1 Account policies

Basis of accounting

Cambridge Management Corporation, a Delaware (US) Corporation, is owned and controlled in the United States. The parent company maintains a branch operating entity in the United Kingdom for the purpose of supporting current product demand and development of new market channels in both the United Kingdom and Europe.

The consolidated financial statements are presented for the sole purpose of reporting financial results of the UK branch segment. The parent company, unaudited, financial information is provided for information purposes only and should not be relevant in the evaluation of the UK branch segment financial performance for the calendar year 2001. The footnote disclosures, to the consolidated financial statements, are directly associated to UK branch operations and are not be applicable to the financial information provided for the parent company.

The financial information provided for the parent company are presented in accordance with generally accepted accounting principals (GAAP).

The financial statements have been prepared under the historical cost convention and in accordance with Schedule 9 of the unamended 1985 Act.

Tangible fixed assets and depreciation

Depreciation has been provided at the following rates in order to write down the cost or valuation, less estimated residual value, of all tangible fixed assets, with the exception of freehold land, by equal annual installment over their expected useful lives:

|                         |             |
|-------------------------|-------------|
| Furniture and equipment | 2 - 3 years |
| Computer equipment      | 2 - 4 years |

Intangible assets

The intellectual property rights that were acquired by the UK branch in January 2000 were amortized over one year. The intellectual property rights that were acquired in the US are being written down over five years.

Stock

Stock are stated at the lower of cost and net realizable value after making allowances for any obsolete or slow moving items.
