The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 December 2014.

The members have not required the company to obtain an audit of its financial statements for the year ended 31 December 2014 in accordance with Section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for:

- ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and
- preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

The notes form part of these abbreviated accounts

ABBREVIATED BALANCE SHEET - continued
31 DECEMBER 2014

The abbreviated accounts have been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

The financial statements were authorised for issue by the Board of Directors on 23/9/15 and were signed on its behalf by:

.....
Micheal Rodgers - Director

The notes form part of these abbreviated accounts

**NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 31 DECEMBER 2014**

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements have been prepared in accordance with applicable accounting standards, and under the historical cost accounting rules.

Construction on all of the company's development sites halted during the 2009 and 2010 period of account, due to adverse market conditions and insufficient finance to service the borrowings of the business. There was minimal construction on the company's development sites during the year ended 31 December 2014. The trade of the children's indoor adventure playground is insufficient to support the development side of the business.

The directors are currently engaged in ongoing negotiations with the company's lending institution with respect to the future viability of the company's development trade. The directors have prepared financial projections for the company assuming sufficient finance were to be obtained, and it is evident that the company shall not be able to meet their liabilities as they fall due for the foreseeable future. The financial statements have been presented on a break up basis resulting in the write down of assets to their recoverable amount.

Accounting convention

The financial statements have been prepared under the historical cost convention.

Financial reporting standard number 1

Exemption has been taken from preparing a cash flow statement on the grounds that the company qualifies as a small company.

Turnover

Turnover represents the total cash received from customers stated net of value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Freehold property	- 2% on cost
Plant and machinery	- 10% on reducing balance
Fixtures and fittings	- 10% on reducing balance

Stocks and work in progress

Stocks are stated at the lower of cost and net realisable value.

Work in progress consists of direct material and labour costs and other charges relating directly to the development.

Work in progress is valued at the lower of cost plus attributable profit and net realisable value. Attributable profit is recognised on property developments when they are subject to a substantially unconditional contract for sale.

1. ACCOUNTING POLICIES - continued

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more, tax, with the following exceptions:

Provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold;

Provision is made for deferred tax that would arise on remittance of the retained earnings of overseas subsidiaries, associates and joint ventures only to the extent that, at the balance sheet date, dividends have been accrued as receivable;

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to the profit and loss account in the period to which they relate.

Government grants

Grants are credited to deferred revenue. Capital grants are released to the profit and loss account over the expected useful life of the assets concerned.
