1. Purpose of this document

I wrote to all creditors on 23 October 2013 to explain that Manches LLP had entered into Administration and that Zelf Hussain, Stuart Maddison and I had been appointed as Joint Administrators (the "Administrators") on 14 October 2013.

We were appointed as Administrators to manage the affairs, business and property of Manches LLP. We will act until such time as our proposals for achieving the purpose of administration have been agreed by creditors and implemented, following which the Administration will be ended

The purpose of administration is to achieve one of the following objectives: -

(a) Primarily, rescuing the company as a going concern, or failing that
(b) Achieving a better result for the company's creditors as a whole than would be likely if the company were wound up (without first being in Administration), or finally
(c) Realising property in order to make a distribution to one or more secured or preferential creditors.

For the reasons detailed in this document, objective (b) is being pursued as it was not reasonably practical to rescue the Manches LLP as a going concern. Details of the steps taken in pursuit of objective (b) are set out below, and were circulated to all creditors on 23 October 2013, pursuant to Statement of Insolvency Practice 16 ("SIP16").

This document and its appendices form the Administrators' statement of proposals for achieving the purpose of administration as required by Paragraph 49 Schedule B1 of the Insolvency Act 1986 ("Sch.B1 IA86").

As detailed in Section 2, we have formed the view that Manches LLP has insufficient property to enable a distribution to be made to unsecured creditors other than by virtue of the Prescribed Part as provided for by Section 176A IA86. Accordingly, by virtue of Paragraph 52(1) Sch.B1 IA86, a meeting of creditors is not being convened at this time. In accordance with Rule 2.33(5) of the Insolvency Rules 1986 ("IR86") our proposals will be deemed to have been approved by creditors unless a meeting of creditors is requisitioned in the prescribed manner by at least 10% in value of creditors within 8 business days of the date on which these proposals are circulated. We will write to creditors again after the expiry of this period to confirm the deemed approval of the proposals, or alternatively confirm that a meeting is to be held.

1. Purpose of this document

If you have any concerns or questions regarding the background to this case or what is being proposed, please do not hesitate to contact my colleague, Osman Khan on 020 7213 8145.

The joint administrators are licensed in the United Kingdom to act as insolvency practitioners by the Institute of Chartered Accountants in England and Wales.

The joint administrators are Data Controllers of personal data as defined by the Data Protection Act 1998 PricewaterhouseCoopers LLP will act as Data Processor on their instructions Personal data will be kept secure and processed only for matters relating to the administration

2. The Administrators' statement of proposals

a. Brief history and summary of the Administrators' actions to date

Background

Manches LLP was incorporated on 28 October 2003. It provided legal services to high net worth individuals and growing mid-market companies. Manches LLP had 46 members, a turnover of c.£27m and 226 employees. It operated from offices in London, Oxford and Reading, with a focus on the following areas of the law: Construction; Corporate; Employment; Family, Litigation; Property; Technology; Intellectual Property; and Trust Estate Planning.

The circumstances giving rise to the Administrators' appointment

Over the last few years Manches LLP suffered from a fall in turnover. The decline was further exacerbated in autumn 2012 by the departure of one of its high earning members. In light of the falling turnover Manches LLP took steps to reduce its cost base, however, this was not sufficient to offset the decline in revenue. Consequently, this had a severe impact on cash flow.

By the start of 2013, the strain on cash was increasingly evident as Manches LLP struggled to meet its obligations to HM Revenue & Customs ("HMRC") (for unpaid members' personal tax liabilities, VAT and other tax) as and when they fell due. In May 2013, an overdraft increase was agreed with its bankers to avoid a breach of its facility and enable it to continue to trade, in the short term, with a view to addressing its cash flow difficulties.

In an attempt to ease cash pressures, a time to pay arrangement was sought from HMRC with regard to unpaid members' tax liabilities which fell due on 31 July 2013. This proved unsuccessful as HMRC insisted on negotiating individual time to pay arrangements with the members as the liability was their personal responsibility.

The Solicitors Regulation Authority ("SRA") became aware of Manches LLP's position in summer 2013 and closely monitored its ability to meet obligations to clients. From this monitoring process the SRA established that in addition to its solvency issues, Manches LLP had failed to properly account for accrued interest, currently estimated at £165,000, on its client accounts.

