assets and long term liabilities as current assets and liabilities.

Intangible assets

Intangible assets are initially measured at cost. After initial recognition, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

Patents and licences are being amortised evenly over their estimated useful life of five years.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Equipment	- 15% on reducing balance
Computer equipment	- 20% on cost

Work in progress

Work in progress represents direct production costs incurred on projects in progress and not delivered at the balance sheet date. The costs are recorded at the lower of cost or net realisable value.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 1 (2022 - 1).
