Independent Auditor's Report
To the Members of HSBC Electronic Data Processing India Private Limited
Report on the Audit of the Financial statements

#### **Opinion**

- We have audited the accompanying financial statements of HSBC Electronic Data Processing India Private Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of changes in equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.
- 2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and total comprehensive income (comprising of profit and other comprehensive loss), changes in equity and its cash flows for the year then ended.

#### **Basis for Opinion**

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Other Information**

4. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors' report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

## Responsibilities of management and those charged with governance for the financial statements

5. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

#### INDEPENDENT AUDITOR'S REPORT

To the Members of HSBC Electronic Data Processing India Private Limited Report on audit of the Financial Statements Page 2 of 4

6. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### Auditor's responsibilities for the audit of the financial statements

- 7. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
- 8. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
  - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
  - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
  - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
  - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
  - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of
  the audit and significant audit findings, including any significant deficiencies in internal control that we identify during
  our audit.

#### Report on other legal and regulatory requirements

- 10. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 11. As required by Section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except that the backup of books of account and other books and papers maintained in electronic mode has not been maintained on a daily basis on servers physically located in India during the year.
- (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of changes in equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the maintenance of accounts and other matters connected therewith, reference is made to our comment in paragraph 11(b) above that the backup of books of account and other books and papers maintained in electronic mode has not been maintained on a daily basis on servers physically located in India during the year.
- (g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements Refer Note 25 to the financial statements.
  - ii. The Company was not required to recognise a provision as at March 31, 2023 under the applicable law or accounting standards, as it does not have any material foreseeable losses on long-term contracts (including derivative contracts).
  - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2023.
  - iv. (a) The management has represented that, to the best of its knowledge and belief, as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries (Refer Note 37(vii) to the financial statements):
    - (b) The management has represented that, to the best of its knowledge and belief, as disclosed in the notes to the accounts, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries (Refer Note 37(vii) to the financial statements); and

- (c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
- v. The dividend declared and paid during the year by the Company is in compliance with Section 123 of the Act.
- As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 (as amended), which provides for books of account to have the feature of audit trail, edit log and related matters in the accounting software used by the Company, is applicable to the Company only with effect from financial year beginning April 1, 2023, the reporting under clause (g) of Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), is currently not applicable.
- 12. The provisions of Section 197 read with Schedule V to the Act are applicable only to public companies. Accordingly, reporting under Section 197(16) of the Act is not applicable to the Company.

# Report on the Internal Financial Controls with reference to Financial Statements under clause (i) of sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to financial statements of HSBC Electronic Data Processing India Private Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditor's Responsibility**

- 3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.
- 4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
- 5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

#### Meaning of Internal Financial Controls with reference to financial statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Referred to in paragraph 11(g) of the Independent Auditor's Report of even date to the members of HSBC Electronic Data Processing India Private Limited on the financial statements for the year ended March 31, 2023 Page 2 of 2

#### Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## **Opinion**

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by IĆAI.

- i. (a) (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of Property, Plant and Equipment.
  - (B) The Company is maintaining proper records showing full particulars of Intangible Assets.
  - (b) The Property, Plant and Equipment of the Company have been physically verified by the Management during the year and no material discrepancies have been noticed on such verification. In our opinion, the frequency of verification is reasonable.
  - (c) According to the information and explanations given to us and the records of the Company examined by us, the Company does not own any immovable properties (Refer Note 3 to the financial statements). Therefore, the provisions of clause 3(i)(c) of the Order are not applicable to the Company.
  - (d) The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year. Consequently, the question of our commenting on whether the revaluation is based on the valuation by a Registered Valuer, or specifying the amount of change, if the change is 10% or more in the aggregate of the net carrying value of each class of Property, Plant and Equipment (including Right of Use assets) or intangible assets does not arise.
  - (e) Based on the information and explanations furnished to us, no proceedings have been initiated on (or) are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in its financial statements does not arise.
- ii. (a) The Company is in the business of rendering services and, consequently, does not hold any inventory. Therefore, the provisions of clause 3(ii)(a) of the Order are not applicable to the Company.
  - (b) During the year, the Company has not been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate from banks and financial institutions on the basis of security of current assets and accordingly, the question of our commenting on whether the quarterly returns or statements are in agreement with the unaudited books of account of the Company does not arise.
- iii. The Company has not made any investments, granted secured/ unsecured loans/advances in nature of loans, or stood guarantee, or provided security to any parties. Therefore, the reporting under clause 3(iii), (iii)(a), (iii)(b),(iii)(c), (iii)(d), (iii)(e) and (iii)(f) of the Order are not applicable to the Company.
- iv. The Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186. Therefore, the reporting under clause 3(iv) of the Order are not applicable to the Company.
- v. The Company has not accepted any deposits or amounts which are deemed to be deposits referred in Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified.
- vi. The Central Government of India has not specified the maintenance of cost records under subsection (1) of Section 148 of the Act for any of the services of the Company.

