Vineet Nayyar Executive Vice Chairman

# Dear Investor,

It is a distinct pleasure to write to all of you on the culmination of a landmark year in the history of your company. It was a year where we made great progress on the merger and integration with Mahindra Satyam, a year

where we were firmly back in the growth orbit and a year where your company was recognized as a leader in multiple areas of technology

As you are aware we got all formal approvals for the merger in the first quarter of the current financial year and the Board of Directors of the Company has been re-constituted It has been a satisfying four year journey for both companies and with the merger, Tech Mahindra is amongst the top 5 IT companies in India, with an associate strength of 83,000+ The new Tech Mahindra leverages the erstwhile Mahindra Satyam's expertise in Analytics, and Social domains and Tech Mahindra's

# Monday, the 24th June: a red letter day

June 24 was a momentous day for us as the Scheme of Amalgamation of Mahindra Satyam with Tech Mahindra was made effective pursuant to the final nod given by the courts of Maharashtra and Andhra Pradesh and regulatory authorities in India Our stakeholders across the board have endorsed the merger with enthusiasm and pride as we now emerge a more diverse, larger and connected organisation - the new Tech Mahindra

experience and leading position in Security, Mobility, Cloud and Network Space. With continued leadership in the Telecom verticals, and considerable strengths across multiple other verticals like Manufacturing, BFSI and Healthcare, the combined entity stands poised to take advantage of the emerging market opportunities.

I am glad to inform you that despite business challenges and economic uncertainties, we have delivered on the promise of growth made at the beginning of the year Economic uncertainties have become the norm, and business models are changing due to impact of emerging trends like unified networks, machine to machine communication, and social media. Tech Mahindra, with its focus on innovation, customer centricity and strategic acquisitions, has been able to sustain and grow its footprint in this demanding environment. Our investments in the areas of Networks, Mobility, Analytics, Cloud and Security (NMACS) are positioning us well to capitalize on the changing demand cycle and to deliver value to our customers. Our success in winning large engagements bears testimony to our strengths and capabilities in our chosen domains.

The operational integration of both companies is progressing well and we are currently aligning our systems, processes and best practices to ensure a seamless functionality across both companies. Customer Centricity and Associate Delight continue to be key focus areas and our recently launched 'Young CEO' is yet another step towards nurturing young talent in the company and empowering the exceptional

Tech Mahindra added to its strengths and expanded its footprint in the global BPO and Managed VAS Services market through acquisition of **Hutchison Global Services and Comviva Technologies**, and we entered the Brazilian Enterprises solutions market through acquisition of **Complex IT**, one of the largest SAP consulting providers in Brazil. This acquisition marks another important milestone in our journey, and enables our Latin American customer's access to global delivery capability at a local delivery centre. In addition, we also added new delivery centers at Fargo, North Dakota, in Brussels, Belgium and commenced the construction of **IT Development Centre in MIHAN SEZ, Nagpur, India**.

Tech Mahindra's commitment to excellence over the past year earned us the 2013 AT&T Supplier Award for the third time in four years. Mahindra Comviva (a subsidiary of Tech Mahindra) won GSMA Global Mobile Awards 2013 in the Best Consumer Mobile Service category for their mobility services to Bangladesh Railways in collaboration with two leading mobile service providers. Tech Mahindra's focus on learning and employee development won us the Training Top 125 Award and we were ranked among the Top 3 companies in KPMG's Client Satisfaction Rankings in Europe

Mahindra Rise<sup>TM</sup> tenets continue to inspire us as our teams drive positive change across all stakeholders. Our associates are engaged with the community and the employee volunteering program has seen an overwhelming participation both from our young associates and leaders.

Stepping into the New Year, we are confident of our way forward and are committed to delivering enhanced value to all our stakeholders. I would like to thank our valued customers and employees for their support that has been critical and integral to our success. I also like to place on record our deepest gratitude to our shareholders for their continued patronage and unwavering faith. I assure you that my team and I will live up to the trust you have reposed in us.

We look forward to an exciting year ahead with new milestones and achievements

Sincerely,

Place Mumbai

# MANAGEMENT DISCUSSION AND ANALYSIS REPORT

A detailed analysis of your Company's performance is discussed in the Management Discussion and Analysis Report, which forms part of this Annual Report

### **OUALITY**

Your Company continues its focus on quality through a very robust process framework implementation. Continuous process improvements in developing solutions that meet client expectations is a way of life in your Company. The objective is to ensure greater customer satisfaction through improved quality, higher productivity and reduced cycle time. In order to strengthen the systems further, Tech Mahindra upgraded their business management systems to comply with CMMI V1.3 Level 5 requirements.

Noida location of Tech Mahindra was successfully assessed at CMMI Dev v 1 3 L5 During the year, Tech Mahindra was recertified for ISO 9001, 20000-1, 27000, & 22301 standards, in the areas of Quality Management, Information Security Management and Business Continuity Systems

Apart from this, Tech Mahindra also strengthened their processes to comply with M&M's Business Excellence model-Mahindra Quality Way (MQW - now called TMW) and were assessed at stage 5 - the first Largest Services Company to be assessed at this Stage within the group

Several initiatives were taken up this year, including the Engineering Excellence framework, in order to strengthen further the Business Excellence in what we deliver to the customers.

# **HUMAN RESOURCES**

Tech Mahindra believes in the ability of each of its associates and hence provides ample opportunities to tap this potential and invests in their growth and development. Talent Engagement, Talent Development, and Talent Management have always been the key parameters assessed, benchmarked, and developed.

The 'Young CEO' initiative is in line with our Company Philosophy to grow Leaders from within As we scale up to our 2015 Mission, we recognize the need to grow in-house Top Talent to take on critical Cost Centre roles The 'Young CEO' Programme is designed to nurture Young Leaders to take on significant roles with 'end to end' responsibility in the areas of Merger & Acquisition, New business initiatives, Platforms, Join Venture's or developing a new Geography. The 'Young CEO's' will be fully empowered to run the Sales, Delivery and the Domain arena. These Leaders will be given development. inputs throughout and will have Mentors and Coaches to guide them to perform this task. The 'Young CEOs' would be generally below 35 years of age. We strongly believe that this talent will give us sustainable advantage through their energy, focus and out of box thinking. This initiative will create a huge opportunity for bright young minds to run Cost Centre (akin to a CEO), will provide a framework for the Company to invest in the development of top talent and also to create a performance culture where reward is based on merit and potential

The **Shadow Board and Global Leadership Cadre** program continues to nurture young talent with high potential and make them a part of the organization's strategy planning

This year also saw an increased focus on Senior Leadership development within the organisation. Uquity, A Leadership Development Program that has a multi pronged approach—combining the powerful outputs of a Multi Stakeholder Feedback, Self and Team Profile Analysis, Leadership Workshop followed by Executive Coaching was successfully launched. The benefits of the programme were multifold and gave participants feedback in a structured manner, helped leaders understand the how's and why's of their leadership abilities and the leadership trait of their teams thereby enhancing leadership capabilities.

Aiming to provide a platform for grooming new leaders, a program for first time managers was launched. This included handholding the managers with the expected new role and responsibilities, people management, operational management. Other developmental initiatives (CARE—Connect Assist Recognize Engage; PLTP—People Toolkit Training Program) that were driven to groom middle management in building on associate engagement have displayed significant results, too. There was a significant increase in manager reverse feedback and associate engagement scores, displaying the effectiveness of the initiatives.

Tech Mahindra has been one of the leaders amongst the Indian IT companies in implementation of the **Job Family Framework** (JFF) The JFF is a directory of various jobs (roles) that are required to be performed in the company along with the behavioural and professional competencies required to effectively perform these jobs This framework is being used for systematic career planning, development and progression of our associates since its introduction in 2004 in an effort to continuously improve upon the JFF, we recently restructured it and added a few jobs pertaining to new business verticals (non-telecom) that we expect to grow into in the coming years

Driving towards its mission of Inclusivity, Tech Mahindra intensified and drove multiple programs to foster diversity in age, gender, culture and capability. The launch of Diversity Council across locations, led by Principle Diversity Officer and cross functional teams, have assisted in intensifying the focus on Diversity Various initiatives/forums (such as OIE Community, Career Mailers, Quarterly Leadership sessions, Fireside Sessions with Senior Management, Women Alumni Meet, etc.) have been rolled out with these priorities. This helps to identify and implement initiatives that promote gender diversity and make Tech Mahindra a preferred career destination for women associates.

