THE INVICTA FILM PARTNERSHIP NO.20, LLP**NOTES TO THE FINANCIAL STATEMENTS****YEAR ENDED 5TH APRIL 2008****1. ACCOUNTING POLICIES****Basis of accounting**

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of financial instruments, and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007), and the requirements of the Statement of Recommended Practice 'Accounting by Limited Liability Partnerships' issued in March 2006 (SORP 2006).

Cash flow statement

The LLP qualifies as a small entity under the terms of section 247 of the Companies Act 1985 as modified by the Limited Liability Partnerships Regulations 2001. As a consequence it is exempt from the requirement to publish a cash flow statement.

Turnover

Turnover represents the finance element of the rental stream excluding Value Added Tax, which are allocated to accounting periods over the term of the lease to produce a constant rate of return.

The finance element is the amount by which the total of the expected rental stream exceeds the cost of the leased asset. A rate is applied to the amount invested in the lease, which makes the total return over the whole period of 15 years, equal to the total of the finance element of the rental stream.

Finance lease agreements

The LLP acts as a lessor. Under these leases, the LLP retains legal title to the assets but passes substantially all of the risks and rewards of ownership to the lessee, in return for a rental stream.

FRS 5 'Reporting the substance of transactions' requires the recognition of the capital element of all future rental payments in the balance sheet as a debtor at the amount of net investment in the lease less provision for any items such as bad and doubtful rentals receivable. It also requires the recognition of rental payments received to be apportioned between finance income, which is credited to the Profit and Loss Account, and the capital element, which reduces the debtor.

Prior to the adoption of FRS 5, the LLP recognised and treated the lease as though it retained substantially all the risks and rewards of ownership thereby capitalising the cost of the leased asset and amortising it over the term of the lease.

See Note 4 to the financial statements for the effect of the change in accounting policy.

THE INVICTA FILM PARTNERSHIP NO.20, LLP

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 5TH APRIL 2008

1. ACCOUNTING POLICIES *(continued)*

Members' participation rights

Members' participation rights are the rights of a member of the committee against the LLP that arise under the members' agreement (for example, in respect of amounts subscribed or otherwise contributed, remuneration and profits).

Members' participation rights in the earnings or assets of the LLP are analysed between those that are, from the LLP's perspective, either a financial liability or equity, in accordance with FRS 25 (IAS 32) Financial Instruments: Disclosure and Presentation and UITF abstract 39 Members' shares in co-operative entities and similar instruments. A member of the committee's participation right results in a liability unless the right to any payment is discretionary on the part of the LLP.

Amounts subscribed or otherwise contributed by members, for example members' capital, are classed as equity if the LLP has an unconditional right to refuse payment to members. If the LLP does not have such an unconditional right, such amounts are classified as liabilities.

Where profits are automatically divided as they arise, so the LLP does not have an unconditional right to refuse payment, the amounts arising that are due to members are in the nature of liabilities. They are therefore treated as an expense in the Profit and Loss Account in the relevant year. To the extent that they remain unpaid at the year end, they are shown as liabilities in the Balance Sheet.

Conversely, where profits are divided only after a decision by the LLP or its representative, so that the LLP has an unconditional right to refuse payment, such profits are classed as an appropriation of equity rather than as an expense. They are therefore shown as a residual amount available for discretionary division among members in the Profit and Loss Account and are equity appropriations in the Balance Sheet.

Other amounts applied to members, for example remuneration paid under an employment contract and interest on capital balances, are treated in the same way as all other divisions of profits, as described above, according to whether the LLP has, in each case, an unconditional right to refuse payment.

All amounts due to members that are classified as liabilities are presented in the Balance Sheet within 'Loans and other debts due to members' and are charged to the Profit and Loss Account within 'Members' remuneration charged as an expense'. Amounts due to members that are classified as equity are shown in the Balance Sheet within 'Members' other interests'.

4. PRIOR YEAR ADJUSTMENT

Certain balances in the financial statements have been restated for the year ended 5th April 2007 in relation to the following prior period adjustments.

The adoption of Financial Reporting Standard Number 5 - Reporting the Substance of a transaction has resulted in a change in accounting policy in respect of treatment of film leases. In order to comply with the UK GAAP, the members have adopted treatment for film leases as finance leases as noted in Note 1 to the financial statements.

This has resulted in a prior year adjustment to the results of the company. For year ended 5th April 2007, the change in accounting policy has resulted in a net increase in the profit for the year of £2,295,397.

The balance sheet at 5th April 2007 has been restated to reflect the:

- derecognition of the intangible asset of £55,320,548,
- reduction of deferred income of £63,758,508,
- reduction of the finance lease debtor of £10,061,298,
- reduction in the amounts due from members of £697,720 and
- reduction in the member's other interest of £2,321,058.

For the year ended 5th April 2008 the change in accounting policy has resulted in a net credit to the profit and loss account of £2,001,080. The balance sheet at 5th April 2008 includes amounts due from members of £8,214,257.

8. APB ETHICAL STANDARDS

In common with many other businesses of our size and nature we use our auditors to assist with the preparation of the financial statements.

9. RELATED PARTY TRANSACTIONS

In the opinion of the members there is no controlling party.

No transactions with related parties were undertaken such as are required to be disclosed under Financial Reporting Standard for smaller entities (effective January 2007).
