### **APPENDIX 3**

LA BUSINESS RECOVERY LIMITED PUBLISHED CHARGE OUT RATES AND EXPENSES POLICY

### LA Business Recovery Limited's Published Charge Out Rates and Expenses Policy

### Time

Hourly charge-out rates are charged in 6 minute units. In the event that less than 6 minutes are spent, multiples will be rounded up.

The actual rate charged will depend upon the nature of each activity undertaken for the case and / or the person undertaking that activity. The firm's charge-out rates, which may increase from time to time during the course of the case, are currently as follows:

Grade	Hourly rate (charged in 6 minute units)
	£
Directors / Insolvency Practitioner (IP)	400-560
Managers / Senior Managers	300-375
Junior Administrators / Senior Administrators	150-275
Assistants & Support Staff	90-120

The upper end of these rates is usually sought in cases where specialist expertise is required.

In most cases the lower end will be charged by the IP. Cases are considered on a case by case basis and the IP will delegate wherever possible casework to Managers and Administrators in order to reduce time costs; however, the IP cannot delegate all administrative work. For example, approving and reviewing estate payments, considering case reviews, case compliance checks, ethical considerations, bribery considerations, considering specialist advice, drafting of progress reports, drafting specific letters, complying with pre-action protocol requirements.

The IP will seek to exercise discretion and general oversight when recording time and will always have due regard to the nature and complexity or simplicity of any appointment before deciding on the charge out level that is appropriate for the assignment..

### **Allocation of Time**

Time is allocated by function and the main categories or work will be covered by the following summary headings.

Work will include, consideration of incoming correspondence, composing outgoing correspondence, consideration and interaction with advisers concerning relevant law and practice; general strategy and specific strategic requirements; it is sometimes the case that not all time is allocated to work that directly benefits the creditors but are required by statute; work undertaken hereunder will always require consideration and review time to be allocated; time will be allocated against such headings such as Administration & Planning (incl. Cashiering); Realisation of Assets; Investigations; Creditors; Case Specific.

These summary headings are not exhaustive headings but seek to categorise the various elements of work we usually undertake. This schedule has been prepared for all types of insolvency cases for which Virgil H Levy takes office and certain summary headings may only be relevant to Liquidations, Voluntary Arrangements, Bankruptcies or Administrations. It is our aim to report to Creditors any significant changes to the time allocation at each reporting stage.

Summarily, these short headings indicate the work that may be likely to be required over the course of an insolvency assignment generally. Where fee resolutions are sought, the specific work and detailed explanations relevant to the assignment will be published together with fees estimates where time costs are sought.

In all cases, we will provide a narrative of the work either undertaken or to be undertaken but that narrative will be specific to the assignment. We will not provide a generic list of work that may or may not be undertaken.

### **Expense Policy**

Expenses incurred directly in connection with the administration of all cases are charged at the following rates:

Expense	Charge Policy
Business mileage	HMRC Non-Profit Rate (Presently 45p Per Mile)

Please note that the above charges and policies are subject to review.

### Category 1 disbursements (Direct Expenses)

These include but are not limited to such items as case advertising, bonding and other insurance premiums and properly reimbursed expenses incurred by personnel in connection with the case.

### Category 2 disbursements (Other Expenses)

Category 2 disbursements as defined by SIP9, are costs that are directly referable to the appointment in question but not a payment to an independent third party. These disbursements may include shared or allocated costs that can be allocated to the appointment on a proper reasonable basis.