The continued decline in revenue and high cost base resulted in Manches LLP being unable to settle its VAT liability, which fell due in August 2013, of £625,000 and left it at risk of enforcement action by HMRC.

By September 2013, Manches LLP's cash requirement for the month was forecast to exceed its overdraft facility. It became apparent that there was insufficient headroom to settle critical payments such as rent, member tax and the annual renewal of its Professional

2. The Administrators' statement of proposals

Indemnity Insurance ("PII") cover. Without mandatory PII cover (which was due to expire on 30 September 2013) Manches LLP would have been unable to continue to trade as a regulated entity. Extended PII cover for one month (until 31 October 2013) was eventually obtained enabling Manches LLP to continue to trade while a potential sale was explored.

Given Manches LLP's inability to meet its liabilities as they fell due, the members determined that Manches LLP was insolvent and they sought advice from independent professional advisors. Manches LLP now faced the prospect of intervention by the SRA to safeguard client interests and files.

Following discussions with the SRA, a discrete marketing process was undertaken. A potential purchaser was identified and initially explored a solvent merger, but given the extent of Manches LLP's financial difficulties it became clear that a sale of the business outside formal insolvency could not be achieved. The SRA indicated that it would not object to a sale from an insolvency process.

The joint administrators were satisfied that a sale, immediately following their appointment, of Manches LLP's business and a transfer of the employment contracts held in a subsidiary company, Manches Services Limited ("MSL"), was the only viable solution preserving value and preventing job losses. A lengthy post appointment sales process would have led to a diminution in value and probable SRA intervention.

On 14 October 2013 the High Court granted the application of the members for an order appointing David Baxendale, Zelf Hussain and Stuart Maddison of PwC as joint administrators of Manches LLP. The High Court also granted the application of the directors of MSL appointing David Baxendale, Zelf Hussain and Stuart Maddison as joint administrators of MSL.

On the same day, Manches LLP, acting by the Administrators, sold its business and certain assets, excluding book debts, to Penningtons Solicitors LLP (the "Purchaser") on a going concern basis. To facilitate the sale, the contracts of employment of all MSL's employees were transferred to Penningtons Services under the Transfer of Undertakings (Protection of Employment) Regulations 2006 ("TUPE") on the same day.

Manches LLP, acting by the Administrators, agreed that the Purchaser will act as a debt collection agent for the administration estate. A portion of net receipts from such debts are to be made available to settle the equity members' personal obligations and personal guarantees, with the remainder of funds intended to remain in the estate with other floating charge realisations, from which a Prescribed Part will be set aside. The precise amount of the Prescribed Part will not be known until all asset realisations are completed.

2. The Administrators' statement of proposals

Receipts and Payments account

A receipts and payments account covering the period 14 October 2013 to 15 November 2013 is included in Section 3.

Pre-Administration costs

PwC was instructed by Manches LLP, at the request of its bank, to:

1) comment on Manches LLP's short term cash flow forecast;
2) review Manches LLP's financial position; and
3) comment on the main options available to the bank in respect of its security and lending strategy.

Fees of £193,465 (plus VAT) were incurred by PwC in respect of pre-Administration costs before Manches LLP went into Administration, but with a view to it doing so.

Expenses of £199,506 (plus VAT) were also incurred, specifically legal fees and disbursements in advising Manches LLP during the summer of 2013, applying to Court for an Administration order and advising on and drafting the sale documents in respect of Manches LLP and MSL. £4,344 related specifically to MSL's administration application and will be settled out of Manches LLP funds, to be reimbursed in the event realisations are made for the benefit of MSL. Travel expenses of £59 (plus VAT) were incurred by PwC

A statement of the pre-Administration costs is set out at Appendix A.

The manner in which Manches LLP's affairs and business have been managed and financed

As disclosed in the SIP16 report, Manches LLP's business and assets, comprising work in progress (including any unbilled disbursements) and chattel assets were sold to the Purchaser for £500,001. Following the sale, the Purchaser changed its name to Penningtons Manches LLP.

Book debts were not included in the sale.

