Strategic report

Principal activity and business review

The company's principal activity during the year comprised the sale and leasing of motor vehicles and the provision of ancillary services.

Results and dividends

The company's profit/(loss) before tax for the year was £1,039,000 (2013: £683,000). Further details with regard to the trading results for the year and the amount transferred to reserves are set out on page 5.

The directors do not recommend the payment of a final dividend (2013: £Nil).

Principal risks and uncertainties

The management of the business and the execution of the company's strategy are subject to a number of risks.

The key business risks and uncertainties affecting the company are considered to relate to competition from both national and independent retailers and employee retention.

Further discussion of these risks and uncertainties, in the context of the Sytner Group as a whole, is provided in the strategic report for Sytner Group Limited, which does not form part of this report.

Key performance indicators

The company is part of the Sytner Group. The development, performance and position of the group, which includes this company, is provided in the strategic report for Sytner Group Limited, which does not form part of this report.

Creditor payment policy

The company's policy in respect of its suppliers is to agree terms of payment on or before entering into each transaction and to adhere to such terms, subject to satisfactory completion of the transaction concerned. Where prior agreement is neither practicable nor feasible, invoices will be dealt with in a timely manner as part of a systematic payment process. The company does not follow any code or standard on payment practice. At 31 December 2014, the company's creditor days compared to the value of suppliers' invoices received in the year was 6 days (2013: 13 days).

Disclosure of information to auditors

The directors who held office at the date of approval of this directors' report confirm that, so far as they are each aware, there is no relevant information of which the Company's auditors are unaware; and each director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

Auditors

Our Auditor KPMG Audit Plc, has instigated an orderly wind down of business. Pursuant to Section 487 of the Companies Act 2006, the board has decided to put KPMG LLP forward to be appointed as auditor and a resolution concerning their appointment will be put to the forthcoming Board meeting.

Statement of directors' responsibilities in respect of the strategic report, the directors' report and the financial statements

The directors are responsible for preparing the strategic report, the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice).

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Independent auditor's report to the members of Agnew Corporate Limited

We have audited the financial statements of Agnew Corporate Limited for the year ended 31 December 2014 set out on pages 5 to 16. The financial reporting framework that has been applied in their preparation is applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the directors' responsibilities statement set out on page 3, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit, and express an opinion on, the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at www.frc.org.uk/auditscopeukprivate

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2014 and of its profit for the year then ended
- have been properly prepared in accordance with UK Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Notes

(forming part of the financial statements)

1 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements.

Basis of preparation

The financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards.

Going Concern

The company's business activities, together with the factors likely to affect its future development, performance and position are set out in the strategic report on page 1. They are prepared on a going concern basis, notwithstanding the deficiency of net current assets shown in the balance sheet, as the directors have received an assurance of continuing financial support from Sytner Group Limited. As a consequence, the directors believe that the company is well placed to manage its business risks successfully despite the current uncertain economic outlook. The directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

Turnover

Turnover, which arises wholly in the United Kingdom is the amount derived from the provision of goods and services falling within the company's ordinary activities after deduction of trade discounts and value added tax.

Where vehicles are supplied to a leasing company for contract hire purposes and the Company undertakes to repurchase the vehicle at a predetermined date and value the significant risks and rewards of ownership are deemed not to have transferred outside the Company and consequently no sale is recognised.

The repurchase commitments for the vehicles are held within creditors with the respective asset within fixed assets motor vehicles. The income remaining on the initial transaction with the leasing company is held as deferred income and spread over the period of the agreement.

Cash flow statement

Under FRS1 the company is exempt from the requirement to prepare a cash flow statement on the grounds that it is a wholly owned subsidiary of Sytner Group Limited which includes the company in its own consolidated financial statements which are publicly available.

Investment in subsidiaries

Shares in subsidiary companies are stated at cost less any provision for impairment.

Acquisitions

Acquisitions are accounted for under the acquisition accounting method. The results of businesses acquired are consolidated for the period from the date on which control passed.

