The director is satisfied that the company is entitled to exemption from the provisions of the Companies Act 2006 (the Act) relating to the audit of the financial statements for the year by virtue of section 477, and that no member or members have requested an audit pursuant to section 476 of the Act

The director acknowledges his responsibility for

- (i) ensuring that the company keeps adequate accounting records which comply with section 386 of the Act, and
- (ii) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for the financial year in accordance with the requirements of section 393, and which otherwise comply with the requirements of the Act relating to financial statements, so far as applicable to the company

These abbreviated accounts have been prepared in accordance with the special provisions for small companies under Part 15 of the Companies Act 2006

The Balance sheet continues on the following page

**1 ACCOUNTING POLICIES**

**Basis of accounting**

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

**Consolidation**

In the opinion of the director, the company and its subsidiary undertakings comprise a small group. The company has therefore taken advantage of the exemption provided by Section 398 of the Companies Act 2006 not to prepare group accounts.

**Turnover**

The turnover shown in the profit and loss account represents the amounts invoiced and aggregate sales contracts entered into during the year exclusive of Value Added Tax.

**Stocks**

Development Land, work in progress and related costs are stated at the lower of cost and net realisable value. Cost is calculated as the land costs, stamp duty, acquisition costs, interest and all other costs related to the acquisition, holding and development of the land. Where net realisable is used it is based on the Directors' best assessment of the realisable value given the market conditions prevailing at the relevant time and their view of the medium term prospects.

Independent professional valuations were not obtained.

**Financial instruments**

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

**1. ACCOUNTING POLICIES** *(continued)*

**Going concern**

The directors recognise that the company's position has been weakened by the effects of the declining property market. CN Developments Limited holds a significant investment in GF Construction Limited. The carrying value of the investment in the ordinary shares of GF Construction Limited has been adjusted to reflect this economic downturn.

The company's bankers have formally renewed GF Construction Limited's facilities in July 2009, and at present the bank have given no indication to the directors that they will not continue to extend support to the company. The directors believe that in spite of the uncertain conditions in the market they have a reasonable expectation that the company will continue to trade for the next twelve months.

On this basis the directors consider it appropriate to prepare the accounts on a going concern basis. The accounts do not contain any adjustments that would result from failure to secure adequate financial resources.

**2. FIXED ASSETS**