#### Company overview

HSBC Electronic Data Processing India Private Limited ("HDPI" or "the Company") was incorporated on 14 March 2000 as a wholly owned subsidiary of HSBC Holdings B.V., Netherlands. HSBC Holdings plc, U.K. is the ultimate holding company.

The Company provides electronic data processing, call center and professional services (collectively referred to as "back office services") to the HSBC group companies. The Company has a branch in London, U.K.

#### Note 1: Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### a) Basis of preparation

#### (i) Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 [Companies (Indian Accounting Standards) Rules, 2015] and other provisions of the Act.

#### (ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- · certain financial assets and liabilities (including derivative instruments) is measured at fair value;
- Defined benefit plans plan assets measured at fair value; and
- Share based payments recorded at fair value.

#### (iii) New and amended standards issued but not effective

The Ministry of Corporate Affairs has vide notification dated 31 March 2023 notified Companies (Indian Accounting Standards) Amendment Rules, 2023 which amends certain accounting standards, and are effective 1 April 2023.

These amendments are not expected to have a material impact on the Company in the current or future reporting periods and on foreseeable future transactions.

#### b) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

The Board of Directors of HSBC Electronic Data Processing India Private Limited assesses the financial performance and financial position of the Company, and makes strategic decisions. The Board of Directors has been identified as the chief operating decision maker. Refer note 28 for segment information presented.

#### c) Foreign currency translation

#### (i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian Rupee (INR), which is the Company's functional and presentation currency.

#### (ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates on the date of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the year-end exchange rates are generally recognized in the Statement of Profit and Loss. All foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis.

(All amounts in Indian rupees lakhs, except share data and where otherwise stated)

#### d) Revenue recognition

#### (i) Timing of recognition:

Revenue from providing back-office services is recognized in the accounting period in which the services are rendered.

#### (ii) Measurement of revenue:

Revenue from back-office services rendered to group companies is recognized on a cost plus basis as per the terms of the contract with the parties. Revenue in excess of billing on back-office services is recorded as unbilled revenue and is included under trade receivables. If the payment exceeds the services rendered, contract liability is recognised.

#### e) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the Company operates and generates taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and it establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognized in the Statement of Profit and Loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

Leases are recognized as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the entity. Contracts may contain both lease and non-lease components. The entity allocates the consideration in the contract to the lease and non-lease components based on their relative stand-alone prices. Assets and liabilities arising from a lease are initially measured on a present value basis.

Lease liability include the net present value of the following lease payments:

- a) Fixed payments less any lease incentive receivables
- b) Variable lease payments that are based on an Index or a rate, initially measured using the index or rate as at the commencement date
- c) Amounts expected to be payable by the entity under residual value guarantee
- d) The exercise price of a purchase option if the entity is reasonably certain to exercise that option, and
- e) Payments of penalties for terminating the lease, if the lease term reflects the entity exercising that option.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the entity, the lessee's incremental borrowing rate is used. Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period. Right of use assets are measured at cost comprising following:

(All amounts in Indian rupees lakhs, except share data and where otherwise stated)

- a) The amount of initial measurement of lease liability
- b) Any lease payments made at or before the commencement date less any lease incentives received
- c) Any initial direct costs and
- d) Restoration cost

Right of use assets are measured generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life.

Payments associated with contracts that do not qualify under leases as per IND AS 116, short-term leases of equipment and all leases of low-value assets are recognized as expense over the lease term on straight-line basis or another systematic basis if that basis is more representative of the pattern of the benefit. Short-term leases are leases with a lease term of 12 months or less.

#### As a lessor

Lease income from operating leases where the Company is a lessor is recognized in income on a straight-line basis over the lease term. Initial direct costs incurred in obtaining an operating lease are added to the carrying amount of the underlying asset and recognized as expense over the lease term on the same basis as lease income. The respective leased assets are included in the balance sheet based on their nature.