Any funds realised from book debts will firstly be used to settle outstanding billed professional disbursements, as defined in the SRA Accounts Rules 2011 (the "SRA Rules").

2. The Administrators' statement of proposals

The Purchaser was keen to ensure that the equity members of Manches LLP transferred to the Purchaser free from the risk of bankruptcy whether from enforcement by any of the members' personal capital loan providers, or the secured creditor enforcing any personal guarantees given to it by members. Accordingly, Manches LLP acting by the Administrators agreed that in return for the Purchaser acting as a debt collection agent for the administration estate, a waterfall mechanism will be used to apportion an amount of the net debt receipts to settle the equity members' personal obligations to member capital loan providers totalling c.£2.4m, and personal guarantees given to the bank totalling c.£1.5m.

Remaining book debt realisations will flow to the Administration estate to create a Prescribed Part in order to distribute to unsecured creditors.

The terms of this offer were agreeable to the secured creditor, Manches LLP's members, the Purchaser and the Administrators. The SRA confirmed it had no reason to object to the transaction on regulatory grounds.

In addition, all of the contracts of employment were transferred from MSL to Penningtons Services Limited under TUPE in order to facilitate the sale of Manches LLP's business and assets, excluding debtors, following Administration. The transfer has resulted in the preservation of 226 jobs and avoided potentially significant contingent preferential claims against MSL for pay in lieu of notice and redundancy pay.

Objective of the Administration

As explained above, it was not reasonably practicable to rescue Manches LLP as a going concern. Accordingly, objective (b), to achieve a better result for creditors as a whole than would be likely if Manches LLP were wound up (without first being in Administration), is being pursued.

Summary of legal and other professional firms

The Administrators have instructed the following professionals: -

Service provided	Name of firm / organisation	Reason selected	Basis of fees
Legal advice	CMS Cameron McKenna	Industry knowledge	Time costs
Solicitor Manager	Pinsent Masons LLP	Industry expertise	Time costs
Valuation advice	Hilco Valuations Services	Specialist knowledge	Fixed fee

The Administrators require all third party professionals to submit time costs analyses and narrative in support of invoices rendered when payment is on a time cost basis.

Jonathan Jeffries of Pinsent Masons LLP was instructed by the Administrators to act as Solicitor Manager, in accordance with the requirements of the SRA. The Solicitor Manager role has specific responsibility for ensuring that client monies, client matters, file management, client confidentiality and any other applicable matters in relation to Manches LLP are carried out in accordance with all rules and regulations, including the SRA Rules.

Dividend prospects

Secured creditors

Amounts due to the bank as secured creditor as at the date of the Administrators' appointment totalled c.£6.4m. It is likely that the secured creditor will suffer a substantial shortfall in its lending.

Preferential creditors

Manches LLP had no employees and therefore there are no preferential creditors.

Unsecured creditors

It is currently anticipated that dividends to unsecured creditors will be limited to distributions from the Prescribed Part that may arise. The method for calculating the Prescribed Part is set out below. Due to the potentially long period over which the book debt collection exercise will operate, it is too soon to forecast the likely amount of the Prescribed Part and the amount of any distribution.

Payments in respect of outstanding billed professional disbursements, as defined in the SRA Rules, and any billed disbursements relating to payment of stamp duty, will be made out of corresponding book debt realisations in accordance with Rule 17 of the SRA Rules.

Prescribed Part

The Prescribed Part (Section 176A IA86 and the Insolvency Act 1986 (Prescribed Part) Order 2003) applies where there are floating charge realisations, net of costs, to be set aside for unsecured creditors. For each company, this equates to:

- 50% of net property up to £10,000
- 20% of net property in excess of £10,000
- Subject to a maximum amount of £600,000

The Prescribed Part applies to Manches LLP as there are charges created and registered at Companies House following the Prescribed Part order coming into force on 15 September 2003. The amount of the Prescribed Part will be subject to future asset realisations and allowable costs.

