**Notes to the abbreviated financial statements
for the period ended 31 October 2010**

1. Accounting policies

1.1. Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008) and the Statement of Recommended Practice 'Accounting by Limited Liability Partnerships'

The financial statements have been prepared on a going concern basis. In assessing the limited liability partnership's ability to continue on this basis the members have considered a period of less than twelve months from the date of approval of the financial statements.

1.2. Turnover

Turnover represents the total invoice value, excluding value added tax, of sales made during the year

1.3. Tangible fixed assets and depreciation

Depreciation is provided at rates calculated to write off the cost or valuation less residual value of each asset over its expected useful life, as follows

**Fixtures, fittings
and equipment** - 25% straight line

1.4. Stock and work in progress

Work in progress is valued at the lower of cost and net realisable value

1. The first group of variables includes the variables that are used to identify the different types of firms. These variables are: size, age, industry, and location. The second group of variables includes the variables that are used to measure the performance of the firms. These variables are: profitability, growth, and innovation. The third group of variables includes the variables that are used to measure the financial health of the firms. These variables are: leverage, liquidity, and solvency. The fourth group of variables includes the variables that are used to measure the social performance of the firms. These variables are: employee satisfaction, environmental impact, and community involvement. The fifth group of variables includes the variables that are used to measure the overall success of the firms. These variables are: market share, customer loyalty, and brand reputation.