# **EMPLOYEE STOCK OPTION PLAN**

Details required to be provided under the Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 are set out in Annexure I to this Report

# **CORPORATE SOCIAL RESPONSIBILITY (CSR)**

Tech Mahindra is committed to play its role as an enlightened corporate citizen and continues to earmark 1.5% of its Profit After Tax (PAT) every year for CSR activities. CSR activities are mainly carried through Tech Mahindra Foundation.

# **TECH MAHINDRA FOUNDATION (TMF)**

TMF was established in its present form in 2007 by Tech Mahindra as one of the major manifestations of its Corporate Social Responsibility With the contribution from Tech Mahindra, TMF now has a corpus of ₹ 55 Crore as on 31st March 2013. It has disbursed approximately ₹ 43 Crores to more than 70 NGOs over 5 years and impacts more than 50,000 beneficiaries per year through NGO partners across Delhi-Noida, Mumbai, Pune and Bangalore

TMF seeks to achieve its objectives by working in partnership with outstanding community based NGOs which share its goals and values and have demonstrated competence, dedication and integrity TMF NGO projects address felt community needs

# **Major Achievements:**

Since 2007, TMF has worked with more than 100 partners across India, and reached out to the underprivileged through programmes in education, vocational training and disability This year, we are working on 100+ projects with around 75 partners in 8 locations with a total budget of above ₹160 Million, these are Bangalore, Bhubaneswar, Chennai, Delhi-NCR, Hyderabad, Kolkata, Mumbai and Pune

The work also includes direct implementation programmes that we completely establish, own and manage

Some of the new flagship programmes in Delhi-NCR this year include  $\underline{\zeta}$ 

- 1 A new 5-year programme with East Delhi Municipal Corporation, where we would set up and run a highquality\_education institute for in-service teachers of MCD, and come up with a model lab school - in Dilshad Garden, New Delhi,
- 2 A new long-term programme with Kasturba Balika Vidyalaya (a government-aided girls school in Friends Colony, New Delhi), where we are first going to transform the existing school infrastructure, and then introduce a variety of school improvement initiatives. We would also eventually build up a primary school, which would be called the Tech Mahindra Primary School in future,
- 3 School Excellence Award (new) to identify, honour and develop the best municipal corporation primary schools from each of the three MCDs in Delhi,
- 4 Shikshak Samman Award (in its 5th year in Delhi now) to identify, honour and develop 25 best primary teachers from the 1799 municipal primary schools under MCDs, also introducing the same in partnership with MCGM in Mumbai,
- 5 Three whole-school adoption programmes in PPP mode with Aseema Trust and Akanksha Foundation in Mumbai

TMF encourage associates across Tech Mahindra to engage with TMF and volunteer in programmes, something that has always given the young corporate employees to get a feel of the other side of the world. Towards this, TMF makes them a part of some of the programmes – whether it is a short-term event.

based engagement, or a long-term continuing association. We think that these programmes have the potential to not just engage the associates in a variety of activities – which would use a range of their skills from painting to graffiti-making, gardening to pottery decoration, singing-dancing and other performing arts to various professional mentoring abilities – but also contribute to long-term, sustained volunteering at Tech Mahindra. This would eventually lead us to achieve the target of 'at least 10% associates volunteering 10% of their free time in CSR work'.

# **Industry Structure & Development**

As per the NASSCOM Strategic report 2013, the global spend on Technology and related services for Calendar Year (CY) 2012 was US\$ 1.9 trillion a growth of 4.8% over CY 2011 IT, BPM services and software products continued to lead, accounting for over USD 1 trillion – 58% of the total IT spend IT hardware with growth rate of ~7%, touched USD 797 billion and accounted for the remaining 42% of the worldwide technology spend in 2012. With persistent uncertainties the new role of the technology sector in general is to enhance customer capabilities, help open untapped markets, drive transformation and create a positive impact on business outcomes.

Information Technology (IT) is the very essence of the telecommunication industry. New technologies, new business models, new smart phones and increasing data usage have increased the telecom industry's dependence on IT All along Telco's have to deal with increasing competition, investment in Capex and declining margins. The challenge for Telco would be to balance the ever- increasing need for sophisticated IT with the need to help keep the IT costs reasonable. The size of India IT industry including domestic IT and Hardware would be ~USD 108 billion in FY13 of which exports would be ~USD \$76 billion. Hi Tech / Telecom would have a share of ~18% of the India IT industry's exports. Tech Mahindra would be one of the largest. Telecom software services company in India.

For Indian IT FY 2013 has been a year of transition and transformation Strong economic growth, rapid advancement in technology infrastructure, increasingly competitive Indian organizations, enhanced focus by the government and emergence of business models that help provide IT to new customer segments are key drivers for increased technology adoption in India

The IT BPM sector has been one of the highest impact sector for India and it has increased its share of contribution to India's GDP by ~3 times in the last 10 years. As a proportion of national GDP, the sector revenues have grown from 1.2% in FY1998 to ~8% in FY2013. The total exports share is ~24% which grew more than 5 times in the last 10 years. Expansion in new verticals and geographies, SMAC based services, transformation and innovation and business model restructuring were the key business drivers. Increased acceptance of platform BPM solutions was the key highlight as the focus was on transforming client business through a mix of re-engineering skills, technology enablement and new service delivery models.

Globally, India has been accepted as one of the disruptive forces in the ITBPM market, growing over CAGR of 25% during FY 2000 – 2013, four times higher than the global IT BPM spend during the same period. The Indian IT-BPM industry has maintained

its global leadership not only due to its inherent strengths of competitive cost and talent, but also due to the fact that it has kept evolving to suit the rapidly changing client requirements. Pricing models have been shifting from traditional effort based to outcome based, also there has been emphasis on driving non-linearity.

The industry has seen a shift towards smaller deals. The fluctuating economic conditions have an indelible impact on the global IT BPM ecosystem. Client budgets have been under pressure which in turn has led to them signing up for small deals, of lesser duration. Line of business owners are going ahead with their but focused requirements. The trend signifies growing maturity of model and hence higher risk taking initiatives by clients. From around three lakh employee base in FY 2000, the industry presently employs nearly three Million people with over 580 global delivery centers in nearly 75 countries and its differentiated growth trajectory, the industry has become poster child for other sectors.

As a result of consumerisation of connected smart devices, consumer behaviour has caused an evolution and convergence of four powerful forces. Social Media, Mobility, Analytics and Cloud (SMAC). SMAC has re-oriented the business model of traditional IT-BPM firms, by shifting focus from cutting costs and managing IT infrastructure, to a move towards creative solutions that help clients' business grow.

# Outlook

In the coming year, fiscal consolidation is likely to weigh on growth in the advanced economies. According to IMF the global economy is expected to continue mending gradually in its April 2013 report, IMF expected the real global GDP growth of 3 3%, which is about the same as the 3 2% growth seen in year 2012. It mentions that for USA the private demand though has been showing strength as credit and housing markets heal, the larger-than-expected fiscal adjustment is projected to keep real GDP growth to about 2% in 2013. In the euro area, IMF expects the real GDP to contract by about 0.25% in 2013. Growth in emerging market and developing economies is expected to remain robust, strengthening from about 5% in 2012 to 5.25% in 2013 and 5.75% in 2014.

On IT spend trend, the budgetary tightening has led to smaller IT budgets translating to smaller deal sizes, and reduction in certain existing business lines and market segments. However, there is a clear delinking of overall IT-BPM spending with respect to economic turmoil in the past few years, and this has been fuelled by rising consumerisation of the enterprise segment, which has in turn, meant a lot for clients – it has led to increased competition, with players leveraging new forms of services to create a differentiating factor. It has also led to change management issues, and both these areas have been effective sources of new business for existing and new IT-BPM organizations. New areas such as mobile, social, cloud and analytics is increasingly driving technology spending, and will emerge as mainstays as this decade progresses further.

The global telecom services market is expected to remain roughly flat over the several years, with declining spending on voice services and fixed services data counterbalanced by strong growth in spending on mobile data services. Devices remain the fastest-growing segment in the IT industry, as sustained strong demand for Smartphone's and tablets is expected to overcompensate for stalling PC sales. In 2013, total spending on PCs, tablets, mobile phones and printers is expected to reach \$718 billion, up 9% from 2012.

