Notes to the Accounts
for the year ended 5 April 2011

1. Accounting policies

1.1. Accounting convention

The accounts are prepared under the historical cost convention modified when necessary to include the revaluation of certain fixed assets

1.2. Sales

Sales represents the total invoice value, excluding value added tax, of sales made during the year

1.3. Tangible fixed assets and depreciation

Depreciation is provided at rates calculated to write off the cost or valuation less residual value of each asset over its expected useful life, as follows

Fixtures, fittings and equipment	- 10% Reducing balance
Motor vehicles	- 25% Reducing balance

1.4. Leasing and hire purchase commitments

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce constant periodic rates of charge on the net obligations outstanding in each period.

1.5. Stock and work in progress

Stock and work in progress are valued at the lower of cost and net realisable value

2. Tangible assets