Goodwill, representing any excess of the fair value of the consideration given over the fair value of the identifiable assets and liabilities acquired, is amortised on a straight line basis over a period up to 20 years. Provision is made for any impairment.

Tangible fixed assets

Tangible fixed assets are stated at cost, net of depreciation and any provision for impairment. Depreciation is provided on all tangible fixed assets, at rates calculated to write off the cost, less estimated residual value, of each asset on a straight-line basis over its expected useful life, as follows:

Freehold land and buildings	-	50 years
Short leasehold land and buildings	-	over lease term
Fixtures and equipment and motor vehicles	-	between 3 and 10 years
Courtesy Vehicles	-	4 years

Residual value is calculated on prices prevailing at the date of acquisition.

Notes (continued)

1 Accounting policies (continued)

Stocks

Stocks are stated at the lower of cost and net realisable value. Cost incurred in bringing each product to its present location and condition is based on purchase price less trade discounts. Net realisable value is based on estimated selling price less further costs expected to be incurred to disposal. Provision is made for obsolete, slow-moving or defective items where appropriate.

Taxation

The charge for taxation is based on the profit for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes.

Deferred tax is recognised, without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date, except as otherwise required by FRS 19.

Pension costs

A number of employees are members of the Sytner Group Pension Plan, a defined contribution scheme.

For defined contribution schemes the amount charged to the profit and loss account in respect of pension costs and other post-retirement benefits is the contributions payable in the period. Differences between contributions payable in the period and contributions actually paid are shown as either accruals or prepayments in the balance sheet.

Leases

Rentals under operating leases are charged on a straight-line basis over the lease term, even if the payments are not made on such a basis.

Assets acquired under finance leases are capitalised and the outstanding future lease obligations are shown in creditors. Rental payments are apportioned between the finance element which is charged to the profit and loss account and the capital element which reduces outstanding lease obligations.

Foreign currency

Transactions in foreign currencies are recorded at the rate of exchange at the date of the transaction or, if hedged, at the forward contract rate. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are reported at the rates of exchange prevailing at that date or, if appropriate, at the forward contract rate. Any gain or loss arising from a change in exchange rates subsequent to the date of the transaction is included as an exchange gain or loss in the profit and loss account.

The audit fee for the current and prior year has been borne on this company's behalf by another group company, for which no recharge has been made.

Amounts receivable by the company's auditor in respect of services to the company, other than the audit of the company's financial statements, have not been disclosed as the information is required instead to be disclosed on a consolidated basis in the consolidated financial statements of the company's intermediate parent Sytner Group Limited.

6 Staff costs

The average number of persons employed by the company (including directors) during the year was as follows:

	Number of employees	
	2014	2013
Workshop staff	7	6
Sales and distribution	12	13
Administration	14	13
	33	32

The aggregate payroll costs of these persons were as follows:

Social security costs	84	88
Pension costs	22	12
	1,022	995

Directors' remuneration

The directors who served during the year are all directors of an intermediate parent company, Isaac Agnew (Holdings) Limited and are remunerated by that company, with the exception of A Collinson who is remunerated by Sytner Group Limited, a company incorporated in England & Wales. It is not practicable to allocate their remuneration to individual companies in the group. The remuneration has, therefore, been disclosed in the financial statements of Isaac Agnew (Holdings) Limited, with the exception of A Collinson, which is disclosed in the financial statements of Sytner Group Limited. The same is true for the prior year.

Other timing differences	-	-
Adjustment in respect of prior year	-	(2)
Total current tax charge/(credit) (see above)	<u>271</u>	<u>208</u>

Factors that may affect future current and total tax charges

Reductions in the UK corporation tax rate from 23% to 21% (effective from 1 April 2014) and 20% (effective from 1 April 2015) were substantively enacted 2 July 2013. In the Budget on 8 July 2015, the Chancellor announced additional planned reductions to 18% by 2020. This will reduce the company's future current tax charge accordingly. The deferred tax liability at 31 December 2013 and 31 December 2014 has been calculated based on the rate of 20% substantively enacted at the balance sheet date.
