## Directors' Report for the Year Ended 31 December 2017

The Directors present their report and the financial statements for the year ended 31 December 2017.

### Directors of the Company

The directors who held office during the year were as follows:

Trevor Torrington

Nigel Myers

The directors do not recommend the payment of a final dividend (2016: £nil). No dividends were paid during the year (2016: £nil).

### Financial instruments

The company's operations mean that it is exposed to a variety of financial risks that include the effects of changes in credit risk, liquidity risk and interest rate risk. The directors monitor the risks in order to limit the adverse effects on the financial performance by reviewing levels of debt finance and the related finance costs, however these are integrated with the risks of the group and not managed separately. Accordingly, the financial risk management policies of Priory Group UK 1 Limited (formerly Partnerships in Care UK 1 Limited), which include those of the company, are discussed in the group's annual report which does not form part of this report.

### Future developments

The future developments of the company are aligned to the strategy of the UK Group, headed by Priory Group UK 1 Limited (formerly Partnerships in Care UK 1 Limited). The group's strategy for the future development of the business is included in the group's annual report, which does not form part of this report.

### Going concern

### Auditors

The company is incorporated in the Cayman Islands and registered in both the Cayman Islands and the UK. The company is not required to publish audited financial statements. The purpose of these financial statements is to meet the obligations for filing in both the UK and the Cayman Islands. ### **Statement of Directors' Responsibilities**

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and

The principal accounting policies applied in the preparation of these financial statements are set out below, and, unless otherwise stated, these policies have been consistently applied to all the periods presented.

### Notes to the Financial Statements for the Year Ended 31 December 2017 (continued)

#### 2 Accounting policies (continued)

##### Tax

The tax expense for the period comprises current tax. Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates taxable income.

##### Tangible fixed assets

Tangible fixed assets are stated in the statement of financial position at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

The cost of tangible fixed assets includes directly attributable incremental costs incurred in their acquisition and installation.

##### Borrowings

Interest-bearing borrowings are initially recorded at fair value, net of transaction costs. Interest-bearing borrowings are subsequently carried at amortised cost, with the difference between the proceeds, net of transaction costs, and the amount due on redemption being recognised as a charge to the Profit and Loss Account over the period of the relevant borrowing.

Interest expense is recognised on the basis of the effective interest method and is included in interest payable and similar charges.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

##### Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

#### 3 Interest payable and similar charges

	2017 £ 000	2016 £ 000
Interest payable on loans from group undertakings	19	20

#### 4 Directors' remuneration

The costs relating to the directors' services have been borne by Priory Central Services Limited, a fellow group company. No amounts have been recharged (2016: £nil) to the company in respect of the directors' services and the directors do not believe that it is practical to allocate these costs between group companies.
