**NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 31 MAY 2015**

1. ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008) and the requirements of the Statement of Recommended Practice "Accounting by Limited Liability Partnerships".

1.2 Cash flow

The financial statements do not include a Cash Flow Statement because the LLP, as a small reporting entity, is exempt from the requirement to prepare such a statement under the Financial Reporting Standard for Smaller Entities (effective April 2008).

1.3 Turnover

Turnover comprises revenue recognised by the company in respect of goods and services supplied during the year, exclusive of Value Added Tax and trade discounts.

In respect of on-going contracts, turnover represents the value of work done in the year, including estimates of amounts not invoiced. Turnover in respect of such contracts is recognised by reference to the stage of completion.

1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Alterations leasehold property	-	2% per annum straight line
Plant and machinery	-	20% per annum reducing balance
Motor vehicles	-	25% per annum reducing balance
Fixtures and fittings	-	15% per annum reducing balance

1.5 Operating leases

Rentals under operating leases are charged to the Profit and Loss Account on a straight line basis over the lease term.

Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight line basis over the period until the date the rent is expected to be adjusted to the prevailing market rate.

1.6 Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.
