The directors are satisfied that the company is entitled to exemption from the provisions of the Companies (Northern Ireland) Order 1986 (the Order) relating to the audit of the financial statements for the year by virtue of Article 257A(1), and that no member or members have requested an audit pursuant to Article 257B(2) of the Order.

The directors acknowledge their responsibilities for:

- (i) ensuring that the company keeps proper accounting records which comply with Article 229 the Order,
- (ii) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for the financial year in accordance with the requirements of Article 234, and which otherwise comply with the requirements of the Order relating to financial statements, so far as applicable to the company.

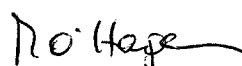

These accounts have been prepared in accordance with the special provisions for small companies under Part VIII of the Companies (Northern Ireland) Order 1986 and with the Financial Reporting Standard for Smaller Entities.

These abbreviated accounts were approved by the directors on 9 March 2007 and are signed on their behalf by:

MR C O HAGAN

MRS M O HAGAN

The notes on pages 3 to 5 form part of these abbreviated accounts.

MOLDALL LTD

NOTES TO THE ABBREVIATED ACCOUNTS

YEAR ENDED 31 AUGUST 2006

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of certain fixed assets, and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2005).

Changes in accounting policies

In preparing the financial statements for the current year, the company has adopted the following Financial Reporting Standards:

-Financial Reporting Standard for Smaller Entities (effective January 2005).

Financial Reporting Standard for Smaller Entities (effective January 2005)

The main change resulting from the application of this standard is that dividends are now charged to retained profits in the balance sheet, rather than to the profit and loss account. As no dividends were declared in the previous year, there is no effect on the prior period.

Turnover

The turnover shown in the profit and loss account represents amounts invoiced during the year, exclusive of Value Added Tax.

In respect of long-term contracts and contracts for on-going services, turnover represents the value of work done in the year, including estimates of amounts not invoiced. Turnover in respect of long-term contracts and contracts for on-going services is recognised by reference to the stage of completion.

Fixed assets

All fixed assets are initially recorded at cost.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Buildings	-	2%
Plant & Machinery	-	20%
Fixtures & Fittings	-	10%
Motor Vehicles	-	25%
Equipment	-	20%

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

MOLDALL LTD

NOTES TO THE ABBREVIATED ACCOUNTS

YEAR ENDED 31 AUGUST 2006

1. ACCOUNTING POLICIES *(continued)*

Work in progress

Work in progress is valued on the basis of direct costs plus attributable overheads based on normal level of activity. Provision is made for any foreseeable losses where appropriate. No element of profit is included in the valuation of work in progress.

Leasing and hire purchase commitments

Assets held under finance leases, which are leases where substantially all the risks and rewards of ownership of the asset have passed to the company, and hire purchase contracts, are capitalised in the balance sheet and are depreciated over their useful lives. The capital elements of future obligations under the leases and hire purchase contracts are included as liabilities in the balance sheet.

The interest elements of the rental obligations are charged in the profit and loss account over the periods of the leases and hire purchase contracts and represent a constant proportion of the balance of capital repayments outstanding.

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions:

Provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold.

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction. Exchange differences are taken into account in arriving at the operating profit.

YEAR ENDED 31 AUGUST 2006

1. ACCOUNTING POLICIES *(continued)*

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.