Mobility continues to grow with focus on bandwidth increases (4G/LTE) and complimentary devices. Spectrum availability and capital requirement for advanced technologies is a growing concern. The most important events in 2013 will cluster around growth and innovation, built on mobile devices, cloud services, social technologies and Big Data. IT spend in 2013 is expected to exceed \$2.1 trillion, up 5.7% from 2012, driven by double-digit growth in the Three Platform foundations of Mobile, Cloud, Big Data and social technologies — and by emerging markets growth. Mobile devices are the new primary design point for end user access. Sale of smart mobile devices (smart phones and tablets) will surge. The real "PC versus mobile device" battle is between PC software platform and the mobile device platform.

As cloud services become the center of competition in many IT market segments, it is critically important for traditional IT suppliers to get more "cloud DNA" into their organizations and top accelerate growth of cloud service platforms. The industry is trending towards BYOD – Bring Your Own Device BYOD will bring consumerization into enterprise security. Growth is exponential in this area but uncertain tax, legal and security issues are still a concern. Businesses will struggle with enterprise social network sprawl as more businesses move from experimentation to integration — dealing with more enterprise products having embedded ESNs — while employees are increasingly reluctant to give up their favorite consumer and departmental social network tools for the corporate IT sponsored ESN.

Big Data Investment, M&A focus will shift heavily to discovery and prediction. The "digital universe" is expected to expand by almost 50% given the rapid emergence of new data capture and generation technologies and solutions. The growing focus is on technologies that incorporate advanced analytics functionality, including predictive analysis.

# Opportunities

# **Cross Selling of offerings**

Having announced the formal merger process between Tech Mahindra and Mahindra Satyam (MSAT) in March 2012, both the companies have been working even more closely with each other on business opportunities arising out of the cross selling of offerings between the two companies. There have been encouraging number of wins at the back of leveraging each other capabilities and individual Company's strengths viz MSAT's Enterprise services offerings for Tech Mahindra clients and managed services offerings of Tech Mahindra into MSAT's clients.

### **Growth in Emerging Markets**

Telecom is still a growth industry in most regions of the world, particularly for the mobile sector. China, India and Brazil presents the greatest growth opportunities in telecom. Mobile handset data and fixed and mobile broadband will be the most important revenue growth areas, driven by higher data usage and increased penetration of Smartphone's and broadband services. Mobile voice revenue can also grow in some of emerging markets because many countries still have unserved customers. The emerging market regions of Africa, Asia, Eastern Europe, Middle East, and Latin America continue to be a growth opportunity for telecom service providers. Because of their oversized share of IT industry growth, emerging markets — with their massive scale and demanding economics — will increasingly reshape worldwide design points, pricing, and market leadership.

# Increased scope of outsourced activities

Access to talent and cost optimization is the key drivers for outsourcing. Telecom service providers are adopting several outsourcing strategies to benefit from off shoring. One of the trends is services which traditionally were done in-house are now being included in the scope of global sourcing. Outsourcing models are changing driven by new technologies, reinvented business model, new buyer segments and solutions for emerging markets. In the network domain, network outsourcing provides an opportunity for wide range of services like field services, maintenance & support, E2E implementations and network infrastructure management. Managed services deals to cover network legacy systems have been tried in the mature markets and a similar trend will continue for the coming years.

# **Adoption of Next Generation Technologies**

The Indian telecommunication companies are adopting new avenues like mobile Value Added Services (mVAS), cloud and data center services which in turn are providing ample opportunities to IT companies. The declining revenue share from the voice business has prompted many players to focus on MVAS opportunities. Indian MVAS market is expected to move from the traditional SMS based services to internet based and application based services. Data services, broadband, content, and applications such as mobile banking which are still in their infancy are set to be central to maintaining the growth momentum for the industry going forward. Service offerings are expanding to knowledge services - driven by increasing demand for analytics, software testing - new revenue streams from testing for mobility/cloud, etc., R&D driven by connectivity, convergence and digitization, and IS outsourcing

# Threats

# **Reduction in Telecom Spend**

Although there has been some respite on Global growth it is still not out of woods with Euro Issues and US Fiscal

deficit being a cause of concern Most of the companies are adapting and to the increased volatility. Existing customers are commanding pricing power by lowering costs and increasing volumes. Though cash-rich, telecom companies have turned cautious due to the challenging macroeconomic environment. The decision cycles on new discretionary spend are still prolonged. The service providers continue to focus on reducing costs by adopting measures such as optimizing IT. Spend, and postponing investments. Such cost-saving measures could have an adverse impact on outsourcing.

# Global IT companies posing challenge with growing India presence

Global IT service providers such as Accenture, HP, Cap Gemini and IBM are expanding their presence in India and pose a challenge to Indian IT service companies with their global client relationships, deep pockets and domain knowledge

### Ricke

# Impact of Immigration Bill

The proposed visa reforms - as a part of the larger immigration bill, in USA, potentially could be not only just a cost issue but also a revenue issue. As per the "Outplacement Provision" in the Immigration Bill the new H1/L1 visa holders cannot work at client sites. This prohibitive provision will affect delivery/execution in turn potentially impacting the onsite revenues. Other issues pertaining are the visa application fees, employee eligibility, minimum wage payable requirement as defined by location/role and their likely impact on costs.

Although the Immigration Bill is in early stages, it's impact will be on Indian Offshore vendor including Tech Mahindra Given the lower onsite percentage of revenues as compared to some of its peers, Tech Mahindra will have a lesser impact Also the company has development centers in US and has been doing local hiring for some of the jobs. Further it has been engaging sub-contractors for some of skilled work in USA. In case the Bill comes in to effect in as it is format, it will increase cost of delivery in USA. Company is in discussion with its clients and exploring if some of the incremental costs can either be passed on to clients or offset through greater offshoreability. If this Bill is passed in its current form all Indian IT companies are likely to have an adverse impact.

# High customer concentration

In FY 2013, revenues from the leading client, top 5 and top 10 clients account for 30%, 70% and 81% respectively Though customer concentration has been declining over the years, loss of any of these clients could have a material adverse impact on our revenue and profitability. After Mahindra Satyam's proposed merger with the Company the customer concentration will reduce significantly.

# Withdrawal of tax benefits

In the past we benefited from certain income tax incentives under Section 10A of the Income Tax Act (for the IT services

that we provide from specially designated "Software Technology Parks" or STPs) and also from Section 10AA of the Income Tax Act (for the IT services we render from units set up in SEZs) As a result of these incentives, our operations in India have been subject to relatively low tax liabilities The income tax benefits available to STP units have been discontinued from 1st April 2011. As this withdrawal was foreseen, the Company decided to set up facilities in SEZ units at various locations, as the units set up in SEZ area would continue to provide us with tax benefits similar to those in STPs We commenced operations in SEZ units at Hinjewadi Pune, Chennai, Kolkata, Chandigarh and Noida But despite this, tax incidence will increase over the previous years due to withdrawal of Section 10A benefits. In addition, there is no assurance that the Indian government will not enact laws in the future that would adversely impact tax incentives further and consequently, our tax liabilities and profits. When our tax incentives expire or are terminated, our tax expense will materially increase, reducing our profitability

# **Exchange Rate Risks**

The exchange rate between the Indian rupee and the British pound and the rupee and the U S dollar has fluctuated widely in last year and may continue to fluctuate significantly in the future. The average value of the rupee as on March 31, 2013 against the British pound appreciated by approximately 13% and against U S dollar by approximately 14% over March 31, 2012. Accordingly, our operating results have been and will continue to be impacted by fluctuations in the exchange rate between the Indian rupee and the British pound and the Indian rupee and the U S dollar, as well as exchange rates with other foreign currencies. Any strengthening of the Indian rupee against the British pound, the U S dollar or other foreign currencies, as witnessed in the last year, could adversely affect our profitability.