#### g) Cash and cash equivalents

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the Balance Sheet.

#### h) Trade receivables

Trade receivables are amounts due from customers for services performed in the ordinary course of business and reflect the entity's unconditional right to consideration (that is, payment is due only on the passage of time). Trade receivables are recognized initially at the transaction price as they do not contain significant financing components. The entity holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortized cost using the effective interest method, less loss allowance.

#### i) Financial assets

#### (i) Classification

The Company classifies its financial assets in the following measurement categories:

- (a) Those to be measured subsequently at fair value (either through other comprehensive income, or through Statement of Profit and loss), and
- (b) Those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

## (ii) Measurement

At initial recognition, the Company measures a financial asset (excluding trade receivables which do not contain a significant financing component) at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

#### Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. The Company's debt instruments that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on a debt instrument that is subsequently measured at amortized cost is recognized in the Statement of Profit and Loss when the asset is derecognized or impaired. Interest income from these financial assets is included in interest income using the effective interest rate method.

(All amounts in Indian rupees lakhs, except share data and where otherwise stated)

#### (iii) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 34 details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach required by Ind AS 109-"Financial Instruments", which requires expected lifetime losses to be recognized from initial recognition of the receivables.

#### (iv) De-recognition of financial assets

A financial asset is derecognized only when

- The Company has transferred the rights to receive cash flow from the financial asset; or
- retains the contractual rights to receive the cash flows of the financial assets, but assumes a contractual
  obligation to pay cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset is not derecognized.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

#### (v) Income recognition

Interest income from the debt instruments is recognized using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

#### j) Derivatives and hedging activities

Derivatives are initially recognized at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at the end of each reporting period. The Company enters into forward contracts to hedge risks which are not designated as hedges. Such forward contracts are accounted for at fair value through profit or loss.

#### k) Property, plant and equipment

All items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as separate asset is derecognized when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

#### Transition to Ind AS

#### (i) Deemed cost:

On transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognized as at 01 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Date: 2023.09.26 19:12:31 +05'30'

(All amounts in Indian rupees lakhs, except share data and where otherwise stated)

#### (ii) Decommissioning obligation included in the cost of property, plant and equipment:

On transition to Ind AS, the Company has elected to make no changes in the decommissioning, restoration or similar liability before the transition date to be added to or deducted from the cost of the asset to which it relates. The Company measured the liability as at the date of transition to Ind AS that would have been included in the cost of the related asset when the liability first arose, by discounting the liability to that date using its best estimate of the historical risk adjusted discount rate(s) that would have applied for that liability over the intervening period and calculate the accumulated depreciation on that amount, as at the date of transition to Ind AS, on the basis of the current estimate of the useful life of the asset, using the depreciation policy adopted.

#### (iii) Depreciation methods, estimated useful lives and residual value:

Depreciation is calculated using the straight line method to allocate the cost, net of the residual values, over their useful lives estimated by the Management, except in case of leasehold improvements which are amortized over the primary period of the lease or estimated useful life of the asset, whichever is shorter. The Management estimated useful lives for fixed assets and rates prescribed under Schedule II are as follows:

Asset Category	Estimated Useful life	Useful life under Schedule II
Computers	3 to 5 years	3 to 6 years
Air-conditioners	10 years	15 years
Furniture and fixtures	5 years	10 years
Office equipment's	5 years	5 years
Electrical equipment's	5 years	10 years
Telecommunication equipment's	7 years	5 years
Vehicles	5 years	8 years

The useful lives have been determined based on technical evaluation done by the management's expert and reflect the actual usage of the assets.

The residual values are not more than 5% of the original cost of the asset. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposal are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss within other income/ (expenses).

#### I) Intangible assets

#### (i) Amortization methods and periods

The Company amortizes intangible assets on straight line value basis over their estimated useful life not exceeding 5 years.

#### (ii) Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of intangible assets recognized as at 01 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

RAO AAKI

(All amounts in Indian rupees lakhs, except share data and where otherwise stated)

#### m) Impairment of assets

Property, plant and equipment and Intangible assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cashgenerating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

#### n) Government Grants

Grants from the government are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to income are deferred and recognized in the Statement of Profit and Loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are presented by deducting the grant from carrying value of the amount.

#### o) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

#### p) Provisions

The Company recognizes a provision when it has a present legal or constructive obligation as result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognized for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provisions due to the passage of time is recognized as interest expense.

#### q) Employee benefits

#### (i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as other current employee benefit obligations in the Balance Sheet.

