#### **Turnover**

Fee income represents the fair value of services provided during the year on client assignments. Fair value represents the amounts expected to be recoverable from clients based on time spent, skills provided and expenses incurred, and excludes VAT.

Income is recognised as contract activity progresses and the right to consideration is secured, except where the final outcome cannot be assessed with reasonable certainty. Income in respect of contingent fee assignments is recognised in the period when the contingent event occurs and collectability of the fee is assured.

Unbilled income on individual client assignments is included as amounts recoverable on contracts within debtors

#### Depreciation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows

Office equipment

20% of cost per annum

Fixtures and fittings

15% of written down value per annum

#### **Operating leases**

Rentals payable under operating leases are charged in the profit and loss account on a straight line basis over the lease term

#### Members' remuneration

A member's share of the profit or loss for the year is accounted for as an allocation of profits. Unallocated profits and losses are included within 'other reserves'

## Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the LLP after deducting all of its liabilities.