# M&A and Integration risk

During the year Tech Mahindra strengthened its BSG/BPO and VAS service portfolios through acquisition. In September 2012 Tech Mahindra acquired 100% stake in Hutchison Global Services Ltd (HGS) (erstwhile Hutchison Global Services Pvt Ltd ) HGS provides customer lifecycle operations to clients in UK, Ireland and Australia and had an associate base of over 11,500 employees as of September 2012 In the same month Tech Mahindra agreed to acquire 51% stake in Comviva Technologies Ltd , a Bharti Group Company a global leader in providing mobile Value Added Services (VAS), Mobile Money and Mobile Payment solutions. The acquisitions by nature involve risks relating to failure to achieve strategic objectives, cultural and financial integration etc. Acquisition and M&A has not been new to the Company, The Company has a well laid out plan and a defined acquisition policy Tech Mahindra has a dedicated and focused team led by Top leadership Company not only does regular internal assessments of risk and monitors the performance of the acquired entity but also focuses on its successful integration with the parent company The aforesaid acquisitions for Tech Mahindra have worked well in FY13 and are in line with its expectations

#### **Independent Auditors' Report**

# To The Members of Tech Mahindra Limited Report on the Financial Statements

We have audited the accompanying financial statements of **TECH MAHINDRA LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2013, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information

#### Management's Responsibility for the Financial Statements

The Company's Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in Section 211(3C) of the Companies Act, 1956 ("the Act") and in accordance with the accounting principles generally accepted in India This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India

- (a) In the case of the Balance Sheet, of the state of affairs of the Company as at 31<sup>st</sup> March, 2013,

#### Notes forming part of the Balance Sheet and the Statement of Profit and Loss

# SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO ACCOUNTS FOR THE YEAR ENDED 31" MARCH 2013

#### Significant accounting policies.

(a) Basis for preparation of accounts

The accompanying financial statements have been prepared to comply in all material aspects with generally accepted accounting principles applicable in India, the Accounting Standards and the relevant provisions of the Companies Act, 1956

#### (b) Use of Estimates

The preparation of financial statements, in conformity with the generally accepted accounting principles, requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements and the reported amounts of revenues and expenses during the reported period. Differences between the actual results and estimates are recognised in the period in which the results are known / materialised.

(c) Fixed Assets including intangible assets

Fixed assets are stated at cost less accumulated depreciation. Costs comprise of purchase price and attributable costs, if any

(d) Leases

Assets taken on lease are accounted for as fixed assets in accordance with Accounting Standard 19 on "Leases", (AS 19)

(i) Finance lease

Where the Company, as a lessor, leases assets under finance lease, such amounts are recognised as receivables at an amount equal to the net investment in the lease and the finance income is based on constant rate of return on the outstanding net investment

Assets taken on finance lease are accounted for as fixed assets at fair value Lease payments are apportioned between finance charge and reduction of outstanding liability

#### (II) Operating lease

Lease arrangements under which all risks and rewards of ownership are effectively retained by the lessor are classified as operating lease Lease rental under operating lease are recognised in the Statement of Profit and Loss on straight line basis

#### (e) Depreciation / amortization of fixed assets

(i) The Company computes depreciation of all fixed assets including for assets taken on lease using the straight line method based on estimated useful life Depreciation is charged on a pro rata basis for assets purchased or sold during the period Management's estimate of the useful life of fixed assets is as follows

| Buildings              | 28 years |
|------------------------|----------|
| Computers              | 3 years  |
| Plant and Equipment    | 5 years  |
| Furniture and Fixtures | 5 years  |
| Vehicles               | 5 years  |
| Office Equipments      | 5 years  |

- (ii) Leasehold land is amortised over the period of lease
- (iii) Leasehold improvements are amortised over the period of lease or expected period of occupancy whichever is less
- (iv) Assets costing upto ₹ 5,000 are fully depreciated in the year of purchase
- (v) The cost of software purchased for internal use is capitalized and depreciated in full in the month in which it is put to use

#### (f) Impairment of Assets

At the end of each period, the company determines whether a provision should be made for impairment loss on assets by considering the indications that an impairment loss may have occurred in accordance with Accounting Standard 28 on "Impairment of Assets" Where the recoverable amount of any asset is lower than its carrying amount, a provision for impairment loss on assets is made for the difference Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre tax discount rate that reflects the current market assessments of time value of money and the risks specific to the asset

Reversal of impairment loss if any is recognised immediately as income in the Statement of Profit and Loss

#### (g) Investments

Long term investments are carried at cost Provision is made to recognise a decline other than temporary in the carrying amount of long term investment

Current investments are carried at lower of cost and fair value

#### (h) Inventories

Components and parts

Components and parts are valued at lower of cost or net realizable value. Cost is determined on First-In-First Out basis.

**Finished Goods** 

Finished goods are valued at the lower of the cost or net realisable value. Cost is determined on First-In-First Out basis.

#### (i) Revenue recognition

Revenue from software services and business process outsourcing services include revenue earned from services rendered on 'time and material' basis, time bound fixed price engagements and system integration projects

All revenues from services, as rendered, are recognised when persuasive evidence of an arrangement exists, the sale price is fixed or determinable and collectability is reasonably assured and are reported net of sales incentives, discounts based on the terms of the contract and applicable indirect taxes

The Company also performs time bound fixed price engagements, under which revenue is recognized using the proportionate completion method of accounting, unless work completed cannot be reasonably estimated Provision for estimated losses, if any on uncompleted contracts are recorded in the period in which such losses become probable based on the current contract estimates

The cumulative impact of any revision in estimates of the percentage of work completed is reflected in the period in which the change becomes known

Liquidated damages and penalties are accounted as per the contract terms wherever there is a delayed delivery attributable to the Company and when there is a reasonable certainty with which the same can be estimated

Revenues from the sale of software and hardware products are recognised upon delivery/deemed delivery, which is when title passes to the customer, along with risk and rewards

Unbilled revenues comprise revenues recognised in relation to efforts incurred, not billed as of the period end, where services are performed in accordance with agreed terms

The Company recognizes unearned finance income as financing revenue over the lease term using the effective interest method

Dividend income is recognized when the Company's right to receive dividend is established Interest income is recognized on time proportion basis

#### (j) Foreign currency transactions

#### (i) Foreign currency transactions and translations

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of transaction. Monetary items are translated at the period end rates. The exchange differences between the rate prevailing on the date of transaction and on the date of settlement / translation of monetary items at the end of the period is recognised as income or expense, as the case may be

Any premium or discount arising at the inception of the forward exchange contract is recognized as income or expense over the life of the contract, except in the case where the contract is designated as a cash flow hedge

#### (ii) Derivative instruments and hedge accounting

The Company uses foreign currency forward contracts / options to hedge its risks associated with foreign currency fluctuations relating to certain forecasted transactions. Effective April 1, 2007 the Company designates some of these as cash flow hedges applying the recognition and measurement principles set out in the Accounting Standard 30 "Financial Instruments Recognition and Measurements" (AS 30)

The use of foreign currency forward contracts/ options is governed by the Company's policies approved by the Board of Directors, which provide written principles on the use of such financial derivatives consistent with the Company's risk management strategy. The counter party to the Company's foreign currency forward contracts is generally a bank. The Company does not use derivative financial instruments for speculative purposes.

Foreign currency forward contract / option derivative instruments are initially measured at fair value and are re-measured at subsequent reporting dates. Changes in the fair value of these derivatives that are designated and effective as hedges of future cash flows are recognized directly in Hedging Reserve (under Reserves and Surplus) and the ineffective portion is recognized immediately in the Statement of Profit and Loss.

The accumulated gains / losses on the derivatives accounted in Hedging Reserve are transferred to the Statement of Profit and Loss in the same period in which gains / losses on the item hedged are recognized in the Statement of Profit and Loss

Changes in the fair value of derivative financial instruments that do not qualify for hedge accounting are recognized in the Statement of Profit and Loss as they arise

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. When hedge accounting is discontinued for a cash flow hedge, the net gain or loss will remain in Hedging Reserve and be reclassified to the Statement of Profit and Loss in the same period or periods during which the formerly hedged transaction is reported in the Statement of Profit and Loss. If a hedged transaction is no longer expected to occur, the net cumulative gains / losses recognized in Hedging Reserve is transferred to the Statement of Profit and Loss.

#### (k) Employee Retirement Benefits

#### (i) Gratuity

The Company accounts for its gratuity liability, a defined retirement benefit plan covering eligible employees. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the

employment based on the respective employee's salary and the tenure of the employment Liabilities with regard to a Gratuity plan are determined based on the actuarial valuation carried out by an independent actuary as at the Balance Sheet date using the Projected Unit Credit method.