#### (ii) Post-employment obligations

The Company operates the following post-employment schemes:

- Defined benefit gratuity plan, and
- Defined Contribution plans such as provident fund and national pension scheme.

Date: 2023.09.26 19:16:12 +05'30'

(All amounts in Indian rupees lakhs, except share data and where otherwise stated)

#### Defined benefit plan

The liability or assets recognized in the Balance Sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligations at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation are determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurements gains and losses arising from experience adjustments and change in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the Statement of changes in equity and in the Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in the Statement of Profit and Loss as past service cost.

#### **Defined contribution plans**

The Company pays provident fund contributions to publicly administered funds as per local regulations and makes contribution to the national pension scheme. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognized as an employee benefit expense when they are due.

#### (iii) Share based payments

The employees of the Company are awarded share based payments operated by HSBC Holdings Plc, the ultimate holding company. The amount to be expensed with respect to the share based payments is determined with respect to fair value of options granted. The expense is recognized over the vesting period, which is the period over which all of the specified vesting conditions are to be specified.

## r) Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

#### s) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorized and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

#### t) Earning per share

#### (i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- The profit attributable to owners of the Company
- By the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares (note 27).

#### (ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- The after income tax effect of interest and other financing costs associated with dilutive potential equity shares,
  and
- The weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(All amounts in Indian rupees lakhs, except share data and where otherwise stated)

#### u) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

#### Note 2: Critical estimates and judgments

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgment in applying the Company's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

Detailed information about each of these estimates and judgments is included in relevant notes together with information about the basis of calculation for each affected line item in financial statements.

The areas involving critical estimates or judgments are:

- Estimated useful life of tangible and intangible assets Note 3 and 5
- Estimation of defined benefit obligation Note 15
- Estimation of provisions Note 31
- Estimation of decommissioning liability Note 31
- Estimation of fair value of forwards Note 35

Estimates and judgments are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances:

#### a) Rights, preferences and restrictions attached to equity shares:

The Company has a single class of equity shares. Accordingly, all equity shares rank equally with regard to dividends and share in the company's residual assets. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up equity capital of the Company.

On winding up of the Company, the holders of equity shares will be entitled to receive residual assets of the Company, remaining after distribution of all preferential amounts in proportion to the number of equity shares held by the shareholders.

#### i) Post employment obligations

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous employment for a period of 4.5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied by the number of years of service. The gratuity plan is a funded plan and the Company makes contributions to its trust administered by LIC. The Company does not fully fund the liability and maintains a target level of funding to be maintained over a period of time based on estimations of expected gratuity payouts.

#### b) Defined contribution plans

The Company also has certain defined contribution plans. Contributions made to Provident Fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the Government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any contractual obligation. The expense recognised during the period towards defined contribution plan is Rs. 16,594.96 (31 March, 2022: Rs. 14,035.44)

The above sensitivity analysis are based on a change in assumption while holding other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (Present value of defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance sheet.

Risk exposure: Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

- 1) Interest rate risk: The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.
- 2) Salary Inflation risk: Higher than expected increases in salary will increase the defined benefit obligation
- 3) Demographic risk: This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal,

disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee.

#### ii) Leave obligations

The leave obligations cover the entity's liability for earned leave which are classified as other short-term benefits.

The entire amount of the provision of INR 5,517.78 (31 March 2022 – INR 2,081.49) is presented as current, since the entity does not have an unconditional right to defer settlement for any of these obligations.

Particulars	Year ended	Year ended
	31 March 2023	31 March 2022
Dividend paid (inclusive of dividend distribution tax)	33,058.50	82,468.54

#### Note 34: Financial risk management

The Company's activities expose it to market risk, liquidity risk and credit risk. In order to minimize any adverse effects on the financial performance of the Company, derivative financial instruments, such as foreign exchange forward contracts are entered to hedge certain foreign currency exposure. Derivatives are used exclusively for hedging and not as trading or speculative instruments.

#### A) Credit risk

Credit risk arises from cash and cash equivalents, instruments carried at amortized cost and deposits with banks, as well as credit exposures to customers including outstanding receivables.

