**Seven Underwriting LLP
Members' Report
For the year ended 31 December 2022**

The Members present their report together with the Financial Statements for the year ended 31 December 2022.

Statement of Members' Responsibilities

Legislation applicable to Limited Liability Partnerships requires the Members to prepare Financial Statements for each financial year which give a true and fair view of the state of affairs of the Partnership and of the profit or loss of the Partnership for that period.

In preparing those Financial Statements, the Members are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departure disclosed and explained in the Financial Statements; and
- prepare the Financial Statements on the going concern basis unless it is inappropriate to presume that the Partnership will continue in business.

The Members are responsible for ensuring that proper and up to date books of account are maintained in accordance with generally accepted accounting principles, and disclose with reasonable accuracy at any time the financial position of the Partnership and enable them to ensure that the Financial Statements comply with the Limited Liability Partnership Regulations. They are also responsible for safeguarding the assets of the Partnership and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Activities

The principal activity of the Limited Liability Partnership in the year under review was that of a ceased limited liability underwriting member of Lloyd's. The Limited Liability Partnership ceased underwriting at 31 December 2013. The Members do not consider the Limited Liability Partnership to be a going concern and the financial statements have been prepared on a break up basis.

Business Review

The Limited Liability Partnership ("the LLP") has ceased to write insurance business in the Lloyd's insurance market as a limited liability underwriting Member of Lloyd's.

Results

The result for the year is shown in the statement of comprehensive income.

Designated Members

The Designated Members during the period were as follows:

Argenta Continuity Limited
Argenta LLP Services Limited

Members' Interests

The net profit of the Limited Liability Partnership for the financial year is allocated to each Member in accordance with their respective profit shares for the relevant year(s) of account.

The net loss of the Limited Liability Partnership for the financial year is allocated to each Member in accordance with their respective yearly shares for the relevant year(s) of account.

Approved by the Members on and signed on their behalf by:

Seven Underwriting LLP

Notes to the Financial Statements

For the year ended 31 December 2022

General information

The Partnership is a Limited Liability Partnership incorporated in England, United Kingdom.

The Financial Statements have been presented in pounds sterling ("sterling") as this is the Limited Liability Partnership's functional currency, being the primary economic environment in which the Limited Liability Partnership operates.

Basis of preparation

These Financial Statements have been prepared in accordance with:

- FRS 102 *The Financial Reporting Standard Applicable in the UK and Republic of Ireland* ("FRS 102");
- The requirements of the Statement of Recommended Practice *Accounting by Limited Liability Partnerships* ("LLP SORP"); and
- Applicable legislation, as set out in the Companies Act 2006 and The Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008 ("SI 2008/410") as modified by the Large and Medium-sized Limited Liability Partnerships (Accounts) Regulations 2008 ("SI 2008/1913").

Accounting policies

i. Going concern

The Members do not consider the Limited Liability Partnership (LLP) to be a going concern as the LLP has sold or returned all the capacity and will not be underwriting on any new years of account going forward. Accordingly the Financial Statements have been prepared on a break up basis.

ii. Financial instruments

The Limited Liability Partnership has chosen to apply the provisions of Section 11 *Basic Financial Instruments*.

The Limited Liability Partnership holds basic financial instruments. The Limited Liability Partnership's financial instruments comprise of cash and cash equivalents, trade and other debtors and trade and other creditors.

Financial assets and liabilities are recognised when the Limited Liability Partnership becomes party to the contractual provisions of the financial instrument.

Basic financial instruments are initially recognised at the transaction price, including any transaction costs, and are subsequently measured at amortised cost using the effective interest method, less any provision for impairment in the case of financial assets. Amounts that are receivable/payable within one year are measured at the undiscounted amount of the cash expected to be received/settled.