Actuarial gains and losses are recognised in full in the Statement of Profit and Loss in the period in which they occur (refer note 34 below)

#### (ii) Provident fund

The eligible employees of the Company are entitled to receive the benefits of Provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary (currently at 12% of the basic salary) and super-annuation contributions, which are charged to the Statement of Profit and Loss on accrual basis The provident fund contributions are paid to the Regional Provident Fund Commissioner by the Company

The Company has no further obligations for future provident fund and superannuation fund benefits other than its annual contributions

#### (III) Compensated absences

The Company provides for the encashment of leave subject to certain Company's rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is provided based on the number of days of unavailed leave at each balance sheet date on the basis of an independent actuarial valuation using the Projected Unit Credit method.

Actuarial gains and losses are recognised in full in the Statement of Profit and Loss in the period in which they occur

The company also offers a short term benefit in the form of encashment of unavailed accumulated leave above certain limit for all of its employees and same is being provided for in the books at actual cost

#### (iv) Other short term employee benefits

Other short-term employee benefits, including overseas social security contributions and

performance incentives expected to be paid in exchange for the services rendered by employees, are recognised during the period when the employee renders the service

#### (I) Borrowing costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the Statement of Profit and Loss.

#### (m) Taxation

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to/recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the local tax laws existing in the respective countries.

Minimum Alternative Tax (MAT) paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability is considered as an asset if there is convincing evidence that the Company will pay normal tax after the tax holiday period. Accordingly, it is recognized as an asset in the Balance Sheet when it is probable that the future economic benefit associated with it will flow to the Company and the asset can be measured reliably.

Deferred tax assets and liabilities are recognised for future tax consequences attributable to timing differences between taxable income and accounting income that are capable of reversal in one or more subsequent years and are measured using relevant enacted tax rates. The carrying amount of deferred tax assets at each Balance sheet date is reduced to the extent that it is no longer reasonably certain that

sufficient future taxable income will be available against which the deferred tax asset can be realized

Tax on distributed profits payable in accordance with the provisions of the Income-Tax Act, 1961 is disclosed in accordance with the Guidance Note on Accounting for Corporate Dividend Tax issued by the Institute of Chartered Accountants of India (ICAI)

#### (n) Employee Stock Option Plans

Stock options granted to the employees are accounted as per the accounting treatment prescribed by the Employee Stock Option Scheme and Employee Stock Purchase Scheme Guidelines, 1999 ("ESOP Guidelines") issued by Securities and Exchange Board of India ("SEBI") and the Guidance Note on Accounting for Employee Share-based Payments, issued by the ICAI Employees eligible for Employee Stock Option Plan 2010 are granted an option to purchase shares of the company at predetermined exercise price. These options vest over a period of three years from the date of grant. The stock compensation cost is computed under the intrinsic value method and amortised on a straight line basis over the total vesting period of three years.

# (o) Provision, Contingent Liabilities and Contingent Assets

A provision is recognized when the Company has a present obligation as a result of past event and its probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. The provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect current best estimates.

Contingent liabilities are not recognized in the financial statements. A contingent asset is neither recognized nor disclosed in the financial statements.

- 40 The Honorable Supreme Court vide its order dated February 2, 2012 cancelled 2G licenses issued to some of Telecom operators in India in 2008. As a result of the cancellation, the business of Company's two customers has become unviable and one of the customers has started winding up proceedings of the Indian operations. The Company had made provision of ₹ 679 Million in previous year ended March 31, 2012 on account of likely impairment in the carrying value of the related assets.
- 41 a) The Company has instituted "Employee Stock Option Plan 2000" (ESOP) for eligible employees and Directors of the Company and its subsidiaries. In terms of the said plan, the Company has granted options to the eligible employees which vest at the rate of 33 33% on each successive anniversary of the grant date. The options can be exercised over a period of 5 years from the date of grant. Each option carries with it the right to purchase one equity share of the Company at the exercise price determined by the Company on the basis of fair value of the equity shares at the time of grant.

The details of the options are as under

## **Independent Auditors' Report**

#### To the Board of Directors of Tech Mahindra Limited

#### Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of **TECH MAHINDRA LIMITED** (the "Company") and its subsidiaries (the Company and its subsidiaries constitute "the Group"), which comprise the Consolidated Balance Sheet as at 31th March, 2013, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information

## Management's Responsibility for the Consolidated Financial Statements

The Company's Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion

### **Basis for Qualified Opinion**

As stated in Note 41 (a) to the consolidated financial statements, the auditors of Satyam Computer Services Limited (SCSL) have qualified their auditor's report on the consolidated financial statements for the year ended 31<sup>st</sup> March, 2013 expressing their inability to ascertain the impact and the consequential effects, if any, thereof which are not quantifiable on a number of items, namely, ongoing investigations and legal proceedings by various regulators / investigating agencies in respect of the financial irregularities relating to prior years, Net debit amounts aggregating to ₹ 11,394 Million booked to 'Unexplained Differences Suspense Account' and fully provided for in prior years on grounds of pridence, alleged advances of ₹ 12,304 Million relating to prior years as claimed by various companies which is presented separately in the Balance Sheet of SCSL under "Amount Pending Investigation Suspense Account (Net)" and adequacy or otherwise of the provision for taxation pertaining to prior years

The group's share of post acquisition profit (net) of SCSL, investment in SCSL and the amount of goodwill disclosed in investment in SCSL, and corresponding amount in reserves and surplus in the consolidated financial statements of the group are subject to the matters referred to in Paragraph above, due to which we are unable to comment on the impact of the same on the post acquisition profit (net) of SCSL, amount of goodwill disclosed in investment in SCSL and reserves and surplus in the consolidated financial statements of the group.

### **Qualified Opinion**

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matters described in the Basis for Qualified Opinion paragraph, and based on the consideration of the reports of the other auditors on the financial statements of the subsidiaries referred to below in the Other Matter paragraph, the aforesaid consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India

- (a) in the case of the Consolidated Balance Sheet, of the state of affairs of the Group as at 31st March, 2013,
- (b) In the case of the Consolidated Statement of Profit and Loss, of the profit of the Group for the year ended on that date, and

a

(c) In the case of the Consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date

#### **Emphasis of Matter**

We drawattention to the matters as mentioned in Note 41 (b) to the consolidated financial statements, where the auditors of SCSL have drawn attention in their auditor's report on the consolidated financial statements for the year ended 31st March, 2013 on certain items including various demands/disputes raised by the indirect tax authorities and non-compliances with the provisions of certain statutory Acts/guidelines

Our opinion is not qualified in respect of this matter

#### Other Matter

We did not audit the financial statements of 12 subsidiaries, whose financial statements reflect total assets (net) of ₹ 9,268 Million as at 31<sup>st</sup> March, 2013, total revenues of ₹ 5,425 Million and net cash inflows amounting to ₹ 735 Million for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on the reports of the other auditors.

Our opinion is not qualified in respect of this matter

# Notes forming part of the Consolidated Balance Sheet and the Statement of Profit and Loss

SIGNIFICANT ACCOUNTING POLICIES AND NOTES TO CONSOLIDATED ACCOUNTS FOR THE YEAR ENDED MARCH 31, 2013

## 1. Significant accounting policies:

(a) Basis for preparation of accounts

The accompanying Consolidated Financial Statements of Tech Mahindra Limited (TML) and its subsidiaries (together constitute "the Group") have been prepared to comply in all material aspects with generally accepted accounting principles applicable in India, the relevant provisions of the Companies Act, 1956 and the Accounting Standards to the extent possible in the same format as that adopted by the holding company in its separate financial statements

The financial statements of the subsidiaries used in the consolidation are drawn up to the same reporting date as that of TML

(b) Principles of consolidation

The financial statements of TML and its subsidiaries have been consolidated on a line by line basis by adding together like items of assets, liabilities, income, expenses after eliminating intra group transactions and any unrealized gains or losses in accordance with the Accounting Standard - 21 on "Consolidated Financial Statements" (AS 21)

The financial statements of TML and its subsidiaries have been consolidated using uniform accounting policies for like transactions and other events in similar circumstances

The excess of cost of investments in the subsidiary company/s over the share of the equity of the subsidiary company/s at the date on which the investment in the subsidiary company/s is made is recognised as 'Goodwill on Consolidation' and is disclosed on the face of Balance Sheet in the Consolidated Financial Statements Alternatively, where the share of equity in the subsidiary company/s as on the date of investment is in excess of cost of the investment, it is recognised as 'Capital Reserve' and shown under the head 'Reserves and Surplus' in the Consolidated Financial Statements

Minority interest in the net assets of the consolidated subsidiaries consists of the amount of equity attributable to the minority shareholders at the dates on which investments are made in the subsidiary company/s and further movements in their share in the equity, subsequent to the dates of investments. Minority interest also includes share application money received from minority shareholders. The losses in subsidiary/s attributable to the minority shareholder are recognised to the extent of their interest in the equity of the subsidiary/s.

