ABBEY ROOFING SPECIALISTS LIMITED

Notes to the abbreviated accounts for the year ended 31 December 2014

1 Accounting policies

a) Basis of accounting

The financial statements are prepared on the historical cost basis of accounting and have been prepared in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The company has taken advantage of the exemption, conferred by Financial Reporting Standard 1, from presenting a cash flow statement as it qualifies as a small company.

b) Turnover

Turnover represents net invoiced sales of goods and services, excluding value added tax.

c) Depreciation of tangible fixed assets

At each balance sheet date, the carrying amounts of tangible assets are reviewed to determine whether there is an indication that those assets have suffered an impairment loss. Where the carrying value exceeds the estimated recoverable amount (being the greater of fair value less costs to sell and value-in-use), an impairment loss is recognised by writing down the assets cash-generating units to their recoverable amount. An impairment loss is recognised immediately in the profit and loss. Any reversal of a previous impairment loss is similarly recognised immediately in the profit and loss.

Depreciation is provided on all tangible fixed assets at rates calculated to write off the full cost or valuation less estimated residual value of each asset over its estimated useful life. The principal rates in use are:

Leasehold property	10%	straight line
Motor vehicles	25%	reducing balance
Office equipment	25%	reducing balance
Plant and machinery	25%	reducing balance

d) Foreign currency translation

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at rates of exchange ruling at the balance sheet date.

Transactions in foreign currencies are translated into sterling at the rate ruling on the date of the transaction.

Exchange gains and losses are recognised in the Profit and Loss account.

e) Hire purchase and lease transactions

Assets acquired under hire purchase agreements and finance leases are capitalised in the balance sheet and are depreciated in accordance with the company's normal policy. The outstanding liabilities under such agreements less interest not yet due are included in creditors. Interest on such agreements is charged to the profit and loss account over the term of each agreement and represents a constant proportion of the balance of capital repayments outstanding.

Rentals under operating leases are charged to the profit and loss account as they fall due.

f) Pension scheme

The company operates a defined contribution pension scheme and the pension charge represents the amounts payable by the company to the fund in respect of the year.