#### (i) Credit risk management

- A. Credit risk on cash and cash equivalents is limited as the Company generally invests in deposits with banks with high credit ratings assigned by external agencies.
- B. Credit risk on security deposits, trade receivables and contract assets are evaluated as follows:

#### Year ended 31 March 2023:

#### (a) Expected credit loss for financial assets where general model is applied

Particulars	Asset group	Estimated gross carrying amount at default	Expected probability of default	Expected credit loss	Carrying amount net of provision
Financial assets for which credit risk has not increased significantly since initial recognition  - Loss allowance measured at 12 month expected credit losses	Security deposits	6,357.92	2%	122.00	6,235.92

(All amounts in Indian rupees lakhs, except share data and where otherwise stated)

#### (b) Expected credit loss for trade receivables under simplified approach:

Particulars	Less than or equal to 6 months	More than 6 months	Total
Gross carrying amount	81,736.16		81,736.16
Expected credit loss rate		-	-
Expected credit loss (loss allowance provision)			
Carrying amount of trade receivables and contract assets	81,736.16	-	81,736.16

To measure the expected credit losses, trade receivables and contract assets have been grouped based on shared credit risk characteristics and the days past due. The contract assets relate to unbilled revenue and have substantially the same risk characteristics as the trade receivables for the same types of contracts. The group has therefore concluded that the expected loss rates for trade receivables are a reasonable approximation of the loss rates for the contract assets.

#### Year ended 31 March 2022:

#### (a) Expected credit loss for financial assets where general model is applied

Particulars	Asset group	Estimated gross carrying amount at default	Expected probability of default	Expected credit loss	Carrying amount net of provision

Loss allowance as at 31 March 2023	-	122.00	

(All amounts in Indian rupees lakhs, except share data and where otherwise stated)

#### Significant estimates and judgments:

#### Impairment of financial assets:

The impairment provisions for financial assets disclosed above are based on assumptions about risk of default and expected loss rates. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

### B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding to meet obligations when due and to close out market positions. Company's treasury maintains flexibility in funding by maintaining availability under deposits in banks.

Management monitors cash and cash equivalents on the basis of expected cash flows. This is generally carried by local management in accordance with practice and limits set by the HSBC group.

### (i) Financing arrangements

The Company has access to the following undrawn borrowing facilities at the end of the reporting period:

Particulars	Year ended	Year ended
	31 March 2023	31 March 2022
Expiring within one year (other facilities)	30,000.00	30,000.00

#### C) Market risk

#### (i) Foreign currency risk

The Company operates in a business that exposes it to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD and GBP. Foreign exchange risk arises from future commercial transactions and recognized assets and liabilities denominated in a currency that is not the Company's functional currency (INR). The risk is measured through a forecast of highly probable foreign currency cash flows. The objective of the Company is to minimize the volatility of the INR cash flows of highly probable forecast transactions.

As per the risk management policy, maximum of 80% of total local currency costs are hedged.

Exposure	As at 31 M	larch, 2023	As at 31 March, 2022	
	USD	GBP	USD	GBP
Foreign currency assets				
- Trade receivables - hedged	33,250.50	-	32,921.29	-
- Trade receivables - unhedged	45,558.51	-	29,681.49	· · · · · ·

Derivative liabilities	· .			
- Foreign exchange forward contracts	195.08	4 . ·-	110.80	·

## (ii) Sensitivity

The sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments and from foreign forward exchange contracts:

	Impact or	Impact on profit					
Particulars	Year ended 31 March 2023	Year ended 31 March 2022					
USD Sensitivity							
USD appreciates by 1%	1,119.11	1,091.60					
USD depreciates by 1%	(1,119.11)	(1,091.60)					
GBP Sensitivity							
GBP appreciates by 1%	(16.18)	(40.29)					
GBP depreciates by 1%	16.18	40.29					

#### Note 35: Fair value measurements

Financial instruments by category and hierarchy

This section explains the judgments and estimates made in determining the fair values of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortized cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the Accounting Standard. An explanation of each level follows underneath the table

(All amounts in Indian rupees lakhs, except share data and where otherwise stated)

		A	s at	As at 31 March 2022

Total Financial liabilities		195.08	24,117.63	110.80	22,943.79	

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. The Company has no financial instruments which have been valued based on Level 1 inputs.

Level 2: The fair value of financial instruments that are not traded in an active market (viz foreign exchange forward contracts) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

#### Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the fair value of forward foreign exchange contracts is determined using value of such foreign exchange forward contracts for the remaining maturity as at the Balance Sheet date.
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

#### **Valuation process**

The finance and accounts department of the Company performs the valuations of financial assets and liabilities required for financial reporting purposes, and report to the Board of Directors.