Investment in an entity in which the Group has significant influence but not a controlling interest, is reported according to the equity method ie the investment is initially recorded at cost in accordance with Accounting Standard 23 "Accounting for linestments in associates in Consolidated Financial Statements" The carrying amount of the investment is adjusted thereafter for the post acquisition change in the Company's share of net assets of the associate. The excess of cost of investment in associate, over the net assets at the date of acquisition of the investment in the associate is separately disclosed under Non-Current Investments as Goodwill. The financial statements of the associate are drawn up to the same reporting date as that of TML

#### (c) Use of Estimates

The preparation of Consolidated Statements, in conformity with the generally accepted accounting principles, requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements and the reported amounts of revenues and expenses during the reported period Differences between the actual results and estimates are recognised in the period in which the results are known / materialised

(d) Fixed Assets including intangible assets

Fixed assets are stated at cost less accumulated depreciation Costs comprise of purchase price and attributable costs, if any

(e) Leases

Assets taken on lease by the Group are accounted for as fixed assets in accordance with Accounting Standard 19 on "Leases", (AS 19)

(i) Finance lease

Where the Group as a lessor, leases assets under finance lease, such amounts are recognised as receivables at an amount equal to the net investment in the lease and the finance income is based on constant rate of return on the outstanding net investment

Assets taken on finance lease are accounted for as fixed assets at fair value. Lease payments are apportioned between finance charge and reduction of outstanding liability.

(II) Operating lease

Lease arrangements under which all risks and rewards of ownership are effectively retained by the lessor are classified as operating lease Lease rental under operating lease are recognised in the Statement of Profit and Loss on straight line basis

### (f) Depreciation / Amortization of fixed assets

(i) The Group computes depreciation of all fixed assets including for assets taken on lease using the straight line method based on estimated useful life Depreciation is charged on a pro rata basis for assets purchased or sold during the year Management's estimate of the useful life of fixed assets is as follows

| Buildings              | 28 years    |

- (vii) Intellectual property rights are being amortised using straight line method over a period of 4 years

### (g) Impairment of Assets

At the end of each period, the Group determines whether a provision should be made for impairment loss on assets by considering the indications that an impairment loss may have occurred in accordance with Accounting Standard 28 on "Impairment of Assets" Where the recoverable amount of any asset is lower than its carrying amount, a provision for impairment loss on assets is made for the difference Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre tax discount rate that reflects the current market assessments of time value of money and the risks specific to the asset

Reversal of impairment loss if any is recognised immediately as income in the Statement of Profit and Loss

## (h) Investments

Long-term investments are carried at cost. Provision is made to recognise a decline other than temporary

in the carrying amount of long term investments Current investments are carried at lower of cost and fair value

#### (i) Inventories

Inventories are valued at first in first out (FIFO) or net realizable value, whichever is lower

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale

The Group provides for obsolete and slow-moving inventory based on management estimates of the usability of inventory

#### (j) Revenue recognition

Revenue from software services and business process outsourcing services include revenue earned from services rendered on 'time and material' basis, time bound fixed price engagements and system integration projects

All revenues from services, as rendered, are recognised when persuasive evidence of an arrangement exists, the sale price is fixed or determinable and collectability is reasonably assured and are reported net of sales incentives, discounts based on the terms of the contract and applicable indirect taxes

The Group also performs time bound fixed price engagements, under which revenue is recognised using the proportionate completion method of accounting, unless work completed cannot be reasonably estimated Provision for estimated losses, if any on uncompleted contracts are recorded in the period in which such losses become probable based on the current contract estimates

The cumulative impact of any revision in estimates of the percentage of work completed is reflected in the period in which the change becomes known

Liquidated damages and penalties are accounted as per the contract terms wherever there is a delayed delivery attributable to the Group and when there is a reasonable certainty with which the same can be estimated

Revenues from the sale of software and hardware products are recognised upon delivery/deemed delivery, which is when title passes to the customer, along with risk and rewards

Unbilled revenues comprise revenues recognised in relation to efforts incurred, not billed as of the period end, where services are performed in accordance with agreed terms

The Group recognizes unearned finance income as financing revenue over the lease term using the effective interest method

Dividend income is recognised when the Group's right to receive dividend is established interest income is recognised on time proportion basis

#### (k) Foreign Currency Transactions

(i) Foreign currency transactions and translations Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of transaction. Monetary items are translated at the period end rates. The exchange difference between the rate prevailing on the date of transaction and on the date of settlement/ translation of monetary items at the end of the period is recognised as income or expense, as the case may be

Any premium or discount arising at the inception of the forward exchange contract is recognised as income or expense over the life of the contract, except in the case where the contract is designated as a Cash Flow Hedge

(ii) Derivative instruments and hedge accounting

The Group uses foreign currency forward contracts / options to hedge its risks associated with foreign currency fluctuations relating to certain forecasted transactions Effective April 01,2007, the Group designates some of these as cash flow hedges applying the recognition and measurement principles set out in the Accounting Standard 30 "Financial Instruments Recognition and Measurements" (AS-30)

The use of foreign currency forward contracts/ options is governed by the Group's policies approved by the Board of Directors, which provide written principles on the use of such financial derivatives consistent with the Group's risk management strategy. The counter party to the Group's foreign currency forward contracts is generally a bank. The Group does not use derivative financial instruments for speculative purposes.

Foreign currency forward contract/option derivative instruments are initially measured at fair value and are re-measured at subsequent reporting dates Changes in the fair value of these derivatives that are designated and effective as hedges of future cash flows are recognised directly in Hedging Reserve (under Reserves and Surplus) and the ineffective portion is recognised immediately in the Statement of Profit and Loss

The accumulated gains/losses on the derivatives accounted in Hedging Reserve are transferred to the Statement of Profit and Loss in the same period in which gains/losses on the item hedged are recognised in the Statement of Profit and loss

Changes in the fair value of derivative financial instruments that do not qualify for hedge accounting are recognised in the Statement of Profit and Loss as they arise

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting. When hedge accounting is discontinued for a cash flow hedge, the net gain or loss will remain in Hedging Reserve and be reclassified to the Statement of Profit and Loss in the same period or periods during which the formerly hedged transaction is reported in the Statement of Profit and Loss If a hedged transaction is no longer expected to occur, the net cumulative gains/losses recognised in Hedging Reserve is transferred to the Statement of Profit and Loss.

(I) Translation and Accounting of Financial Statement of Foreign subsidiaries

In respect of foreign subsidiaries, the Group has classified all of them as "Integral Foreign Operations" in terms of AS 11 with effect from April 01, 2009 The subsequent exchange differences arising on account of such translation is accounted in Statement of Profit and Loss

The financial statements of the foreign subsidiaries for the purpose of consolidation are translated to Indian Rupees as follows

- All incomes and expenses are translated at the average rate of exchange prevailing during the year
- (ii) Assets and liabilities are translated at the closing rate as on the Balance sheet date Fixed Assets, investments and Share Capital are valued as per the historic rate prevailing at the point of actual transaction
- (iii) The resulting exchange differences are accumulated in Currency Translation Reserve till March 31, 2009, which is shown under Reserves & Surplus

#### (m) Employee Retirement Benefits

(i) Gratuity

The Group accounts for its gratuity liability, a defined retirement benefit plan covering eligible employees. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the employment based on the respective employee's salary and the tenure of the employment Liabilities with regard to a Gratuity plan are determined based on the actuarial valuation carried out by an independent actuary as at the Balance Sheet date using the Projected Unit Credit method for TML and its Indian subsidiaries

One of the subsidiary makes annual contributions to the Life Insurance Corporation of India for the Gratuity Plan for its employees

In respect of overseas branches, contribution made towards retirement / employee benefits, in accordance with the relevant applicable laws, are charged to the Statement of Profit and Loss Actuarial gains and losses are recognised in full in the Statement of Profit and Loss in the period

in which they occur (Refer note 30 below)

(ii) Provident fund and super annuation

The eligible employees of TML and its Indian subsidiaries are entitled to receive the benefits of Provident fund, a defined contribution plan, in which both employees and TML and its Indian subsidiaries make monthly contributions at a specified percentage of the covered employees' salary (currently at 12% of the basic salary) and super annuation contributions, which are charged to the Statement of Profit and Loss on accrual basis. The provident fund contributions are paid to the Regional Provident Fund Commissioner by TML and its Indian subsidiaries The TML and its Indian subsidiaries have no further obligations for future provident fund and superannuation fund benefits other than its annual contributions

#### (III) Compensated absences

The Group provides for the encashment of leave subject to the group's policies. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment.