The Administrators anticipate that there will be sufficient sums available for a distribution to the unsecured creditors under the Prescribed Part

Ending the Administration

The Administrators currently envisage that once the objective of the Administration has been achieved, Manches LLP will either be placed into creditors' voluntary liquidation. Alternatively, an application to Court will be made for permission for the Administrators to distribute the Prescribed Part to the unsecured creditors. If such permission is granted, following the distribution to unsecured creditors, the Administrators will file notice under Paragraph 84(1) Sch.B1 IA86 with the Registrar of Companies, following registration of which Manches LLP will be dissolved three months later. If permission is not granted the Administrators will place Manches LLP into creditors' voluntary liquidation or otherwise act in accordance with any order of the Court.

2. The Administrators' statement of proposals

b. Proposals for achieving the purpose of the Administration

The Administrators make the following proposals for achieving the purpose of administration.

i) The Administrators will continue to manage and finance Manches LLP's business, affairs and property from asset realisations or in such other manner as they consider expedient with a view to achieving a better result for Manches LLP's creditors as a whole than would be likely if Manches LLP were wound up (without first being in Administration).

ii) The Administrators may investigate and, if appropriate, pursue any claims that Manches LLP may have under the Companies Act 1985 or IA86 or otherwise. In addition, the Administrators shall do all such other things and generally exercise all their powers as Administrators as they in their discretion consider desirable in order to achieve the purpose of the Administration or to protect and preserve the assets of Manches LLP or to maximise their realisations or for any other purpose incidental to these proposals.

iii) If the Administrators think that funds will become available for unsecured creditors, the Administrators may at their discretion establish in principle the claims of unsecured creditors for adjudication by a subsequent liquidator and that the costs of so doing be met as a cost of the Administration as part of the Administrators' remuneration out of the prescribed part as costs associated with the prescribed part (where the Administrators think that funds will become available to the unsecured creditors by virtue of the prescribed part but not otherwise).

iv) If the Administrators think that funds will become available for unsecured creditors, the Administrators may at their discretion make an application to court for permission to make distributions to unsecured creditors under Paragraph 65(3) Sch.B1 IA86.

v) The Administrators may use any or a combination of "exit route" strategies in order to bring the Administration to an end, but in this particular instance the Administrators are likely to wish to pursue the following options as being the most cost effective and practical in the present circumstances: -

(a) At an appropriate time, the Administrators will place Manches LLP into creditors' voluntary liquidation. In these circumstances, it is proposed that David Baxendale and Zelf Hussain be appointed as Joint Liquidators and any act required or authorised to be done by the Joint Liquidators may be done by either or both of them. In accordance with Paragraph 83(7) Sch.B1 IA86 and Rule 2.117A(2)(b) IR86, creditors may nominate alternative liquidators, provided that the nomination is made before the proposals are approved,

(b) At an appropriate time, the Administrators will apply to the Court to allow the Administrators to distribute surplus funds, if any, to unsecured non-preferential creditors If such permission is given, the Administration will be brought to an end by

notice to the Registrar of Companies under Paragraph 84 Sch.B1 IA86, following registration of which Manches LLP will be dissolved three months later. If permission is not granted the Administrators will place Manches LLP into creditors' voluntary liquidation or otherwise act in accordance with any order of the court,

(c) If it transpires that there are insufficient funds with which to make a distribution to unsecured non-preferential creditors, once all of the assets have been realised and the Administrators have concluded all work within the Administration, the Administrators will file a notice under Paragraph 84(1) Sch.B1 IA86 with the Registrar of Companies, following registration of which Manches LLP will be dissolved three months later.

vi) In the circumstances of this case it will be for the secured creditors to approve the payment of the unpaid pre-Administration costs as expenses of the Administration.

vii) It is proposed that the Administrators' fees be fixed under Rule 2.106 of the Insolvency Rules 1986 by reference to the time properly given by the Administrators and the various grades of their staff according to their firm's usual charge out rates for work of this nature, and that disbursements for services provided by the Administrators' own firm (defined as Category 2 disbursements in Statement of Insolvency Practice No.9) be charged in accordance with the Administrators' firm's policy. As the Administrators have stated that they think that Manches LLP has insufficient property to enable a distribution to be made to non-preferential unsecured creditors other than by virtue of Section 176A IA86, and because there are no preferential creditors, it will be for the secured creditor to determine these instead.

An explanatory note giving creditors a statement of their rights in relation to the Administrators' remuneration and expenses, and their rights to request further information, can be found online at:
