## AG Contracts Ltd

### Notes to the Abbreviated Accounts for the Year Ended 30 September 2014

#### 1 Accounting policies

##### Basis of preparation

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (Effective April 2008).

##### Turnover

Turnover represents amounts chargeable in respect of the sale of goods and services to customers.

##### Depreciation

Fixed assets are depreciated at a rate calculated to write the cost of the asset over its expected useful life.

Asset class	Depreciation method and rate
Fixtures and fittings	25% reducing balance
Motor vehicles	25% reducing balance

##### Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Where shares are issued, any component that creates a financial liability of the company is presented as a liability in the balance sheet. The corresponding dividends relating to the liability component are charged as interest expense in the profit and loss account.