The liability is provided based on the number of days of unavailed leave at each balance sheet date on the basis of an independent actuarial valuation using the Projected Unit Credit method for TML and its Indian subsidiaries

Actuarial gains and losses are recognised in full in the Statement of Profit and Loss in the period in which they occur

The company also offers a short term benefit in the form of encashment of unavailed accumulated leave above certain limit for all of its employees and same is being provided for in the books at actual cost

(iv) Other short term employee benefits

Other short-term employee benefits, including overseas social security contributions and performance incentives expected to be paid in exchange for the services rendered by employees, are recognised during the period when the employee renders the service

(n) Borrowing costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale All other borrowing costs are charged to the Statement of Profit and Loss

(o) Taxation

Tax expense comprises of current tax and deferred tax Current tax is measured at the amount expected to be paid to/recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the local tax laws existing in the respective countries

Minimum Alternative Tax (MAT) paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability is considered as an asset if there is convincing evidence that the Group will pay normal tax after the tax holiday period. Accordingly, it is recognised as an asset in the Balance Sheet when it is probable that the future economic benefit associated with it will flow to the Group and the asset can be measured reliably

Deferred tax assets and liabilities are recognised for future tax consequences attributable to timing differences between taxable income and accounting income that are capable of reversal in one or more subsequent years and are measured using relevant enacted tax rates. The carrying amount of deferred tax assets at each Balance Sheet date is reduced to the extent that it is no longer reasonably certain that sufficient future taxable income will be available against which the deferred tax asset can be realized. Tax on distributed profits payable in accordance with the provisions of the Income Tax Act, 1961 is disclosed in accordance with the Guidance Note on Accounting for Corporate Dividend Tax issued by the Institute of Chartered Accountants of India (ICAI)

(p) Employee Stock Option Plans

Stock options granted to the employees are accounted as per the accounting treatment prescribed by the Employee Stock Option Scheme and Employee Stock Purchase Scheme Guidelines, 1999 ("ESOP Guidelines") issued by Securities and Exchange Board of India ("SEBI") and the Guidance Note on Accounting for Employee Share-based Payments, issued by the ICAI Employees eligible for Employee Stock Option Plan 2010 are granted an option to purchase shares of TML at predetermined exercise price These options vest over a period of three years from the date of grant The stock compensation cost is computed under the intrinsic value method and amortised on a straight line basis over the total vesting period of three years

(q) Provision, Contingent Liabilities and Contingent Assets

A provision is recognized when the Company has a present obligation as a result of past event and its probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. The provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect current best estimates.

Contingent liabilities are not recognized in the financial statements. A contingent asset is neither recognized nor disclosed in the financial statements.

On account of acquisition of Hutchison Global Services Limited and Comviva Technologies Limited [refer note 23(g) and 23(h)]

# Notes

- In the previous year, the useful life of buildings has been revised from 15 years to 28 years with effect from 1" April 2011. The net book value of these fixed assets as at 31" March 2011 is being depreciated over the revised remaining useful life of the assets. As a result of this change, depreciation charge for the year ended 31" March 2012 is lower and the profit for the year is higher by ₹ 159 Million.
  - Depreciation charge of the previous year includes accelerated charge of ₹ 83 Million on assets in leased premises consequent to the early termination of the lease

The Assessing Officer while passing draft order for Assessment Year 2008-09 in December 2011 determined arm's length margin of 32 33%. & proposed consequent adjustments. HGSL out of an abundant caution decided to make a tax provision in respect of potential transfer pricing disputes for Assessment Year 2008-09 to Assessment Year 2012-13 in previous year ending 31st March 2012. The said provision had been made on the basis of an arm's length margin of 24%, which is at the higher end of the arm's length band agreed in the MAP cases, along with Interest though HGSL is confident of successfully defending transfer pricing methodology of cost plus 15%.

Post the purchase of the entire shareholding of the HGSL in the current year by TML, the customers are not associated enterprises & the transfer pricing regulations are not applicable

28 In September 2008, TML had made investment of ₹ 85 Million which was equal to 17 28% of the equity share capital of Servista Limited, a leading European system integrator. With this investment, TML became Servista's exclusive delivery arm for three years and will assist Servista in securing more large scale European IT off shoring business. The business plan of Servista was adversely affected by the economic downturn and it continued to incur losses and therefore, Servista.

in June 2009 decided to close down its operations. TML had made provision of ₹ 85 Million in the year ended March 31, 2010, for diminution in the value of its investments in Servista. As of March 31, 2013, Servista is in process of winding up and in the view of the management, TML would have no further unrecorded obligations towards settlement of any further liability.

29 During the year ended March 31, 2010, a customer of TML restructured long term contracts with TML effective April 01, 2009 which involves changes in commercial terms, including rate reduction and other agreed contract terms. As per the amended contracts, the customer had paid TML restructuring fees of ₹ 9,682 Million. The services under the restructured contracts would continue to be rendered over the life of the contract. The restructuring fees received would be amortized and recognized as revenue over the term of the contract on a straight line basis.

d) Comviva, has entered into an agreement on September 25, 2008 with one of its customer to provide Managed VAS Services on revenue share basis for a period of three years from date of commercial launch of VAS services. Comviva has installed hardware and software at third party location to provide such services and as per the terms of the agreement, these assets qualify as finance lease.

During the year ended March 31, 2012, Comviva has re-negotiated the terms of the contract with lessee. The contract period has been extended for a period of three years (that is till year ended December 31, 2014). Comviva will also provide certain services under the revised contract. The contract continues to be on revenue share basis, however, the lessee has given a minimum guarantee of US\$ 38,639 per month towards monthly lease payment and services. As the revised contract covers substantial life of the assets hence the modified lease is continued to be considered as finance lease. There is no escalation clause or restriction imposed under the revised lease agreement.

- 33 The Honorable Supreme Court vide its order dated 2<sup>nd</sup> February 2012 cancelled 2G licenses issued to some of Telecom operators in India in 2008. As a result of the cancellation, the business of TML's two customers has become unviable and one of the customers has started winding up proceedings of the Indian operations. TML had made provision of ₹ 679 Million in previous year ended 31<sup>st</sup> March 2012 on account of likely impairment in the carrying value of the related assets.
- 34 As per the requirements of Accounting Standard 17 on 'Segment Reporting' (AS 17), the primary segment of the Group is business segment by category of customers in the Telecom Service Providers (TSP), Telecom Equipment Manufacturer (TEM), Business Process Outsourcing (BPO) and Others, which includes non telecom vertical customers and the secondary segment is the geographical segment by location of its customers

The accounting principles consistently used in the preparation of the financial statements are also applied to record income and expenditure in the individual segments. There are no inter-segment transactions during the year ended March 31, 2013.

