ABC Steel Supplies LLP

Accounting Policies - Year Ended 31 March 2012

1. Basis of Accounting: The accounts have been prepared under the historical cost convention. The limited liability partnership has taken advantage of the exemption in financial Reporting Standard No 1 from the requirement to produce a cash-flow statement on the grounds that this is a small limited liability partnership.
2. Turnover: This represents net invoiced sales, excluding Vat and trade discounts.
3. Tangible Fixed Assets: Tangible fixed assets are stated at cost less depreciation. Depreciation is provided, at the following annual rates, in order to write off each asset over its estimated useful life.

Plant and Machinery	25% Reducing Balance
Motor Vehicles	25% Reducing Balance
Fixtures and Fittings	25% Reducing Balance
4. Stocks and W.I.P: Stock on hand is valued at the lower of cost and net realisable value after making due allowance for obsolete and slow moving stocks.
5. Leasing and Hire Purchase: Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets. Assets acquired by finance lease are depreciated over the shorter of the lease term and their useful lives. Assets acquired by hire purchase are depreciated over their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the company. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.
6. Foreign Currencies: Assets and Liabilities in foreign currencies are translated into sterling at the average exchange ruling throughout the accounting period. Exchange differences are taken into account in arriving at the operating profit. Monetary assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date.
7. The limited liability partnership has prepared accounts in accordance with the Financial Reporting Standards for Smaller Entities.

Notes to the Accounts - Year Ended 31 March 2012

1. Turnover: The turnover and profit is attributable to the principal activity of the limited liability partnership. Of the total turnover approximately 60% relates to sales to The Republic of Ireland.
2. Going Concern: The members after consideration believe the limited liability partnership is a going concern for the foreseeable future.
3. Tangible Assets:

15. Going Concern

The Members of ABC Steel Supplies LLP acknowledge their responsibility to make a going concern assessment. They have considered relevant factors influencing the LLPs ability to trade for the foreseeable future (at least one year after the date of accounts approval) on a going concern basis. The members in particular have considered:

- The LLPs financial capacity to trade normally
- Expected costs and expected future revenues
- Assets and liabilities owned/owed by/to the LLP

After completing this Going Concern Review the members are satisfied that it is reasonable to conclude that it is appropriate to prepare financial statements on a going concern basis.