At the end of each reporting year, the Limited Liability Partnership assesses whether there is objective evidence that any financial asset may be impaired. A provision for impairment is established when there is objective evidence that the Limited Liability Partnership will not be able to collect all amounts due according to the original terms of the receivables. The amount of the provision is the difference between the asset's carrying amount and the present value of the estimated future cash flows, discounted at the effective interest rate. The amount of the provision is recognised immediately in profit or loss.

Interest income is recognised as it accrues using the effective interest method in the statement of comprehensive income.

Dividend income receivable is recognised when the rights to receive the distributions have been established.

iii. Foreign currencies

Transactions in United States dollars, Canadian dollars and euros are translated at the rates of exchange ruling at the date the transaction is processed or at an appropriate average rate. Unless otherwise stated, transactions in currencies other than United States dollars, Canadian dollars and euros are translated at the rate of exchange ruling at the date the transaction is processed. Monetary assets and liabilities are retranslated into sterling at the rate of exchange at the reporting date. Non-monetary assets and liabilities at the balance sheet date are maintained at the rate of exchange ruling when the contract was entered into.

Notes to the Financial Statements
For the year ended 31 December 2022

Accounting policies (continued)

iv. Members' participation rights and remuneration

Members' participation rights are the rights of a Member against the Limited Liability Partnership that arise under the Members' Agreement.

Members' participation rights in the earnings or assets of the Limited Liability Partnership are analysed between those that are, from the Limited Liability Partnership's perspective, either a financial liability or equity, in accordance with Section 22 *Liabilities and Equity*. A Member's participation right results in a liability where there is a contractual obligation on the part of the Limited Liability Partnership to deliver cash, or other financial assets, to the Member.

Amounts subscribed or otherwise contributed by Members, for instance Members' capital, are classified as equity where the Limited Liability Partnership has an unconditional right to avoid delivering cash or other assets to the Member (i.e. the right to any payment or repayment is discretionary on the part of the Limited Liability Partnership). If the Limited Liability Partnership does not have such an unconditional right, such amounts are classified as liabilities.

The net profit of the Limited Liability Partnership for the financial year is allocated to each Member in accordance with their respective profit shares for the relevant year(s) of account.

The net loss of the Limited Liability Partnership for the financial year is allocated to each Member in accordance with their respective year(s) shares for the relevant year(s) of account.

Loans and other debts due to Members rank *pari passu* with other unsecured creditors on the winding up of a partnership.

The key management personnel of the Limited Liability Partnership are considered to be the Members. The Members are not employees of the Limited Liability Partnership, and consequently the total remuneration of the Members' consists of the allocated profit/(loss) for the year.

v. Taxation

Income tax payable on the Limited Liability Partnership's profits is solely the personal liability of the Members and consequently is not dealt with in these Financial Statements.

vi. Critical accounting judgements and key sources of estimation uncertainty

In applying the Limited Liability Partnership's accounting policies, the Members are required to make judgements, estimates and assumptions in determining the carrying amounts of assets and liabilities. The Members' judgements, estimates and assumptions are based on the best and most reliable evidence available at the time when the decisions are made, and are based on historical experience and other factors that are considered to be applicable. Due to the inherent subjectivity involved in making such judgements, estimates and assumptions, the actual results and outcomes may differ. The estimates and underlying assumptions are reviewed on an ongoing basis.

The critical judgements that the Members have made in the process of applying the Limited Liability Partnership's accounting policies and that have the most significant effect on the amounts recognised in the statutory Financial Statements are discussed below.

Assessing indicators of impairment

In assessing whether there have been any indicators of impairment of assets, the Members have considered both external and internal sources of information such as market conditions, counterparty credit ratings and experience of recoverability. There have been no indicators of impairments identified during the current financial year.

Key sources of estimation uncertainty

The key source of estimation uncertainty that has a risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year is the recoverability of receivables.

The Limited Liability Partnership establishes a provision for receivables that are estimated not to be recoverable. When assessing recoverability the Members consider factors such as the aging of the receivables, past experience of recoverability, and the credit profile of individual or groups of customers.