Segregation of assets, liabilities, depreciation and other non-cash expenses into various primary segments has not been done as the assets are used interchangeably between segments and TML is of the view that it is not practical to reasonably allocate liabilities and other non-cash expenses to individual segments and an ad-hoc allocation will not be meaningful

## **B. Secondary Segments.**

Revenues from secondary segments are as under

Segregation of assets, liabilities, depreciation and other non-cash expenses into various primary segments has not been done as the assets are used interchangeably between segments and TML is of the view that it is not practical to reasonably allocate liabilities and other non-cash expenses to individual segments and an adhoc allocation will not be meaningful

#### **B.** Secondary Segments.

Revenues from secondary segments are as under

| Geography     | ₹ in Million |
|---------------|--------------|
| Europe        | 25,872       |

40 Current tax expense for the year ended March 31, 2013 is net of excess provision of ₹ 259 Million (previous year ₹ 241 Million) of earlier years written back, no longer required

TML and its Indian Subsidiaries had calculated its tax liability under Minimum Alternate Tax (MAT) from financial year 2007-08. The MAT credit can be carried forward and set off against the future tax payable. In the current year ended March 31, 2013, TML and its Indian subsidiaries has calculated its tax liability under normal provisions of the Income Tax Act, 1961 and utilized the brought forward MAT credit of ₹ 321 Million (previous year ₹ 234 Million)

41 The Board of Directors of Satyam Computer Services Ltd (SCSL) on 13 April, 2009 selected VCPL, a wholly owned subsidiary of TML as the highest bidder to acquire a controlling stake in SCSL and upon the Honorable Company Law Board's approval on April 16, 2009, VCPL was declared as the winning bidder

TML through VCPL, acquired stake in Satyam Computer Services Limited, on May 5, 2009 through preferential allotment, representing 31% of equity share capital and further increased the share holding to 42 70 % by July 10, 2009 through a combination of open offer and a further preferential allotment. As a result of this investment, SCSL became an associate of Group as per Accounting Standard 23 "Accounting for Investments in Associates in Consolidated Financial Statements" VCPL holds 501,843,740 equity shares, which is 42 63% of share capital of SCSL as at March 31, 2013

- a) The auditors of SCSL have issued a qualified audit report on the consolidated financial results of SCSL for the year ended March 31, 2013 on certain matters set out below
  - Inability to comment on any adjustments/disclosures which may become necessary as a result of further findings
    of the ongoing investigations/legal proceedings by the regulatory authorities and the consequent impact, if any,
    on the financial results
  - Inability to comment on the accounting treatment/disclosure of the unexplained amounts aggregating to ₹ 11,394 Million (accounted under "Unexplained Differences Suspense Account (Net)" in the financial statements of SCSL) which was fully provided in the financial results for the year ended March 31, 2009
  - Inability to determine whether any adjustments/disclosure will be required in respect of the alleged advances amounting to ₹ 12,304 Million (net) (presented separately under "Amounts Pending Investigation Suspense Account (Net)" in the financial statements of SCSL) and in respect of the non-accounting of any damages / compensation / interest in the financial results
  - Inability to comment on the adequacy or otherwise of the provision for taxation pertaining to prior years and the
    consequential impact, if any, due to uncertainties regarding the outcome of the tax disputes and tax demands
    pending before various authorities

The impact of the above qualifications on the TML's share of post acquisition profit (net) of SCSL, the amount of goodwill in the investment value, investment in associate and reserves and surplus in the consolidated financial statements of the Group is not ascertainable

- b) The auditors of SCSL have invited attention to the following matters in their auditor's report for the year ended March 31, 2013
  - · Various demands/disputes raised in respect of the past years by the indirect tax authorities in India
  - Matters relating to non-compliance with Foreign Exchange Management Act (FEMA), 1999 in respect of realization and repatriation of export proceeds relating to earlier years
  - Non-compliances and breaches in the prior years under the erstwhile Management relating to certain provisions
    of the Companies Act, 1956 and certain employee stock option guidelines issued by the Securities Exchange
    Board of India
  - The Board of Directors has been legally advised that the matters qualified in the Auditors' Report are not required to be taken into account for determining the proposed dividend
  - In the case of one of the subsidiary of SCSL, the auditors have drawn attention to the possible charge that may arise in respect of the ongoing dispute, which is currently subjudice, between the promoters of the said subsidiary on various issues relating to the shareholders agreement, the outcome of which is not determinable at this stage. Further, the auditors have drawn attention to the fact that the annual financial statements for the year ended March 31, 2012 have not been adopted by the members of that subsidiary in their annual general meeting in the absence of unanimous consent of both the shareholders in terms of the Articles of Association of the subsidiary company. The financial statements as at and for the year ended March 31, 2013 have been drawn up incorporating the opening balances based on the financial statements for the year ended March 31, 2012 which have not been adopted by the shareholders of the subsidiary company. Adjustments to the opening balances, if any, will be made in the financial statements as and when determined.

The Board of Directors of Tech Mahindra Limited in their meeting held on March 21, 2012 have approved the scheme of amalgamation and arrangement (the "Scheme") which provides for the amalgamation of Venturbay Consultants Private Limited (Venturbay), Satyam Computer Services Limited (MSAT), C&S System Technologies Private Limited (C&S), Mahindra Logisoft Business Solutions Limited (Logisoft) and CanvasM Technologies Limited (CanvasM) with Tech Mahindra Limited (TML) under sections 391 to 394 read with sections 78, 100 to 104 and other applicable provisions of the Companies Act, 1956 The Scheme also provides for the consequent reorganization of the securities premium of TML. The Appointed date of the Scheme is April 1, 2011

The Board of Directors of TML have recommended to issue 2 fully paid up Equity Shares of ₹ 10 each of TML for every 17 fully paid Equity Shares of ₹ 2 each of MSAT. As the other amalgamating companies are wholly owned by TML / MSAT, no shares would be issued to shareholders of these companies

The Bombay Stock Exchange and the National Stock Exchange have conveyed to the TML, their no-objection under Clause 24(f) of the Listing Agreement to the said Scheme TML has also received approval of Competition Commission of India for the said Scheme The Scheme was approved by the requisite majority of the equity shareholders of TML and MSAT in the court convened meetings held on 7<sup>th</sup> June 2012 and 8th June 2012 respectively. A Separate Special Resolution was also passed at the above mentioned meeting of the equity shareholders of TML held on 7<sup>th</sup> June 2012, whereas the requisite majority of the equity shareholders approved the reduction of its securities premium account

Thereafter, TML, Venturbay, C&S, Logisoft and CanvasM had filed Petitions on 25th June 2012 respectively with the Honorable Bombay High Court seeking approval for the proposed Scheme. The Petitions were admitted by the Honorable Bombay High Court on 20th July 2012. The Honorable Bombay High Court has approved the Scheme of Amalgamation and passed an order to that effect on 28th September 2012. MSAT had filed its Petition on 27th June 2012 with the Honorable High Court of Andhra Pradesh, and the said petition was admitted on 9th July 2012. Hearing in the matter is concluded before the Honorable High Court of Andhra Pradesh closed for summer vacation and the order is awaited.

The merger is effective only on the last of the dates on which the certified copies of the orders of the High Court of Judicature at Bombay and the High Court of Judicature at Andhra Pradesh are filed with the Registrar of Companies ('ROC'), Mumbai and Pune, Maharashtra, and the ROC, Andhra Pradesh, Hyderabad respectively," and as the Approvals of High Court of Judicature at Andhra Pradesh is yet to be received, the effect of the merger is not considered in the financial statements

- 45 In respect of equity shares issued by TML pursuant to the Employees Stock Option Scheme, after the date of balance sheet for the year ended March 31, 2012 and before the book closure date for the Annual General Meeting, TML has paid dividend of ₹ 0.45 Million for the year 2011-12 and dividend tax thereon of ₹ 0.07 Million as approved by the shareholders in the Annual General Meeting dated August 10, 2012
- 46 During the quarter ended December 31, 2012, remuneration structure of employees deputed by TML to UK who were remunerated on India salary plus UK allowances (to defray higher cost of living in the UK) was changed to consolidated UK salary without salary in India. The allowances paid in the UK were accounted as travel expenses. The salary structure was changed with a family 1, 2012 accordingly, travelling expenses (under operating and other expenses) and salary and bonus (under employee benefits expenses) for the period April 2012 to September 2012 are adjusted to give effect to the said change.
- 47 Figures pertaining to the subsidiary companies have been reclassified wherever necessary to bring them in line with the group financial statements
- 48 Revenue and Software, Hardware and Project Specific Expenses for the year ended 31<sup>st</sup> March 2013 include revenue and cost relating to one of the subsidiary of ₹ 328 Million (previous year ₹ Nil) and cost of ₹ 217 Million (previous year ₹ Nil) relating to sale and purchase of trading goods
- 49 Previous year's figures have been regrouped wherever necessary, to conform to the classification for the year ended March 31, 2013
