1. STATUTORY INFORMATION

Brackman Chopra LLP is registered in England and Wales. The LLP's registered number and registered office address can be found on the General Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the requirements of the Statement of Recommended Practice, Accounting by Limited Liability Partnerships. The financial statements have been prepared under the historical cost convention.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Fixtures and fittings	- 25% Straight Line
Computer equipment	- 25% Straight Line

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

Capital

The capital requirements of the partnership are determined from time to time by the members. Each member is required to subscribe a proportion of this capital. No interest is paid on capital.

Allocation of profits and drawings

The allocation of profits to those who were members during the financial year occurs on a periodic basis during the financial year with a final allocation being made following the finalisation of the annual financial statements. As permitted by the Limited Liability Partnership Regulations allocated profits may not necessarily represent all the profits arising in a particular financial year if the members considers it appropriate to retain profits or to allocate profits previously retained.

During the year members receive monthly drawings and, from time to time, additional profit distributions. The level and timing of the additional distributions are decided upon by the members, taking account of the partnerships cash requirements for operating and investment activities. The monthly drawings represent payments on account of current years profits and are reclaimable from members until profits have been allocated. Any over-distribution of profits during the year is also recoverable from members.

Pending the allocation of profits and their division between members, therefore, drawings are shown in debtors as "Amounts due from members". Unallocated profits are shown in "Members other interests".

3. EMPLOYEE INFORMATION

The average number of employees during the year was 9 (2016 - 5) .
